## **Ngage signs Westfield agreement**

20 July 2005

IC2 Global Limited is pleased to announce that its associate Ngage Pty Ltd has entered into a licence agreement on its first shopping centre mall and is expected to commence operations during next week.

The first location is Westfield Chatswood, where Ngage will establish a showcase for its planned 37 mall rollout of a digital screen network throughout Westfield shopping malls. The network will provide national advertisers will access, at the point of sale, to Westfield's 8 million weekly consumer traffic.

Over thirty (30) national advertisers will participate in the launch of what Ngage believes will become an essential component of many national brands annual marketing budgets. Such brands spend approximately \$10 billion dollars a year in Australia on television advertising, attempting to reach an increasingly distracted and fractured consumer market. As a result, advertisers are looking for more efficient, accountable and focused means of directing consumer spending and moving budgets away from traditional media to more direct marketing products. Recent reductions in the cost of plasma screens and other infrastructure components has opened the way to providing a cost effective means of reaching consumers at the point of sale.

IC2 expects Ngage to finalise its documentation shortly on the balance of Westfield malls. It is planning a rollout of twenty (20) malls during 2005, with the balance installed from the start of 2006. Revenues for 2005-06 are budgeted to be \$4 million and are expected to exceed \$30 million per year by the end of the initial eight year term of each licencing agreement with Westfield.

The expected capital cost of the project is \$12.5 million and Ngage is in the process of finalising its mix of lease finance, long term borrowings and equity.

IC2 has invested \$943,000 in Ngage to date and has the right to acquire up to forty percent (40%) of Ngage's equity. Advances to date have been made by way of secured loan.

IC2 believes that Ngage represents a unique opportunity for a ground floor investment in one of the key growth media assets. It also believes that Ngage will provide an additional source of growth potential for its portfolio of community communications investments.

### A-IFRS Transitional Issues

Summary Income Statement – Transitional Period

Summary Balance Sheet – Transitional Period

# Introduction

- The Westfield Group will report under Australian equivalents of International Financial Reporting Standards ("A-IFRS") for the first time for the half year results to 30 June 2005. This will include restating the reported A GAAP financial statements for the half year period to 31 December 2004 to A-IFRS.
- The application of A-IFRS does not impact the Westfield Group's:
  1. Business strategy and underlying business operations;
  2. Net cash flows;
  3. Debt obligation calculations in a material way; and
  4. Current distribution forecasts.

# Introduction

- The adoption of A-IFRS may cause increased income statement and balance sheet volatility primarily from:
  - property revaluations;
  - mark to market of derivatives that do not qualify for hedge accounting; and
  - deferred taxes.

# Key Differences Impacting Accounts

- The key differences between reported A GAAP and A-IFRS that impact the Westfield Group financial statements include:
  - Revaluation of property investments, through the income statement.
  - Mark to market of derivatives that do not qualify for hedge accounting, through the income statement.
  - Provision for potential taxes that may be payable by taxable entities in the Westfield Group on sale of investment property and for income tax on mark to market gains, however it should be noted that the Group is a long term holder of property investments and therefore these taxes are unlikely to be crystallised.
  - Amortisation of tenant allowances over the life of the lease, through the income statement.
  - Reclassification of certain minority interests as debt and related distributions as interest expense.
  - Mark to market of conversion value of convertible notes/ preference shares, through the income statement.
  - Head lease commitments are included on balance sheet as assets and liabilities.

# Conclusion

1. There is no impact on the Group's distribution as all A-IFRS adjustments are non cash.
2. The impact on recorded earnings of the non qualifying hedges does not affect the Westfield's Group treasury policy of managing the economic and cash flow risk associated with interest rate and currency movements.
3. There is no material impact to debt covenant calculations.
4. The only significant change to the balance sheet is deferred tax that is recorded on the assumption that the Westfield Group's assets are sold at balance date, however, these amounts are unlikely to be crystallised.
5. The reduction in NTA at 31 December 2004 is primarily due to the recognition of deferred capital gains tax.

- A-IFRS Accounting

- Balance Sheet – detailed explanation of A-IFRS adjustments
- Cash Flow Statement – detailed explanation of A-IFRS adjustments
- Derivatives – Interest Rate Hedging
- Derivatives – Balance Sheet and Currency Hedging

# A-IFRS Accounting

## 1. First time adoption of Australian Equivalents to International Financial Reporting Standards (AASB 1)

- 1 July 2004 is the opening A-IFRS balance date for the Group
- Brought forward A-IFRS adjustments are booked to retained earnings at 1 July 2004
- Subsequent A-IFRS adjustments are recorded in the income statement for the 6 months ended 31 December 2004
- This presentation assumes the early adoption of AASB 132 and 139 (the required application date is 1 January 2005, optional application date is 1 July 2004)
  - These standards address hedge accounting and the debt or equity classification of financial instruments eg. trust units, preference shares/ units and convertible notes
  - The restatement of the 31 December 2004 results in this presentation assumes:
    - i) The mark to market of non qualifying hedges
    - ii) The reclassification from equity to debt and mark to market of convertible preference shares
    - iii) The trust units in Westfield Trust ("WT"), Westfield America Trust ("WAT"), and Carindale Property Trust ("Carindale") remain classified as equity

# A-IFRS Accounting (cont)

## 1. First time adoption of Australian Equivalents to International Financial Reporting Standards (AASB 1) (cont)

- There are currently ongoing discussions with regulatory bodies as to whether AASB 132 and AASB 139 can be early adopted whilst maintaining the equity classification of the WT, WAT and Carindale units.
- If agreement cannot be reached, Westfield will not early adopt AASB 132 and 139 but will apply these standards from 1 January 2005 (required application date).
- Under this scenario when the 30 June 2005 results are released, the December 2004 comparatives will exclude i) and ii) noted above and will maintain the equity treatment for the trust units in WT, WAT and Carindale.

# A-IFRS Accounting (cont)

## 2. Investment Property (AASB 140)

### a) Revaluations

- Revaluations are no longer recorded through the asset revaluation reserve and the brought forward balance of the asset revaluation reserve at 1 July 2004 is transferred to retained earnings.
- A-IFRS requires revaluations to be recorded in the income statement - this has been included as property income.
- The property portfolio will continue to be independently revalued annually.
- The property revaluations will also give rise to a deferred tax liability for the Westfield Group taxable entities which is included in tax expense (see 4. below).

### b) Head Leases

- Head leases on investment property are treated as finance leases. An asset and liability is recorded using the net present value of the minimum lease payments. This results in a gross up of the assets and liabilities of the Group.
- Interest expense with respect to the lease liability is reclassified from expenses (head lease payments) to interest.
- Head leases for equity accounted entities eg. UK investment properties have no impact on the Westfield Group's balance sheet.

# A-IFRS Accounting (cont)

## 3. Financial Instruments Recognition and Measurement (AASB 139)

- The Westfield Group has a comprehensive hedging program that is used to manage the economic impact of interest and exchange rate risk.
- Derivatives are not entered into for speculative purposes and the interest and exchange rate hedging is implemented in accordance with the Board approved treasury policy.
- A-IFRS has introduced additional documentation, designation and effectiveness requirements in order for derivatives to qualify for hedge accounting. The cumulative cash flow and income statement impact are the same irrespective of whether the derivative qualifies for hedge accounting.
- Westfield's treasury transactions are undertaken to achieve economic outcomes in line with its treasury policy. The A-IFRS documentation, designation and effectiveness requirements cannot be met in many circumstances. For example, a number of the Group's treasury transactions are managed on a pooled basis and therefore not individually designated for accounting purposes.
- If a hedge qualifies for hedge accounting then the hedge is accounted for when the underlying transaction that it is designated to is completed (i.e. there is no change in accounting compared to reported A GAAP). If a hedge does not qualify for hedge accounting, the hedge is marked to market, with the gains or losses recorded in the income statement in each accounting period.

# A-IFRS Accounting (cont)

## 3. Financial Instruments Recognition and Measurement (cont)

### a) *Currency Hedging*

- Forward exchange contracts do not qualify for hedge accounting. Hedge accounting cannot be applied to derivatives entered into to hedge the foreign exchange exposure relating to revenues denominated in a foreign operation's local currency. This includes forward contracts on foreign currency income.
- Forward exchange contracts will be recorded at fair value on the balance sheet with movements in fair value recognised in the income statement as other income.

### b) *Interest Rate Hedging*

- The interest on fixed rate loans continues to be effective for hedge accounting purposes.
- The current portfolio of interest rate swaps (including the interest rate swaps hedging the interest exposure on the cross currency swaps) do not qualify for hedge accounting and are recorded at fair value on the balance sheet with movements in fair value being recognised in the income statement as interest expense.

### c) *Balance Sheet Hedging*

- Cross currency swaps used to hedge investments in the United States, New Zealand and the United Kingdom qualify for hedge accounting.

# A-IFRS Accounting (cont)

## 4. Income Taxes (AASB 112)

- AASB 112 only applies to taxable entities of the Group. WT is the major property owning entity in the Group which is not a taxable entity.
- Under A-IFRS deferred tax expense is recognised based on the differences between the tax cost base and the book values of the assets and liabilities.
- The impact of adopting A-IFRS is that tax expense is recorded after reflecting the tax impact on current year revaluations and tax depreciation on the Group's investment property that is held through taxable entities.
- Tax expense will also be recorded on the mark to market of derivatives that do not qualify for hedge accounting as they relate to taxable entities.
- The tax rate depends on the tax rate applied in the relevant jurisdiction and applicable to the taxable entity. For example US investment properties held by Westfield America, Inc. ("WEA") are tax effected at the withholding tax rate of 15% (payable on the distribution from WEA to WAT), investment properties held in the UK owned by WHL are tax effected at the corporate rate of 30%.

# A-IFRS Accounting (cont)

## 5. Business Combinations (AASB 3) - Acquisition Accounting

- A-IFRS acquisition accounting is broadly consistent with reported A GAAP (the assets and liabilities of the acquired entity are recorded at fair value) except for the treatment of deferred tax.
- A-IFRS requires deferred tax using the balance sheet liability method to be recorded on acquisition of assets with built in taxable gains. For example the A-IFRS acquisition accounting for Duellguide includes the recognition of deferred tax of \$460 million.
- This may reduce the accounting fair value of the acquired assets and liabilities below the purchase price.
- Any difference between the purchase price and the A-IFRS fair value is charged to the income statement.

# A-IFRS Accounting (cont)

## 6. Financial Instruments: Disclosure and Presentation (AASB 132)

### a) Trust Units

- Units in fixed life trusts and/or where there is an unavoidable requirement to distribute income are considered debt under A-IFRS. This would result in the equity of the trust being reclassified to debt and the distributions being reclassified to interest expense.
- WAT and WT have had their constitutions amended following the unit holder vote on 12 May 2005 to remove the finite maximum term. Carindale has also had its constitution amended. This allows the unit holders' funds of the trusts to remain classified as equity.

### b) Redeemable Preference Shares/Units and Convertible Notes

- Financial instruments with a minimum distribution entitlement and/or where there is an option to cash out (at either the discretion of the holder or the issuer) are classified as debt. The debt is recorded at fair value with any adjustment reflected through interest expense.
- Distributions on redeemable preference shares have been reclassified to interest expense.
- The impact on the Westfield Group is that minority interests in the United States have been reclassified to debt and their income entitlements reclassified to interest expense.

# A-IFRS Accounting (cont)

## 6) Redeemable Preference Shares/Units and Convertible Notes (cont)

- Under A-IFRS the only minority interest remaining will be in relation to Carindale
- All financial instruments that convert to WDC securities whether or not settled in cash are recorded as a financial liability stated at fair value. Fair value is based on the conversion value at balance date.

## 7. Leases (UIG 115 and AASB 117)

### a) Tenant Allowances

- All tenant allowances under A-IFRS are deferred and amortised against rental income over the life of the lease.
- Average life of specialty leases is 5-7 years for Australia and New Zealand, 7-10 years for the United States and 15-20 years for the United Kingdom. Major tenant leases for Australia, New Zealand and the United Kingdom are analysed on a lease by lease basis.
- Tenant allowances prior to the Merger have been included as part of acquisition accounting for WT and WAT.

# A-IFRS Accounting (cont)

## 7. Leases (cont)

### b) Tenant Leases

- There is no change in accounting to reported A GAAP
- Leases with fixed rent step ups are required to be straight lined under A-IFRS
- For the United States, this accounting treatment had been applied under reported A GAAP
- For the remainder of the Group's property portfolio, increases are based primarily on CPI or market reviews with minimal fixed rental step ups and therefore no change in accounting compared to reported A GAAP.

## 8. Consolidation – Special Purpose Entities (AASB 112)

- The Group's Executive Option Plan Trust is required to be consolidated.
- This has the effect of reducing the net assets by approx \$60 million and reduced the reported number of securities on issue by 5.9 million stapled securities.

# A-IFRS Accounting (cont)

## 9. Share Based Payments (AASB 2)

- All executive share based compensation programs are measured at fair value.
- Employee share options that existed before the Merger (2 July 2004) are measured at fair value and amortised as an expense over the period from the grant date to the vesting date. The impact is not material.
- There are no new employee share option schemes since the Merger.
- All deferred incentive programs are expensed in the income statement.

## 10. Equity Accounted Entities – Accounting Policies

- The equity accounted entities have adopted the same A-IFRS accounting policies as the Westfield Group and the differences noted in 1-9 above are applied as appropriate.

# APPENDIX 2

- A-IFRS Transitional Issues
- Summary Income Statement – Transitional Period
- Summary Balance Sheet – Transitional Period

# A-IFRS Transitional Issues

1. As a result of the amendments to the constitution of WAT and WT on 12 May 2005, Trust equity can now continue to be reflected as equity for the six months to 30 June 2005.
2. If the Westfield Group elects to early adopt the standards on hedge accounting and debt or equity classification (the optional application date is 1 July 2004, the required application date is 1 January 2005), the current view from ASIC is that the Trust equity would have to be reflected as debt for the comparative period to 31 December 2004 i.e. for the accounting period prior to that in which the constitutions were amended.
3. In order to avoid having to reflect Trust equity as debt in the comparative period, it is likely that Westfield will not elect to early adopt these two statements.
4. The non election to be an early adopter will however remove from the Income Statement and Balance Sheet the A-IFRS impact of mark to market of non qualifying derivatives and of debt instruments and the reclassification of minority interests to debt, but will allow the Trust units to be reflected as equity.
5. In order for the upcoming results for the 6 months to 30 June 2005 to be compared on a like for like basis with the comparative figures for the 6 months to 31 December 2004, we have provided the illustrative Income Statement and Balance Sheet as shown on slides 6 and 7 which reflects Trust units as equity and also the mark to market of non qualifying derivatives and of debt instruments and the reclassification of minority interests to debt.
6. If no relief is obtained from ASIC on the classification of Trust units as equity in the comparative period, it is likely that we will choose not to early adopt AASB 132 and 139. The Income Statement and Balance Sheet under this scenario are presented in slides 33 and 34.

## WESTFIELD GROUP RAISES A\$2.35 BILLION IN EUROBOND MARKET

The Westfield Group (ASX: WDC) overnight priced its inaugural debt issue in the Eurobond market comprising:

- €600,000,000 7-year fixed rate guaranteed notes at a spread of 60 basis points over mid-swaps with a coupon of 3.625%; and
- £600,000,000 12-year fixed rate guaranteed notes at a spread of 110 basis points over UK Gilts with a coupon of 5.50%.

The notes have been assigned long-term credit ratings of 'A2' by Moody's Investors Service, Inc. and 'A-' by Standard & Poor's Rating Services a division of the McGraw-Hill Companies, Inc.

The notes are expected to be listed on the London Stock Exchange and the Irish Stock Exchange on or about 28 June 2005.

Proceeds from the issue will be used for general corporate purposes including the repayment of existing unsecured borrowings of the Group.

Westfield Managing Director, Mr Peter Lowy, said: "We are pleased with the strong support from both UK and European investors in the Westfield Group's first debt issue in this market.

"As a consequence of this transaction, the Group has further diversified its funding sources in line with its recent expansion in the United Kingdom and has also extended its overall debt maturity profile," he said.

"This issue builds on the Group's access to international debt markets and provides a benchmark for future capital raisings in this market."

The lead managers on the transaction were ABN AMRO, Barclays Capital, BNP Paribas and Deutsche Bank with Credit Suisse First Boston, HSBC Bank plc, Morgan Stanley and The Royal Bank of Scotland acting as co-managers.

## WESTFIELD GROUP EXPANDS PORTFOLIO IN NEW YORK

The Westfield Group (ASX: WDC) today announced it has agreed to acquire a 100% interest in the Sunrise Mall in Massapequa, New York for US\$143 million (A\$189 million) of which approximately US\$55 million (A\$73 million) will constitute new Westfield America operating partnership units. The centre is being acquired at a yield of 7.9%. The completion of the purchase is expected to occur early in the second half of 2005.

The mall is a two-level, 1.246 million square foot (115,000 square metres) super regional shopping centre anchored by Sears, Macy's, JCPenney and Wal-Mart, with 128 in-line specialty stores. Total sales for 2004 were approximately US\$240 million with specialty store sales productivity at approximately US\$338 per square foot.

Sunrise has a trade area of more than 1.4 million people with average household incomes of US\$86,600.

Westfield has six shopping centres in the New York/New Jersey/Connecticut tri-state market. These centres are South Shore in Bayshore, New York; Garden State Plaza in Paramus, New Jersey; and in Connecticut the centres are Enfield, Meriden, Trumbull and Connecticut Post in Milford. Sunrise Mall will be branded Westfield Sunrise, and represents the seventh Westfield centre in the tri-state market.

"We are pleased to increase our investment in the New York market area," said Managing Director Peter Lowy. "Sunrise offers both short and long-term redevelopment opportunities and is a very good geographic fit with existing assets in the region."

Dear Sir/Madam

**RE: WESTFIELD GROUP (ASX:WDC): FOREIGN CURRENCY HEDGING UPDATE**

The Westfield Group (ASX:WDC) has today finalised a foreign currency hedging arrangement ("collar") over approximately US\$4.0 billion of the Group's borrowings.

As noted at the time of the merger the Group put in place cross currency swaps, the effect of which was to increase US dollar debt and reduce Australian dollar debt. As a result the value of the Group's US dollar borrowings and cross currency swaps closely equated to the value of the Group's US dollar property assets and created a balance sheet hedge against movements in exchange rates.

Any movement in asset values as a result of exchange rate fluctuations remains unrealised unless assets are sold. However, cross currency swaps will impact upon the Group's cashflow on rollover or maturity of the swap.

In order to manage the cashflow impact of maturing cross currency swaps the Group has now entered into put and call options ("collar") over US\$4 billion of the Group's borrowings. The "collar" matures in the six month period ending 31 December 2006 and has an average exchange rate upper limit of AUD = USD 0.7950 and an average exchange rate lower limit of AUD = USD 0.7230.

This hedging arrangement has been achieved at "zero cost" and is not expected to have any impact on the Group's forecast distribution for the 12 months ending 31 December 2005.

Yours faithfully  
**WESTFIELD GROUP**

## PART 1 – THE COMPLIANCE PLAN

### *Application of the Compliance Plan*

- 1.1 This Compliance Plan applies to each of the following Schemes as if it was the individual compliance plan for each of those Schemes:

- 1.2 Subject to the Corporations Act, all the provisions of the Compliance Plan apply to a particular Scheme until Westfield determines otherwise.
- 1.3 Subject to the Corporations Act, Westfield may determine that the Compliance Plan applies to a further scheme, or ceases to apply to a Scheme. If Westfield makes such a determination, it must amend section 1.1 accordingly and notify the Compliance Committee.

## Addressing specific questions raised by certain investors and commentators

Since receiving an unsolicited merger proposal from Lend Lease just over a year ago, GPT's independent directors and management team have been focused at all times on working for the interests of unitholders as a whole.

In the course of briefing our owners, we have addressed a number of questions concerning the information provided in the Explanatory Memorandum released to unitholders on 2 May 2005. In order to provide a comprehensive summary of the issues raised, key points are included below.

### 1. Why higher growth is desirable

In recent years, GPT has consciously sought to broaden its scope to address investor feedback that GPT needed to generate higher growth while maintaining an appropriate risk profile. As a result, GPT has diversified into investments in bulky good centres (Homemaker portfolio), hotels and master planned urban communities over the period since 2001 and is now proposing the Internalisation accompanied by the Joint Venture and Asset Sales.

As you are aware, GPT has had ongoing, frequent consultation with investors, in the period since the LLC merger proposal failed to gain GPT unitholder support. This revealed a clear consensus that enhanced growth (as well as internalisation) was a requirement for any counter proposal.

In addition, investors will recall that GPT has recently been subject to an undervalued, unsolicited takeover offer by Stockland and the Independent Directors believed it was critical to put forward a proposal that would make GPT competitive within the LPT sector on an ongoing basis and end the climate of uncertainty surrounding GPT without preventing any development of future takeover bids at appropriate values and with risk profiles commensurate with GPT's investment philosophy.

The Internalisation Proposal as a whole is estimated to create \$880m of value for unitholders in the short term, the vast majority of which is attributed to the Joint Venture and Asset Sales<sup>1</sup>. It also provides GPT with a platform from which to increase significantly the rate of growth in earnings and distributions whilst preserving GPT traditional strengths and its essential character as a vehicle at the lower end of the risk spectrum for LPTs.

### 2. Appropriate risk management mechanisms have been incorporated

While GPT has been focused on establishing a new growth platform, GPT has been equally concerned to implement appropriate risk management measures. Those measures include the following:

- the majority of the investments of the Joint Venture will be in defensive, income-producing assets (typically backed by long-term leases to creditworthy tenants), or in low volatility assets with upside potential (such as the German residential apartments with long tenant histories);
- investments must be capable of being held for up to 10 years;
- debt-funding of the Joint Venture investments will be long-term and non-recourse, appropriately hedged against interest rate and currency fluctuation;
- GPT's investment in the Joint Venture will be capped at 15% of GPT's total assets;
- GPT's investment in the Joint Venture is predominantly based around the \$700 million investment in 9% return preferred capital which ranks ahead of the Joint Venture's ordinary capital; and
- GPT will have final veto rights over any investments proposed to the Joint Venture.

### 3. Why the Joint Venture terms strike a reasonable balance

GPT rejects any suggestion that the Joint Venture terms are unfair to GPT or unduly generous to Babcock and Brown ("B&B"). GPT went to great lengths in negotiating a necessarily robust and detailed joint venture with B&B so as to create an appropriate balance between the risk/return position deemed desirable by GPT and the need to ensure that significant incentives were in place for B&B to deliver an appropriate quality and quantity of opportunities to the joint venture from its global real estate platform.

<sup>1</sup> Implied value creation based on internalisation uplift of 13 cents per GPT unit and joint venture/asset sales uplift of 31 cents per GPT unit being the mid-point of the ranges determined by the independent expert, Grant Samuel & Associates, report dated 2 May 2005.

Our solution requires B&B to commit \$100m of equity capital to a joint venture rather than act as a traditional external fund manager earning base management and performance fees.

B&B's disproportionate ordinary equity interest (equivalent to a one-off 17% goodwill factor) in the joint venture has attracted attention. Again the appropriate equity investment was the subject of careful consideration by the Independent Directors, GPT management and their advisors. In summary it recognises and compensates B&B for:

- providing GPT with a 5 month option over the initial portfolio of c.\$1.4 billion of assets
- agreeing to sell assets to the joint venture at a \$35m discount to independent assessed valuation
- providing a first right to the joint venture to provide equity capital for any property acquisition identified by B&B across the globe, where B&B is raising third party Australian capital from listed or wholesale investors
- access to B&B's real estate expertise and deal sourcing capability around the world – without any obligation to contribute to the overheads of that business
- providing world class expertise in structuring and financing real estate transactions which enhance the joint venture's investments by mitigating risks and/or improving returns
- underwriting the delivery of an acquisition pipeline which is intended to see the joint venture fully invested by 31 December 2006 and generate an uplift in distributions of 1.0cpu in CY2005 and 2.75cpu in CY2006

After working closely with the B&B team for over six months, we are confident that the joint venture will exceed our expectations and endure over the long term because it offers strong strategic and financial benefits to both parties. In addition, GPT procured protections for unitholders in the form of rights to terminate the joint venture after three years in the event that GPT has not received a required weighted average minimum total return of 10% across its preferred capital and ordinary equity investment in the joint venture. If under such circumstances GPT chose to terminate the joint venture, B&B may forfeit its "uplift" in the ordinary equity on a winding up.

We also note that it has been suggested that these termination provisions can be characterised as a "poison pill" however in fact these provisions are designed to protect GPT unitholders' capital and take effect at market value.

#### **4. Fees potentially payable by the Joint Venture to B&B are comparable with accepted LPT standards**

The basic principle enshrined in the joint venture agreement is that both parties will be remunerated at market rates for genuine third party transaction related services. There is no fee leakage to either party for ongoing asset or property management.

The most contentious and misunderstood component of the fee arrangements is the maximum 5% cap on advisory fees. The key points to note here are:

- this cap was put in place to incentivise B&B (or GPT) to source acquisitions at or below independently assessed market value
- GPT will select and instruct independent valuers in all cases – as was the case with the initial portfolio of assets. GPT will also be strengthening its management platform with key appointments in both Australia and Europe to assess, in conjunction with B&B, investment opportunities and determine the ongoing strategic direction of the Joint Venture
- where acquisitions are acquired at market value, fees payable to B&B will be limited to a 1% fixed advisory fee and a debt arranging fee at market rates (typically 40 to 50 BP on debt arranged) where these services are performed by B&B. Unlike most externally managed LPTs there will not be additional leakage in the form of base management fees, sponsor's fees etc
- where acquisitions are acquired below market value, the 5% cap will be inclusive of all fees for services provided by B&B. Our review of standard fees charged by externally managed vehicles, indicates that over say a three year period total fee leakage suffered would typically amount to between 3 and 4% of total asset value<sup>2</sup>. On this basis, if the maximum cap is applicable the effective mark-up to B&B is, in fact, between 1 and 2%

<sup>2</sup> Assuming standard fees charged by external LPT managers, eg sponsors fees of 80BP at IPO, acquisition and due diligence fees of 100BP and 25BP, respectively, on all asset acquisitions, annual base management fees of 45BP and debt arranging fees of 50BP.

- unlike most externally managed LPTs with offshore assets which typically acquire assets via public auctions or from their joint venture partners, the joint venture expects to benefit from sourcing acquisitions off-market and via established local relationships providing it with real potential to acquire assets at below independent, open market value
- ultimately all acquisitions will be subject to due diligence and a right of veto in favour of GPT. Where GPT does not believe the acquisition terms net of proposed fees are sufficiently attractive, it has the capacity to seek improved terms by seeking lower fees or to reject the opportunity.

#### **5. Quality of Joint Venture properties and use of 'financial engineering'**

Certain commentators have suggested that the yields of the Joint Venture properties are 'unremarkable' and that the EPU uplift is derived from 'financial engineering' such as the positive borrowing spread and the conversion of Australian dollar debt to Euro denominated debt.

GPT believes these criticisms are misplaced and re-states that the yields quoted in the Explanatory Memorandum are net of outgoings, repairs and maintenance and (in the case of the residential assets) discretionary, earnings accretive modernisation capex and the yields are in fact significantly higher than comparable yields available on Australian properties.

These are strong investments, with long term stable cash flows with net yields well above the cost of debt in Europe. This is in fact a desirable characteristic for any property investment rather than a "financially engineered" outcome. In addition, GPT intends to match its investment in the joint venture with Euro denominated debt to minimise A\$ NTA volatility for our investors.

#### **6. GPT considered a broad range of alternative strategies and partners**

Since May 2004, GPT has constantly reviewed its alternatives. This involved consideration of a broad range of alternative strategies and partners. As disclosed in section 2.4 of the Explanatory Memorandum, GPT had discussions with several parties, including Lend Lease.

The Independent Directors have unanimously recommended the current proposal in light of all likely alternatives. We believe the recommended proposal strikes a sensible balance between the desire for higher growth and taking on additional risk whilst offering the potential both independently (and via the joint venture) to develop a broader platform and expertise in funds and asset management within Australia and overseas. This will benefit GPT as an organisation over the long term and permits significant opportunities and benefits to be realised.

#### **7. Information on ADFML (New RE)**

The Explanatory Memorandum set out considerable information on ADFML. In substance, as the new responsible entity of GPT, ADFML (which will become GPT RE Ltd) will have the same Board of Directors, the same senior management team (led by Nic Lyons), the same "responsible officers" and the same resources as the current responsible entity (GPTML) has. GPT conducted appropriate due diligence on ADFML and satisfied itself that this is an appropriate vehicle to become the new responsible entity. ASIC has made an offer to grant a license which is conditional on unitholder approval of the Internalisation Proposal.

#### **8. Impact of the transaction on GPT's gearing**

GPT's gearing at December 2004 was 29.7%. On a pro forma basis, this will increase marginally to 31.5% if the proposal is implemented, which remains at the lower end of GPT's stated target gearing range.

There has been much discussion concerning the "see through" gearing of GPT following the transaction. GPT has disclosed gearing on a "see through" basis in the interests of transparency, however we do not believe it represents the most appropriate measure of GPT's financial risk given:

- underlying asset level debt in the Joint Venture properties is non-recourse and asset specific (ie. it is not cross collateralised to other joint venture assets)

- the gearing of the joint venture when measured in terms of interest cover is more closely comparable to GPT's core Australian portfolio given the very significant spread between asset yields and the cost of Euro denominated debt
- asset level debt will typically be fixed rate or be swapped into fixed rates
- GPT holds the majority of its investment in the joint venture via preferred capital which ranks ahead of ordinary equity.

#### 9. Structure of resolutions

GPT has been criticised for the way in which the resolutions have been structured. We make the following points:

- unitholder approval is not required for the Joint Venture and Asset Sales either by law or ASX listing rules – in fact GPT could have chosen to enter into these arrangements without unitholder approval
- in the interests of transparency and unitholder choice, GPT's Independent Directors wanted to clarify that while the resolutions pertained to the Internalisation, a 'yes' vote would result in the Joint Venture and Asset Sales also being implemented
- the package of the internalisation, joint venture and assets sales was the outcome of a robust, drawn out commercial negotiation between the relevant parties. This package has been unanimously recommended by GPT's Independent Directors and endorsed by the independent expert as being in the interests of GPT unitholders taking into account all other alternatives.

#### 10. Sale of assets to Westfield

Prior to negotiating the joint venture with B&B and the asset sales to Westfield, GPT's Independent Directors faced two developments that they judged to be sub-optimal for the interests of GPT's unitholders. The first development was the undervalued bid by Stockland creating an unacceptable risk profile. The second was GPT's awareness of market speculation concerning negotiations, initiated by Lend Lease with Westfield, to assist Lend Lease to make a further bid for GPT under which if Lend Lease gained control of GPT, it would sell assets to Westfield.

The Board of GPT believed that its primary task should be to develop a proposal for GPT that was viable in its own right over the long term so as to optimise the GPT unit price. This led to negotiations with B&B – part of which required engagement with Westfield and resulted in the joint venture proposal with B&B and the asset sales to Westfield subject to unitholder approval of the Internalisation Proposal.

It had the clear benefit of:

- 1) providing a market benchmark with the existing Stockland proposal and creating 'market tension' for any other possibilities under consideration by third parties; and
- 2) not precluding the development of any superior offer for the whole GPT entity.

As GPT has outlined in the Explanatory Memorandum, GPT required a funding source for their investment in the Joint Venture and chose to sell partial interests in 3 retail assets to address this issue. Additional debt would have lifted GPT's gearing to an unacceptable level and issuing \$900m of equity would have been dilutive to existing unitholders and totally impractical given the prevailing uncertainty surrounding GPT's future.

Agreeing the Asset Sales with Westfield allowed GPT to maintain moderate gearing by re-directing the proceeds to a higher yielding investment in the form of the Joint Venture.

In the course of negotiating the proposed asset sales to Westfield, Westfield formally advised that, these negotiations were totally independent from its investment in GPT, and that they reserved their right to vote, as they thought fit, on resolutions, relating to the Internalisation Proposal.

#### 11. The LLC alternative

As the Directors have previously announced to the market, GPT does not believe that the LLC alternative is a genuine proposal as the intended form and structure of the LLC alternative remains unclear. It raises numerous unanswered questions about the ongoing Board and management structure of GPT and lacks a clear strategy for

growth. For example, the possibility of an inherent conflict of interest between the interests GPT and LLC investors in this respect concerns GPT's independent directors. In combination, these factors raise concerns about instability going forward for GPT.

Finally, GPT's independent directors consider the LLC alternative is inferior in value terms, a fact supported by the opinion of the Independent Expert, which has concluded that the Joint Venture and Asset Sales add value of approximately 31 cents per unit which would not be available to unitholders under the LLC alternative<sup>3</sup>.

#### The Future

GPT's Independent Directors unanimously re-affirm their support for the proposed internalisation because it creates a viable stand-alone entity for the future that will significantly increase value, provide a clear strategy for growth and ensure long term stability of Board and Management. I encourage you to vote 'yes' at the GPT unitholder meeting to be held on June 2, 2005. A supportive vote will herald a new, re-invigorated and rewarding era for GPT with a highly motivated Board, and talented management and staff exclusively committed to looking after your interests.

The new GPT will have a fundamental commitment to adding Value by providing attractive risk-adjusted returns for its owners while at the same time respecting and applying the inclusive Values which will underpin its dealings with all its stakeholders, be they owners, management and staff, partners and all the communities we serve.

We hope your trust will be the result.

Please don't hesitate to contact Nic or myself if you wish to discuss this letter or any aspect of the Proposal.

Yours sincerely,

Peter Joseph  
Chairman

Dear Madam

**MULTIPLEX GROUP ANNOUNCES SALE OF INTEREST IN WHITE CITY**

R&M Investments a 50:50 JV between Multiplex and Aldersgate, (and the parties in their individual capacity) have agreed to sell their 25% interest in the UK White City development project to Westfield for £65 million.

The sale of Multiplex's (12.5%) minority interest will enable Multiplex to concentrate on its significant development pipeline in the UK. Multiplex's preference is not to hold small minority interests in assets except in circumstances where it has a role as asset manager and fund manager.

As part of the sale, the £220 million project retention will be released to Multiplex and Aldersgate. These funds will be applied to the refinancing of the Duelguide debt and expedite the asset split with Westfield. The profit to Multiplex on the sale of the project interest is expected to be circa £10 million and will partially offset the interest costs incurred between the acquisition date in November 2004 and the refinancing of the Duelguide debt which will occur on the completion of this sale.

The extent of any impact of this transaction on Multiplex Group's full year 2005 accounts needs to be considered in conjunction with accounting for the Duelguide transaction as a whole. Multiplex is planning to announce updated forecast guidance for the full year 2005 accounts around 31 May 2005, by which time all areas of the Groups activities including the impact of the Duelguide acquisition will have been reviewed. If it becomes practicable to provide earnings guidance prior to that date Multiplex will do so.

Multiplex will remain as construction contractor for the White City project.

Multiplex Group stapled securities trade on the Australian Stock Exchange under the symbol "MXG".

Yours faithfully

Mark Wilson

## **WESTFIELD PURCHASES ADDITIONAL 25% INTEREST IN WHITE CITY DEVELOPMENT IN THE UNITED KINGDOM**

The Westfield Group (ASX: WDC) announced today that it has reached agreement with its co-holders in Duelguide plc (Multiplex Group (ASX: MXG) and companies affiliated with the Reuben Brothers) whereby Westfield will purchase an additional 25% interest in White City for £65 million. This will increase Westfield's ownership of the White City development to 50% on project completion. Westfield acquired its initial 25% interest as part of the Duelguide/Chelsfield acquisition in December, 2004.

After purchasing this additional 25% interest and including additional costs to the project due to design enhancement initiatives, Westfield's investment in White City is expected to be £850 million to £870 million including the cost of acquiring Westfield's 50% interest for £130 million. The initial yield is expected to be in the range of 5.75% to 6.0%. Westfield will fund its share of the development cost (£720 million - £740 million) only on completion of the project, expected to be in the first half of 2008.

In a separate transaction, Westfield has been appointed development manager and leasing agent for the White City project and on completion, the long-term shopping centre and asset manager. This appointment was agreed with Commerz Grundbesitz Investment GmbH (CGI), (on behalf of Hausinvest Europa, Germany's largest open-ended property fund), the owner of the remaining 50% interest in the project and responsible for funding the development costs.

The White City project is a super regional shopping centre development located in inner West London. Upon completion in the first half of 2008, the centre will have approximately 150,000 square metres of retail and leisure space, making it the largest shopping centre in greater London. Multiplex is the builder for the White City project.

**ASX:** Australian Stock Exchange Limited and its successors.

**Attached Securities:** a Stapled Share, Stapled Unit and any other security or securities which are from time to time Stapled or to be Stapled to a Unit.

**Auditor:** the auditor for the time being of the Trust.

**CenterMark Option Units:** Stapled Securities that may be issued from time to time as a consequence of the exercise of Options granted under the CenterMark Option Deed.

**Class:** a class of Units.

**Closing Date:** the date of closing of the offer made pursuant to the Initial Prospectus.

**Compliance Committee Member:** a member of a compliance committee established by the Manager in connection with the Trust.

**Distribution Reinvestment Price** in relation to a Class of Units or, while stapling applies, Stapled Securities:

- (a) the volume weighted average of the sale price (if any) for fully participating Units of the relevant Class or Stapled Securities on

the Home Exchange during the five consecutive Business Days up to but not including, the business day immediately preceding the Issue Date;

- (b) if no sale was made in that five Business Days period, the average of the price offered by a willing purchaser for such Units or Stapled Securities ("**bid price**") and the price offered by a willing vendor for such Units or Stapled Securities ("**ask price**") as quoted on ASX during that period; or
- (c) if either no bid or ask prices were quoted during that five Business Days period, the last sale price as quoted on ASX prior to that five Business Days period,

such price being:

- (d) first, if the Units or Stapled Securities whose prices used under paragraph (a), (b), or (c) have an entitlement to dividends and/or distributions which is different to the dividends and/or distributions to which the new Units or Stapled Securities will be entitled, adjusted by the Manager by such an amount as it considers to be appropriate to reflect this difference;
- (e) secondly, subject to any relevant conditions of any Relief applicable to the issue, reduced by 2% or such other percentage (being zero or a percentage less than 10%) as the Manager may notify to all Members from time to time; and

For the purposes of this definition, a fully participating Unit or Stapled Security (as applicable) is a fully paid Unit or Stapled Security (as applicable) which will participate fully in the distribution of income for the Accrual Period in which the Issue Date occurs.

Where the reinvestment price is calculated for a Stapled Security the allocation of that between the Application Price for each Unit and the application price for the Attached Securities is to be determined in accordance with clause 8.11 and the amount allocated to the Unit is the Distribution Reinvestment Price for the purposes of clause 8.6.

However, if the relevant Unit or Option is not listed, then "Market Price" in relation to that Unit or Option means a price for that Unit or Option which an expert who is independent of the Manager determines at the Manager's request having regard to any applicable Class rights, the market price of the Units or Options and the Net Asset Value (to the extent the expert considers each of these factors to be relevant and appropriate), and any other matters which the expert believes should be taken into account.

If the Manager determines not to issue fractional Units or if under any provision of this deed or the Rules a fraction is to be disregarded, any application moneys that would otherwise result in a fraction of a Unit becomes an Asset of the Trust. While Stapling applies, no fractions of Units may be issued.

**Classes of Units**      5.3      Without in any way limiting the Manager's power to issue Units on the terms of this deed, while Stapling applies, the Manager may not issue different Classes of Units except units held by the Stapled Company or any of its subsidiaries or Units which may temporarily be of a different Class due to different income entitlements.

**Partly Paid Units**      5.4      Subject to the Corporations Act and the Listing Rules, Units may be issued on the basis that the Application Price is payable at such time or times as the Manager may determine. In spite of any other provision of this deed, if Units are issued on that basis and until such time as the Application Price has been paid in full, the interest conferred by those Units, and the rights attaching to them will be reduced by the same proportion as the Uncalled Amount for the time being bears to the Application Price at which those Units were issued.

**Partly Paid Units while Stapling applies**      5.4A      While Stapling applies:

- (a)      Units may not be issued partly paid unless there is at the same time a corresponding issue of Attached Securities which are also partly paid; and
- (b)      a call will not be regarded as having been validly paid unless any amount payable at the same time in relation to the partly paid Attached Securities is also paid.

**Consolidation and Division**      5.5      Subject to the Listing Rules and Corporations Act, Units may be consolidated, divided, reclassified or converted to a different Class as determined by the Manager, with any resultant fraction of a Unit in a holding being rounded up to the next whole Unit, provided that any such reclassification or conversion is:

- (a)      not adverse to the rights or interests of all affected Members; or
- (b)      if the reclassification or conversion is or may be adverse to the interests of some or all of affected Members, the reclassification or conversion is in accordance with the terms of issue of the affected Units.

**Consolidation, division and**      5.5A      While Stapling applies, Units may only be consolidated, divided or converted if the related Attached Securities are also consolidated,

**conversion while  
stapling applies**

divided or converted at the same time and to the same extent.

**Restrictions**

5.6

A Member must not:-

- (a) interfere with any rights or powers of the Manager under this deed;
- (b) exercise a right in respect of an Asset or lodge a caveat or other notice affecting an Asset or otherwise claim any interest in an Asset; or
- (c) require an Asset to be transferred to the Member.

**Additional Units**

5.7

The Manager may from time to time issue additional Units in accordance with the procedure set out in clause 6 and the other provisions of this deed.

**Number of Units**

5.7A

While Stapling applies, the number of issued Units except Stapled Company Held Units at any time must equal the number of issued Attached Securities of each category.

**Stock Exchange  
Listing**

5.8

The Manager must use its best endeavours to ensure that the Units are Officially Quoted (including, where applicable, as part of Stapled Securities) and that subject to the rights, obligations and restrictions attaching to any Units or Classes, such official quotation is maintained. Notwithstanding any other provisions of this deed, the Trust will at all times remain as a separate legal entity and separately admitted to the official list of ASX notwithstanding that its Units are jointly quoted as part of a Stapled Security.

**Quotation**

5.9

To the extent permitted by the Listing Rules and the ASX, Units or Stapled Securities of which they form part may be listed for quotation on the ASX in Australian dollars, United States dollars and any other currency whatsoever. The Trust will at all times be maintained as an Australian unit trust registered as a "managed investment scheme" under the Corporations Act, with its main class of Units Officially Quoted on ASX.

**Rights attaching  
to Units**

5.10

A Member holds a Unit subject to the rights, restrictions and obligations attaching to that Unit.

**Series F Special  
Options**

5.11

Units may be issued on the exercise of a Series F Special Option on the terms set out in the Third Schedule of this deed and the Manager must ensure that an equal number of Attached Securities are issued at the same time to the person to whom the Units are issued.

The form must be accompanied by the Application Price or, where the Application Price is to be partly paid, the Subscription Amount, for each Unit applied for either by payment in a form that the Manager approves, or by the transfer of property of a kind able to be vested in the Manager or any other person nominated by the Manager for that purpose, and must be payable in accordance with <b>clause 6.3</b> . |
| <b>Application for identical number of Attached Securities</b> | 6.1A | While Stapling applies, an applicant for Units, other than Units which are to be Stapled Company Held Units, must at the same time make an application for an identical number of Attached Securities.  |

|----------------------------|------|--|
| <b>Payment to Manager</b>  | 6.3  | The payment or transfer of property under clause 6.1 must be paid or transferred by the applicant directly to the Manager or any other person nominated by the Manager for that purpose to be placed in a special trust account until such time as the minimum subscription (under any prospectus, product disclosure statement or offering memorandum) or minimum application (in the case of an issue, offer or invitation which does not require a prospectus or product disclosure statement) has been reached, and the Manager proceeds with the allotment of Units. Until such time as the Manager proceeds with the allotment of Units, the Manager will arrange for such money or property as the case may be to be held for the applicant. The Manager may invest or cause the investment of any such money in accordance with the power to invest set out in clause 9.1(n). Any interest received in respect of such money shall form part of the Assets. The Manager will comply with all obligations imposed on it by law, the Listing Rules or this deed, in the same manner as it would be required to do if it were a company offering shares for subscription or purchase. |
| <b>Uncleared Funds</b>     | 6.4  | The issue of Units against application money paid other than as cleared funds is void if the funds are not subsequently cleared.   |
| <b>Manager may reject</b>  | 6.5  | The Manager may in its absolute discretion reject an application for Units in whole or part without reason.  |
| <b>Manager must reject</b> | 6.5A | While Stapling applies, the Manager must reject an application for Units, other than Units which are to be Stapled Company Held Units, if the applicant does not apply at the same time for an identical number of Attached Securities or if an identical number of Attached Securities will not be issued to the applicant at the same time as the issue of Units to the applicant.   |

| <b>Issue Date</b>           | 6.7  | Units are taken to be issued when the Manager allots the Units.  |
| <b>Nomination of Holder</b> | 6.8  | The Manager alone may nominate the person to be registered as the holder of a Unit, and the Manager may treat the registered holder as the absolute owner of the Unit. The Manager's power of nomination ceases once a person has been registered as the holder of a Unit. The Manager need not recognise any claim or interest in a Unit by any person other than the registered holder or holders of the Unit, even if they have notice of such interest.  |
| <b>Option</b>               | 6.9  | The Manager may from time to time create and issue Options. Any Series G Special Options, Series G1 Special Options, Series H Special Options and Series I Special Options shall, respectively, be subject to the terms and conditions in the <b>Fifth Schedule</b> , the <b>Sixth Schedule</b> , the <b>Seventh Schedule</b> and the <b>Eighth Schedule</b> to this deed and (when created and issued) constitute separate classes of Options. While Stapling applies, an Option may only be exercised if, except in the case of Units which are to be Stapled Company Held Units at the same time as Units are acquired pursuant to the Option, the same person acquires an identical number of Attached Securities, which are then Stapled to the Units.  |
| <b>Option Terms</b>         | 6.10 | <p>Options may be issued:-</p> <ul style="list-style-type: none"><li>(a) for no consideration or at a consideration, as determined by the Manager or for a consideration that is otherwise specified in this deed;</li><li>(b) on the basis that the Application Price for a Unit or Units to be issued on exercise of the Option is a price determined in accordance with <b>clause 8</b> and (except where such price is determined pursuant to <b>paragraph 8.2(b)</b> of this deed or in accordance with the <b>Third Schedule</b>, <b>Fifth Schedule</b>, <b>Sixth Schedule</b>, <b>Seventh Schedule</b> or <b>Eighth Schedule</b>) is a price not less than 50% of the Application Price of Units as otherwise determined in accordance with <b>clause 8</b> provided that any relevant ASIC instrument is complied with;</li><li>(c) only on terms that the Option does not confer:<ul style="list-style-type: none"><li>(i) any right to require the Manager to redeem or repurchase the Option; or</li><li>(ii) except as expressly provided in this deed or the terms and conditions of issue of the Option, any other entitlement</li></ul></li></ul> |

**Calls by Manager**

6.12 Subject to clause 5.4A and the rights, obligations and restrictions attaching to any Units or Classes, the Manager may call on each Member to pay all or any part of the Uncalled Amount of the Application Price of Units to the Manager at any time. The Manager may only make a call in respect of Units of a Member if the Manager also makes the same call on all other Members who hold Units of that Class which are similarly partly paid.

**Offers which do not  
require disclosure**

6.13 If the Manager is requested to issue Units pursuant to an offer which does not require a product disclosure statement, the Manager may rely on information provided by other persons to determine if the issue in the absence of a product disclosure statement is lawful. Each Member indemnifies the Manager for any loss, damage or other consequence which may arise if such issue, offer or invitation of Units to that Member should have been made under a product disclosure statement.

**Restriction on issue  
and redemption of  
Units**

6.14 No Units may be issued or redeemed after the 80<sup>th</sup> anniversary of the day the Trust commenced if that issue or redemption would cause a contravention of the rule against perpetuities or any other rule of law or equity.

## **7 REDEMPTION, REPURCHASE AND FORFEITURE OF UNITS**

**Redemption Notice 7.1**

A Member may give the Manager a redemption notice in such form as may be approved by the Manager from time to time specifying the name of the Trust and the number of Units to be redeemed or (with the Manager's approval) the amount of the proceeds which the Member wishes to receive from the redemption. A redemption notice shall be accompanied by any Unit certificates the Member may hold in respect of

the Units which are the subject of the redemption notice.

- |   |     |   |
|---|-----|---|
| <b>Suspension while Units Quoted</b>            | 7.2 | Notwithstanding anything else in this clause 7, the Manager is not obliged to repurchase or redeem Units under this clause 7 while the Units are Officially Quoted.   |
| <b>Trust Liquid</b>                             | 7.3 | Clauses 7.4, 7.5, and 7.7 apply only while the Trust is Liquid.   |
| <b>Repurchase and Redemption - Trust Liquid</b> | 7.4 | Subject to the other provisions of this deed, on receipt of a redemption notice pursuant to clause 7.1, the Manager shall redeem (or at the option of the Manager, repurchase) all of the Units required by the Member to be redeemed at a price calculated in accordance with clause 8.10.   |
| <b>Minimum Holding - Trust Liquid</b>           | 7.5 | If compliance with a redemption notice would result in the Member holding Units having a value less than the then current minimum application amount, the Manager may treat the redemption notice as relating to the Member's entire holding of Units.  |
| <b>Small Holdings</b>                           | 7.6 | <ul style="list-style-type: none"><li>(a) This clause 7.6 applies while Units or Stapled Securities are Officially Quoted.</li><li>(b) Subject to the provisions of this clause 7.6, the Manager may in its discretion from time to time sell or redeem any Units held by a Member that is a Small Holder or New Small Holder without request by the Small Holder or New Small Holder.</li><li>(c) If the Manager determines that a Member is a Small Holder or a New Small Holder the Manager may give the Member a Divestment Notice to notify the Member:<ul style="list-style-type: none"><li>(i) that the Member is a Small Holder or a New Small Holder, the number of Units making up and the Market Price of the Small Holding or New Small Holding and the date on which the Market Price was determined;</li><li>(ii) that the Manager intends to sell the Relevant Units in accordance with this clause after the end of the Relevant Period specified in the Divestment Notice;</li><li>(iii) if the Member is a Small Holder, that the Member may at any time before the end of the Relevant Period notify the Manager in writing that the Member desires to retain the Relevant Units and that, if the Member does so, the Manager will not be entitled to sell the Relevant Units under that</li></ul></li></ul> |

Divestment Notice; and

- (iv) after the end of the Relevant Period the Manager may for the purpose of selling the Relevant Units that are in a CHESS holding initiate a holding adjustment to move those Units from that CHESS holding to an issuer sponsored holding or certificated holding.

If the ASTC Settlement Rules apply to the Relevant Units, the Divestment Notice must comply with the ASTC Settlement Rules.

- (d) For a Divestment Notice given to a Small Holder, the Relevant Period must be at least six weeks from the date the Divestment Notice was given. For a Divestment Notice given to a New Small Holder, the Relevant Period must be at least seven days from the date the Divestment Notice was given.
- (e) At the end of the Relevant Period the Manager is entitled to sell on-market or in any other way determined by the Manager:
  - (i) the Relevant Units of a Member who is a Small Holder, unless that Member has notified the Manager in writing before the end of the Relevant Period that the Member desires to retain the Relevant Units, in which event the Manager must not sell those Relevant Units under that Divestment Notice; and
  - (ii) the Relevant Units of a Member who is a New Small Holder.
- (f) The Manager is not bound to sell any Relevant Units which it is entitled to sell under this clause 7.6 but unless the Relevant Units are sold within six weeks after the end of the Relevant Period the Manager's right to sell the Relevant Units under the Divestment Notice relating to those Units lapses and it must notify the Member to whom the Divestment Notice was given accordingly.
- (g) To effect the sale and transfer by the Manager of Relevant Units of a Member, the Member appoints the Manager and each of its directors and secretary jointly and severally as the Member's attorney in the Member's name and on the Member's behalf to do all acts and things which the Manager considers necessary or appropriate to effect the sale or transfer of the Relevant Units and,

in particular:

- (i) to initiate a holding adjustment to move the Relevant Units from a CHES holding to an issuer sponsored holding or a certificated holding; and
  - (ii) to execute on behalf of the Member all deeds, instruments or other documents necessary to transfer the Relevant Units and to deliver any such deeds, instruments or other documents to the purchaser.
- (h) A statement in writing by or on behalf of the Manager under this clause 7.6 is binding on and conclusive against (in the absence of manifest error) a Member. In particular, a statement that the Relevant Units specified in the statement have been sold in accordance with this clause 7.6 is conclusive against all persons claiming to be entitled to the Relevant Units and discharges the purchaser from all liability in respect of the Relevant Units.
- (i) The Manager must register the purchaser of Relevant Units as the holder of the Relevant Units transferred to the purchaser under this clause 7.6. The purchaser is not bound to see to the application of any money paid as consideration. The title of the purchaser to the Relevant Units transferred to the purchaser is not affected by any irregularity or invalidity in connection with the actions of the Manager under this clause 7.6.
- (j) Subject to this clause 7.6, where:
  - (i) Relevant Units of a Member are sold by the Manager on behalf of the Member under this clause; and
  - (ii) the certificate for the Relevant Units (unless the Manager is satisfied that the certificate has been lost or destroyed or the Relevant Units are uncertificated securities) has been received by the Manager,

the Manager must, within 60 days of the completion of the sale, send by mail or cheque for the proceeds of sale to the Member entitled to those proceeds in accordance with clause 13.6. Payment of any money under this clause 7.6 is at the risk of the Member to whom it is sent..

- (k) In the case of a sale of the Relevant Units of a New Small Holder in accordance with this clause 7.6, the Manager is entitled to deduct and retain from the proceeds of sale, the costs of the sale as determined by the Manager. In the case of a sale of the

Relevant Units of a Small Holder, the Manager or a purchase must bear the costs of sale of the Relevant Units. The costs of sale include all stamp duty, brokerage and government taxes and charges (except for tax on income or capital gains of the Member) payable by the Manager in connection with the sale and transfer of the Relevant Units.

- (l) The remedy of a Member to whom this clause 7.6 applies, in respect of the sale of the Relevant Units of that Member, is expressly limited to a right of action in damages against the Manager to the exclusion of any other right, remedy or relief against any other person. The Manager is only liable if it has failed to comply with the requirements of this clause 7.6 and its liability is limited to the value of the Relevant Units at the time of sale.
- (m) Unless the Manager determines otherwise, where a Divestment Notice is given to a New Small Holder in accordance with this clause 7.6, the rights to receive payment of distributions and to vote attached to the Relevant Units of that Member are suspended until the Relevant Units are transferred to a new holder or that Member ceases to be a New Small Holder. Any distributions that would, but for this clause 7.6, have been paid to that Member must be held by the Manager and paid to that Member within 60 days after the earlier of the date the Relevant Units of that Member are transferred and the date that the Relevant Units of that Member cease to be subject to a Divestment Notice.
- (n) If it is a requirement of the Listing Rules, the Manager must not give a Small Holder more than one Divestment Notice in any 12 month period (except as contemplated by this clause 7.6).
- (o) From the date of the announcement of a takeover bid for the Units until the close of the offers made under the takeover bid, the Manager's powers under this article to sell Relevant Units of a Member cease. After the close of the offers under the takeover bid, the Manager may give a Divestment Notice to a Member who is a Small Holder or a New Small Holder, despite this clause 7.6 and the fact that it may be less than 12 months since the Manager gave a Divestment Notice to that Member.
- (p) While Stapling applies:
  - (i) the references to Units or Relevant Units in this clause 7.6 will apply to the Stapled Securities held by the Member; and

- (ii) no sale under this clause 7.6 may occur unless, at the same time as Units are sold, an identical number of Attached Securities are also sold.

|  |       |  |
|--|-------|--|
| <b>Minimum Redemption or Repurchase - Trust Liquid</b> | 7.7   | If a Member gives a redemption notice under <b>clause 7.1</b> , the Manager need not cause the redemption or repurchase of Units having a value less than the minimum application amount (if any) for Units of that class, unless the redemption notice relates to all of the Member's holding.  |
| <b>Notice Irrevocable</b>                              | 7.8   | A Member may not withdraw or revoke a redemption notice unless the Manager agrees.   |
| <b>Order</b>   | 7.9   | Unless the Manager decides otherwise, the first Units issued to a Member are the first to be redeemed or (at the option of the Manager) repurchased.   |
| <b>Sums owed to Manager</b>                            | 7.10  | The Manager may deduct from the proceeds of redemption any unpaid moneys due by the Member to the Manager.   |
| <b>Transfer of Assets</b>                              | 7.11  | The Manager may if the Member agrees transfer Assets to a Member rather than pay cash on redemption of Units. These Assets must be of equal value to the total proceeds of redemption actually due to the Member (based on a valuation done within 2 months before the date of the proposed transfer). <b>Clause 8.7</b> applies to the valuation. |
| <b>Trust not Liquid</b>                                | 7.12  | <b>Clauses 7.13, 7.14 and 7.15</b> , apply only while the Trust is not Liquid.   |
|  | 7.13  | A Member may withdraw from the Trust in accordance with the terms of any current withdrawal offer made by the Manager in accordance with the provisions of the Corporations Act regulating offers of that kind. If there is no withdrawal offer currently open for acceptance by Members, a Member has no right to withdraw from the Trust.        |
|  | 7.14  | The Manager is not at any time obliged to make a withdrawal offer. If it does, it may do so by: <ul style="list-style-type: none"> <li>(a) publishing it by any means (for example in a newspaper or on the internet); or</li> <li>(b) giving a copy to all Members or Members of a Class (as relevant).</li> </ul>                                |
|  | 7.15  | If the Manager receives a redemption request before it makes a withdrawal offer, it may treat the request as an acceptance of the offer effective as at the time the offer is made.  |
| <b>While Stapling applies</b>                          | 7.15A | While Stapling applies, except in relation to Stapled Company Held Units, no redemption or repurchase under this clause 7 may occur unless, at the same time as Units are redeemed, an identical number of Attached  |

Securities are also redeemed or repurchased.

**Forfeiture of Unit** 7.16 Subject to the rights, obligations and restrictions attaching to any Units or Classes, if a Member fails to pay in full any call on a Unit made in accordance with **clause 6.12**, the Manager may, at any time during such time as any call or part thereof remains unpaid, serve a notice on that Member requiring payment of so much as is unpaid together with interest at the Market Rate for each 3 monthly period (determined at 3 monthly intervals commencing on the date the call becomes payable) such interest to be calculated on and accrue due and payable on the daily balance from the date the call becomes payable to the date of payment or forfeiture of the Units pursuant to **clause 7.17** whichever is the earlier. The notice must state a further day (not earlier than the expiration of 14 days from the date of service of the notice) on or by which the payment as required by the notice is to be made, and must state that in the event of non-payment on or before the time appointed the Units in respect of which the call is then due and owing will be liable to be forfeited and an equal number of Attached Securities will also be liable to be forfeited.

7.17 If the requirements of a notice under **clause 7.16** are not complied with, any Unit in respect of which the notice has been given (together with the Attached Securities) may at any time thereafter before the required payment has been made, be forfeited at the discretion of the Manager, effective at such time as the Manager determines. Such forfeiture shall include all entitlements to income accrued in respect of the forfeited Unit and the Attached Securities, before the forfeiture other than income to which the Member has become presently entitled. All voting rights and entitlements to the distribution of income and capital in connection with any such Unit (and the Attached Securities) are suspended until reinstated by the Manager and in the case of the Attached Securities, the Stapled Entities. If required in order for any Relief to be effective, the Manager holds the Partly Paid Unit on trust for the Member.

**Sale of Forfeited Unit** 7.18 (a) A forfeited Partly Paid Unit and any Attached Securities may, subject to compliance with the Corporations Act and the conditions of any Relief and the Listing Rules, be sold or otherwise disposed of:

- (i) at a price equal to that received from the sale of the Partly Paid Units and, if Stapling applies, any Attached Securities in the normal course of business on ASX; or
- (ii) by public auction, in accordance with any Relief; or
- (iii) by private treaty,

and such Unit or Stapled Security will be:

- (i) credited as paid up to the sum of the amount paid up on the Unit or Stapled Security on the day of the forfeiture and the amount of the call and the amount of any other calls becoming payable on or before the day of the sale; and
  - (ii) continue to be subject to a liability to pay an amount equal to the Uncalled Amount (if any) in accordance with this deed.
- (b) At any time before a sale or disposition under **paragraph (a)**, forfeiture may be cancelled on such terms as the Manager thinks fit and shall be cancelled where the Member pays to the Manager the full amount owing in respect of such Units.
- (c) Joint holders of Partly Paid Units are jointly and severally liable to pay all amounts due and payable on the Partly Paid Units held by them.
- (d) Where a Partly Paid Unit and relevant Attached Securities are forfeited pursuant to paragraph (a), the Manager may:
  - (i) receive the consideration, if any, given for the forfeited Partly Paid Unit and relevant Attached Securities on the sale or disposal (or the Manager may determine that the consideration will be received in whole or in part by the Stapled Entities);
  - (ii) execute (or procure that the Stapled Entities execute) a transfer of such Partly Paid Unit and relevant Attached Securities in favour of the person to whom the Partly Paid Unit and relevant Attached Securities are sold or disposed of and that person must then be registered as the holder of that Partly Paid Unit and relevant Attached Securities, and shall not be bound to see to the application of the proceeds of such sale or disposition nor shall his title to the Unit be affected by any irregularity or invalidity in the proceedings in relation to the forfeiture or sale or disposition of the Units. The defaulting holder of the Unit will remain liable to pay the amount of the unpaid call.
- (e) Subject to the conditions of any applicable Relief, where forfeited Partly Paid Units and relevant Attached Securities are sold or disposed of for cash, the Manager must deduct from the cash received:
  - (i) all moneys which at the date of forfeiture were payable to

the Manager in respect of the forfeited Partly Paid Units;

- (ii) all costs incurred in connection with the forfeiture including, without limitation, any costs incurred in connection with any proceedings brought against the former holder to recover the instalment or party of the instalment;
- (iii) interest calculated at the Market Rate plus 3% on the daily balance of the amounts in (a) and (b) from the day they became due for payment or were incurred up to and including the date of forfeiture; and
- (iv) all amounts which have been or will be incurred for commissions, Taxes, transfer fees and other usual charges, if any, on the sale or disposal of the Partly Paid Unit.

The Manager may retain the amounts so deducted as Assets, but the balance remaining (if any) must be paid to the Member whose Partly Paid Units were forfeited.

**Cessation of Status of Member 7.19**

A Member whose Units and Attached Securities have been forfeited shall cease to be a Member of the Trust and of each Stapled Entity from the date of the forfeiture as determined by the Manager in accordance with clause 7.17 but shall notwithstanding:

- (a) remain liable to pay to the Manager all unpaid calls and interest in respect of the Units and the costs and expenses of and incidental to the forfeiture and sale or disposition; and
- (b) have no claim against the Manager or the Trust or the Stapled Entities in respect of the forfeited Unit and the forfeited Attached Securities.

**Buy Back of Units 7.20**

## **11 INCOME AND DISTRIBUTIONS**

|                             |       |   |
|-----------------------------|-------|---|
| <b>Distributable Income</b> | 11.1  | The Manager must determine the Distributable Income of the Trust for each Accrual Period. Unless, in its sole and absolute discretion, the Manager determines by a resolution of its directors from time to time that the Distributable Income is to be calculated in some other manner, the Distributable Income for an Accrual Period is equal to the greater of (i) Net Income for the Accrual Period, and (ii) Net Accounting Income of the Trust for the Accrual Period. |
| <b>Accounts</b>             | 11.1A | Notwithstanding that the Distributable Income of the Trust is to be determined in accordance with clause 11.1, the accounts of the Trust  |

may be prepared in accordance with applicable accounting standards, including international financial reporting standards to the extent required or relevant, and generally accepted accounting principles. The preparation of the accounts in this manner is not to be regarded as a determination of the method for calculating the Distributable Income of the Trust pursuant to clause 11.1.

**Entitlement and  
Distribution Dates**

- 11.2 The Manager must distribute all Distributable Income of the Trust for each Accrual Period within two months of the end of that Accrual Period.

**Distribution  
Ranking**

- 11.3 Except for CenterMark Option Units and Units issued pursuant to clause 23.2(e) Units shall, subject to the rights, obligations and restrictions attaching to any particular Units or Classes, rank for distributions of Distributable Income from the first day immediately following their creation so that where Units are created during an Accrual Period, such Units shall participate in the Distributable Income in respect of that Accrual Period in the proportion that the part of the Accrual Period (calculated in days) for which such Units rank for distribution of Distributable Income bears to the total number of days in such Accrual Period and in the case where such Units are partly paid for the whole or part of an Accrual Period ("Partly Paid Units"), such Partly Paid Units shall participate in the Distributable Income in respect of that Accrual Period according to the proportion or different proportions of the issue price that has been paid up thereon. For the purposes of such calculation where an instalment of the issue price of a Partly Paid Unit is paid into the Trust, the Partly Paid Unit in respect of which such payment is made shall thereby be entitled to rank for an increased participation in Distributable Income from the first day immediately following the day during which such payment was received. CenterMark Option Units issued during a Quarterly Period shall rank for distributions of Distributable Income from the first day of that Quarterly Period unless the CenterMark Option Units Issue Date in respect of such CenterMark Option Units occurs prior to the WEA Dividend Date in respect of a previous Quarterly Period in which event such CenterMark Option units shall rank for distributions of Distributable Income from the first day of that previous Quarterly Period.

**Members'  
Entitlements**

- 11.4 Subject to clause 11.3 and the rights, restrictions and obligations attaching to any particular Units or Classes each person registered as a Member at the end of the last day of an Accrual Period, shall be presently entitled to the Distributable Income for the Accrual Period, in proportion to the number of Units held by such Member to the total number of Units then on issue but excluding from this calculation Units which do not rank for distributions.

- Record Date** 11.5 The Manager must determine the Record Date for the purpose of determining the persons who are entitled to the distribution. The total amount to be distributed in respect of a distribution period is to be transferred to a distribution account as soon as practicable after the Record Date. The payment by the Manager of a Member's entitlement to Distributable Income to the Member registered in respect of those Units as at the Record Date shall be a good and sufficient discharge to the Manager in respect of any liability that they may have to any person in respect of such entitlement.
- Distribution of Capital to Distribution Account** 11.6 The Manager may transfer capital to the distribution account, to enable distribution to Members of the minimum amount necessary to avoid the Manager becoming assessable for tax under section 99A of the Tax Act.
- Separate Accounts** 11.7 The Manager may keep separate accounts of different categories or sources of income and may allocate income from a particular category or source to particular Members. The Manager must notify the Members concerned of that allocation.
- Other Distributions** 11.8 Subject to the rights, obligations and restrictions attaching to any Units or Classes, the Manager may distribute any amount of capital or income to Members pro rata according to the number of Units in the Trust held as at a time decided by the Manager. The distribution may be in cash or by way of bonus Units. While Stapling applies, the Manager may not make a distribution by way of bonus Units unless, at the same time as the increase in the number of Units, the Members other than the holders of any Stapled Company Held Units are also issued an identical number of Attached Securities which when issued are then Stapled to the additional Units issued.
- Reinvestment** 11.9 If the Manager offers a facility under **clause 8.6** whereby Members may receive distributions by way of additional Units, then by prior notice a Member may elect to reinvest some or all of any distribution by acquiring such additional Units in the Trust. In those cases, the Manager is treated as having received an application by the Member to reinvest distributions at the time that the distribution is paid. The procedure for reinvestment of distributions is to be determined by the Manager and notified to Members from time to time as and when the facility is offered. The Manager may at any time withdraw, amend or re-establish such a facility.

A request to participate in such a facility or cancellation of any such request is effective with respect to a particular distribution if received in a form acceptable to the Manager prior to the Record Date for that distribution.

- Acquisition of identical number of Attached Securities** 11.9A While Stapling applies no reinvestment may occur unless contemporaneously with the reinvestment in additional Units the Member subscribes for or purchases an identical number of Attached Securities which when issued or acquired (respectively) are then Stapled to the additional Units. The Manager may make provision for and make payment of the subscription or purchase price for such Attached Securities out of the distribution or income (as applicable) which is otherwise available for reinvestment. Part of the application price of the Units may come from distributions or dividends paid on the Attached Securities.
- Payment** 11.10 The Manager must prepare distribution cheques or arrange for distributions to be paid. Cheques not presented within 6 months may be cancelled and reinvested in Units in the Trust and Attached Securities on behalf of the recipient Members at the application price prevailing at the time the cheque is cancelled.
- Withholding Tax** 11.11 Where the Net Income is reduced by taxes attributable to the ownership of Units by certain Members the entitlement to Distributable Income of such Members may be adjusted by the Manager so that the entitlement to Distributable Income of all other Members is equivalent to the amount they would receive in the absence of such taxes. In particular, if and to the extent distributions from WEA to the Trust are not eligible for reduced withholding rates under the U.S.-Australia income tax treaty as a result of a Member's Unitholding in the Trust and/or WEA, this clause 11.11 shall be applied such that the incremental withholding tax is borne by such Member or Members causing such incremental taxes.
- Distributions Paid in Different Currencies** 11.12 The Manager may provide a facility whereby Members may receive their entitlement to the Distributable Income of the Trust from time to time in such currency or currencies as they may request by notice to the Manager in writing and which the Manager in its absolute discretion may approve and in such event the Manager may arrange to convert a Member's entitlement to Distributable Income into the currency in which it is to be paid on a date being the date that the Distributable Income in respect of an Accrual Period is determined, the Closing Date in respect of an Accrual Period, the date of payment of distribution entitlements in respect of an Accrual Period or such other date as the Manager may determine and the Manager may maintain bank accounts in such currencies as may be appropriate for this purpose.
- Classes** 11.13 Under this clause 11, the rights of a Member are subject to the rights, obligations and restrictions attaching to the Units which they hold.

15.5 The Manager may decide how and when to exercise its powers in its absolute discretion.

**Indemnity**

15.6 The Manager is entitled to be indemnified out of the Assets of the Trust for any liability incurred by the Manager in properly performing or exercising any of its powers or duties in relation to the Trust. This indemnity is in addition to any indemnity allowed by law, but does not extend to liabilities arising:

- (a) from a breach of trust; or

unless the Members decide otherwise by Special Resolution with respect to specific acts or omissions or on the Manager ceasing to act.

## **16      LIABILITY OF UNIT HOLDERS**

## **23      RESTRUCTURE**

---

- Implementation of Proposal**   23.1    At any time upon and after the Effective Date, the Manager has power to do all things which it considers are necessary, desirable or reasonably incidental to give effect to the Proposal in accordance with the Implementation Deed.
- Express powers of Manager**   23.2    Without limiting clause 23.1 but subject to clause 23.3 and despite any other provision in this constitution, the Manager has power:
- (a)    on the Implementation Date to consolidate the Units in the ratio of each pre-consolidation Unit being converted into 0.15 post-consolidation Units with any resultant fraction of a Unit in a holding being rounded up to the next whole number of Units. In

the case of Units which are acquired by the Investment Bank pursuant to the Sale Facility the number of post-consolidation Units which the Investment Bank is to receive will be rounded up as if the respective numbers of Units which the Investment Bank acquires pursuant to the Sale Facility from Members were separate holdings of those Members so that the Investment Bank will receive the same number of post-consolidation Units which the participants in the Sale Facility would have received in aggregate if they had respectively held the pre-consolidation Units on the Stapling Record Date;

- (b) immediately following the consolidation described in (a), but subject to (c), to pay to each Member except the Members holding Stapled Company Held Units, by way of a capital distribution, \$1.01 per Unit held;
- (c) to apply all the respective distributions paid to each Member under (b) to acquire, on behalf of and in the name of that Member, an equivalent number of units in the Stapled Trust and an equivalent number of ordinary shares in the Stapled Company on the basis that the subscription price for each of those units and shares will be \$1.00 and \$0.01 respectively;
- (d) to procure that the Acquired Units and the Acquired Shares are registered in the name of the relevant Member with the result that the Member is bound:
  - (i) by the terms of issue of the Acquired Units and the Acquired Shares (including, without limitation, restrictions which cause a Member's Units to be Stapled to Acquired Units and Acquired Shares); and
  - (ii) generally, by the constitution of the Stapled Company and the Stapled Trust;
- (e) to the extent that this will facilitate Stapled Trust Unitholders and Stapled Company Shareholders holding an equivalent number of units and shares in each of the Stapled Company, Stapled Trust and the Trust, to issue to Stapled Trust Unitholders one Unit in respect of each \$1.00 and Stapled Company Shareholders one Unit in respect of each 0.1 of a cent paid by or on that person's behalf in subscription for Units pursuant to the Implementation Deed with such new Units to rank pari passu with all of the existing Units including ranking for full participation in Distributable Income for the Accrual Period during which the Units are issued;
- (f) to issue to Members new holding statements or other evidence of

entitlement in respect of Units of which the Member is the registered holder after the Proposal is implemented and, in the alternative, to issue or cooperate in the issuing of a single holding statement reflecting the Member's holding of Units, Acquired Units and Acquired Shares;

- (g) to execute all documents and do all things which it considers necessary, desirable or reasonably incidental to give effect to the Proposal and to appoint any individual or individuals of its choosing to execute any such documents or do any such things.

**Sale Facility**

- 23.3 Notwithstanding the foregoing provisions of this clause 23 where a Member has validly elected to participate in the Sale Facility or is a Designated Foreign Unitholder ("Sale Facility Participant"), the Manager must transfer the Units held by the Sale Facility Participant, or such number of those Units which are to be the subject of the Sale Facility, to the Investment Bank so that the Investment Bank will receive the distribution pursuant to clause 23.2(b) and apply that distribution in accordance with clause 23.2(c) in order to acquire the Acquired Units and Acquired Shares which would otherwise have been issued to the Sale Facility Participant and be obliged to provide to each Sale Facility Participant the Sale Consideration to which it is entitled.

**Appointment as agent and attorney for Members**

- 23.4 At all times on and after the Effective Date, the Manager is irrevocably appointed the agent and attorney for each Member to do all things which the Manager considers are necessary, desirable or reasonably incidental to give effect to the Proposal.
- 23.5 Without limiting clause 23.4, the Manager is irrevocably appointed as the agent and attorney of each Member to:
  - (a) receive and apply the distributions referred to in clause 23.2(b) in the manner contemplated in clause 23.2(c);
  - (b) execute an application form (which may be a master application form) in relation to the Acquired Units and the Acquired Shares;
  - (c) act in accordance with clause 23.3; and
  - (d) execute transfers of Units which are to be the subject of the Sale Facility.
- 23.6 The Manager is authorised to execute the documents and do all things under clauses 23.2 and 23.3 without needing further authority or approval from Members and may do so even if it has an interest in the outcome of such exercise.

**Manager's  
limitation of liability**

- 23.7 Without derogating from any limitation of the Manager's liability in terms of this constitution, the Manager has no liability to Members of any nature whatsoever beyond the Assets whether arising, directly or indirectly, from the Manager doing or refraining from doing any act (including the execution of any document) in exercising its powers pursuant to this clause 23 in connection with the implementation of the Proposal in accordance with the Implementation Deed.

**Options**

- 23.8 If following the Effective Date the Stapled Company or the Stapled Trust is under any obligation, whether actual or contingent, to issue shares or units in the future pursuant to any option or comparable arrangement to any person the Manager may:

- (a) give an undertaking to the Stapled Company and/ or the Stapled Trust Manager to issue Units at the same time to each person to whom shares in the Stapled Company and units in the Stapled Trust are to be issued to ensure that the person receives Stapled Securities, or
- (b) grant an option or comparable right to the person to acquire an equal number of Units to the number of shares in the Stapled Company and units in the Stapled Trust which the person is entitled to be issued on exercise of the option or comparable right, on the basis that the option or comparable right may only be exercised if required to ensure that the person receives Stapled Securities.

- 23.9 The undertakings, options or rights which the Manager may issue pursuant to clause 23.8 may be issued without consideration. The price at which the Units are to be issued pursuant to the undertakings or upon the exercise of those options or rights is to be calculated as follows:

- (a) where an Executive Option is exercised and the Stapled Company elects to procure the issue of Stapled Securities to satisfy its obligations on exercise of that option, the issue price of a Unit is the WAT Proportion of the exercise price of that Executive Option (or if that Executive Option has a nil exercise price, the issue price of a Unit is the WAT Proportion of \$13.76, being the volume weighted average sale price of a Stapled Share sold on ASX during the five trading day period up to but not including the Announcement Date);
- (b) where a Possfund Option is exercised and the Stapled Company elects to procure the issue of Stapled Securities to satisfy its obligations on exercise of that option, the issue price of a Unit is the WAT Proportion of \$12.84, being the exercise price of a Possfund Option;

- (c) where a WFT Option is exercised, the issue price of a Unit is the WAT Proportion of \$1,000 (being the exercise price of a WFT Option) divided by the number of Units required to be issued under the option or right granted under clause 23.8 in respect of that WFT Option,

and in each case the issue price is to be adjusted in the same manner as any adjustment to the exercise price of the relevant option under the terms of that option.

- (c) the issue of Units to the Optionholder would not breach the Australian *Corporations Law* or any applicable law.

- 4.2 If the Optionholder which wishes to exercise a Special Option, gives a Notice of Intention to Exercise and a Notice of Exercise and otherwise complies in all material respects with the

requirements for exercise of a Special Option set out in these Special Option Terms, the Manager must comply with the provisions of the Trust Deed and of the Special Option Terms in respect of the exercise of the Special Option.

## **5. EXCHANGE RIGHT**

- 5.1 One Special Option is exercisable for each Preference Share or for the Converted Common Stock issued upon conversion of such Preference Share, as the case may be, transferred to the Manager.
- 5.2 On exercise of a Special Option, the Optionholder will receive in respect of a Continuing Security, the Conversion Number of Units provided that, if this would have the effect that the Optionholder would receive a fraction of one Unit, the Optionholder will receive one additional Unit. The Conversion Number of Units must be issued within one Business Day after receipt of a Notice of Exercise given in accordance with **paragraph 7**.

## **6. RANKING OF UNITS ON EXERCISE OF SPECIAL OPTIONS**

- 6.1 Subject to **paragraph 6.2**, a Unit allotted on exercise of a Special Option will rank equally in all respects with the existing Units on issue at the date of allotment.
- 6.2 A Unit allotted on exercise of a Special Option will rank for distribution of the Distributable Income from the date following the last day of the most recently completed dividend period for the Continuing Securities transferred so that where Units are allotted during an Accrual Period, such Units will participate in the Distributable Income in respect of that Accrual Period in the proportion that the part of the Accrual Period (calculated in days) for which such Units rank for distribution of Distributable Income bears to the total number of days in such Accrual Period.

## **7. MANNER OF EXERCISE**

- 7.1 If an Optionholder wishes to exercise a Special Option, then the Optionholder must give a non-binding notice of intention to exercise the Special Option to the Manager during the Special Option Period at least 10 Business Days before giving a Notice of Exercise under **paragraph 7.2**.
- 7.2 If an Optionholder wishes to exercise a Special Option and has complied with **paragraph 7.1**, it must give an irrevocable Notice of Exercise to the Manager during the Special Option Period specifying:
  - (a) the number of Special Options which the Optionholder wishes to exercise in compliance with **paragraph 4** and the type of Continuing Security to be delivered;
  - (b) the specific date on which those Special Options are to be exercised ("Exercise Date") in accordance with the Special Option Terms;
  - (c) the number of Units which are to be issued to the Optionholder on the exercise of the Special Options detailed in the Notice of Exercise ("Relevant Number") (being

equal to the number of Special Options to which the Notice of Exercise relates multiplied by the Conversion Number, subject to rounding up by one unit in the case of a fractional unit); and

- (d) confirmation of compliance with the U.S. securities laws restrictions contained in **paragraph 12**.

**7.3 On the Exercise Date:**

- (a) the Optionholder must deliver to the Manager the Continuing Securities (together with any necessary instruments of transfer properly executed) to which the Notice of Exercise relates; and
- (b) in consideration of the transfer pursuant to **paragraph 7.3(a)**, the Manager must issue to the Optionholder the Relevant Number of Units.

**7.4** The Optionholder must ensure that any Continuing Security transferred pursuant to **paragraph 7.3(a)** (or specified in the Notice of Exercise) is (immediately prior to transfer) owned by the Optionholder (free of all mortgages, charges, liens and other encumbrances or prior claims), and has attached all rights (including rights to receive dividends) attaching or accruing to the Continuing Security on the Exercise Date except for that portion of the True-Up Dividend Amount as defined in the Series G Certificate of Designation, if any, for the period from the beginning of the year in which the applicable Special Option is exercised until the Exercise Date. The True-Up Dividend Amount payable for such period shall be computed by dividing the number of days in which the Optionholder held the Continuing Security during the applicable year by 365 and multiplying the result by the True-Up Dividend Amount determined in accordance with the Series G Certificate of Designation (and if such amount is received by the Manager instead of by the former holder of the Continuing Securities, the Manager must pay to that former holder the amount so received).

**8. TRANSFER OF SPECIAL OPTIONS**

- 8.1** With the exception of the first transfer by WEA of the Special Options to SCPG, an Optionholder shall not Sell any Special Options or Continuing Securities owned by it, unless it first notifies the Manager in writing of its desire to so Sell such securities and allows the Manager five Business Days from the date of such notice to make an offer for such securities. The Optionholder may reject, in its absolute discretion, any offer to purchase such securities made by the Manager and may Sell such securities to any buyer after the five Business Day period has elapsed; provided that any offer by the Manager shall include both the Special Options and the related Preference Shares or Converted Common Stock, as the case may be, to the extent that the Optionholder notified the Manager that it will sell such securities as a package and provided further that for a period of 90 days after such five Business Day period has elapsed, the Optionholder shall not Sell such securities (other than pursuant to an underwritten public offering) at a price (before deduction of underwriting commissions, placement fees and other selling expenses) less than 90% of the price offered by the Manager.

- 8.2 Any person to whom a Special Option is transferred must be a person to whom disclosure to investors under Chapter 6D of the *Corporations Law* is not required. A transferee must provide to the Manager, if requested, evidence that it is such a person.
- 8.3 Subject to this **paragraph 8** and the securities law restrictions set out in **paragraph 12**, a Special Option is fully transferable as follows:
- (a) by delivery to the Manager of a duly executed and, subject to **paragraph 9**, stamped transfer in the form of **Attachment B-3** by the Optionholder or the transferee, together with the Option Certificates to which the transfer relates; and
  - (b) the Manager registering the transfer of the Special Options, subject to the terms and conditions of the Trust Deed, which the Manager agrees to do promptly after receipt of the items referred to in **paragraph 8.3(a)**.
- 8.4 On registration of a transfer, the transferee is bound by the Trust Deed and the Special Options Terms and assumes the rights and obligations of an Optionholder in respect of the Special Options transferred.
- 8.5 All stamp duty (including fines and penalties and any other applicable payments) chargeable on or in relation to either:
- (a) the initial transfer of each Special Option by SCPG to a transferee (each an "**Initial Transferee**"); and
  - (b) the first transfer by any Initial Transferee of such Special Option to a subsequent transferee

shall be borne by the Manager and the Manager hereby indemnifies SCPG and each transferee receiving a transfer to which **sub-paragraph (a) or (b)** of this **paragraph 8.5** applies (an "**Indemnified Transferee**") as a continuing indemnity for and against any such stamp duty (including fines and penalties and any other applicable payments) and any related costs and expenses including legal fees on an indemnity basis. The Manager shall be primarily responsible for attending to payment of such stamp duty (including fines and penalties and any other applicable payments) and the Manager shall provide SCPG and each Indemnified Transferee with such information and progress reports on such stamping as SCPG or the Indemnified Transferee may reasonably require and SCPG or the Indemnified Transferee shall be entitled to pay (but need not pay) such duty itself and to claim immediate indemnification from the Manager if SCPG or the Indemnified Transferee reasonably believes that there will otherwise be a failure to pay the stamp duty within the period required by law.

## **9. NEW ISSUES BY WAT**

A Special Option does not confer any right on the Optionholder to participate in any new issues of Units, or to be entitled to any distributions by WAT.

## **10. RIGHT TO VOTE**

An Optionholder is entitled to vote at meetings of Members.

## 11. NO OTHER RIGHTS

In accordance with, and subject to, the provisions of the Trust Deed and the *Corporations Law*, no Special Option confers on the Optionholder:

- (a) any right to require the Manager to redeem or repurchase the Special Option; or
- (b) except as expressly provided in the Trust Deed, any other entitlement under the Trust Deed consequent on holding the Special Option.

## 12. SECURITIES LAW RESTRICTIONS

12.1 This paragraph 12 operates in addition to restrictions on transfers of Special Options under paragraph 8. The Special Options have not been registered under the U.S. Securities Act of 1933, as amended ("U.S. Securities Act"), and may not be offered, sold or exercised except:

- (a) pursuant to an effective registration statement under the U.S. Securities Act;
- (b) within the United States to or, in the case of exercise, by Institutional "Accredited Investors" within the meaning of Rule 501(a)(1), (2), (3) and (7) under the U.S. Securities Act in a transaction exempt from registration requirements of the U.S. Securities Act on delivery of a purchaser's letter in the form of Attachment B-1 or B-2, as applicable;
- (c) outside the United States to or, in the case of exercise, by non-U.S. persons in a transaction meeting the requirements of Rules 901, 903 or 904 of Regulation S under the U.S. Securities Act;
- (d) to WEA, its affiliates, the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The Special Options must bear a legend to the foregoing effect:

Special Options issued to non-U.S. persons pursuant to Regulation S under the U.S. Securities Act must bear the following additional legend:

"THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT IS NOT BEING EXERCISED ON BEHALF OF A U.S. PERSON OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER AND (B) THE SECURITY MAY BE

EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS."

All other Special Options must bear the following additional legend:

"THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY (1) A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT HAS NOT BEEN EXERCISED ON BEHALF OF A U.S. PERSON, OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER OR (2) AN INSTITUTIONAL ACCREDITED INVESTOR ON DELIVERY OF A LETTER SUBSTANTIALLY IN THE FORM ANNEXED TO THE SPECIAL OPTION TERMS AND (B) THIS SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS."

12.2 Units issuable on exercise of the Special Options will not be registered under the U.S. Securities Act and may not be offered or sold by an Optionholder after exercise of an Option except:

- (a) pursuant to an effective registration statement under the U.S. Securities Act or pursuant to an exemption from the registration requirements thereunder;
- (b) outside the United States to non-U.S. persons (which term includes U.S. dealers or other professional fiduciaries acting on a discretionary basis for non-U.S. beneficial owners (other than an estate or trust)) in reliance on Rules 903 and 904 of Regulation S under the U.S. Securities Act;
- (c) in 'regular way transactions' on the ASX, provided that neither the seller, nor any person acting on its behalf, knows that the transaction has been pre-arranged with a buyer that is a U.S. person or is located in the U.S.;
- (d) to the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The foregoing restrictions must be noted in the Unit register maintained by the Manager. The Manager agrees that it will cause the notation to be removed from the Unit register at such time as the Units may be transferred without restriction under applicable law.

12.3 A Special Option may only be exercised by a non-U.S. person on delivery of either:

- (a) a written certification that the Optionholder is not a U.S. person and the Special Option is not being exercised on behalf of a U.S. person; or

- (b) a written opinion of counsel to the effect that the Special Option and the Units delivered on exercise thereof have been registered under the U.S. Securities Act or are exempt from registration thereunder.

- 12.4 A Special Option may only be exercised by a U.S. person on delivery of a purchaser's letter for "Accredited Investors" in the form of **Attachment B-1**, certifying that the Optionholder is an "Accredited Investor" as defined in that letter, together with the other materials referred to therein.
- 12.5 A Special Option may not be transferred to any person if the effect of such transfer would be that the ownership limitations contained in WEA's Restated Articles of Incorporation would be violated.
- 12.6 Any withholding obligation of the Manager on receipt of a Continuing Security may be satisfied by delivery of an amount in United States dollars by the Optionholder.

### **13. REDEMPTION OF PREFERENCE SHARES**

- 13.1 If WEA redeems Preference Shares in accordance with their terms the Optionholder must deliver (for no consideration) to the Manager the same number of Options, subject to **paragraph 15.1**, as Preference Shares to be redeemed and the Manager must reissue the Option Certificate in respect of the Optionholders' remaining holding (if any) of Special Options and may cancel the Special Options so transferred.
- 13.2 After all Preference Shares have either been redeemed or transferred to the Manager, the Manager may cancel any outstanding Special Options and if the Manager cancels the Special Options notify the Optionholder of the cancellation.

### **14. QEF ELECTION**

If an Optionholder intends to make the election provided for in Section 1295(b) of the Internal Revenue Code of 1986, as amended ("Code"), then such Optionholder must so notify the Manager and the Manager must, at the Manager's expense, take such actions as may be required by the Code and the authorities thereunder to have WAT be treated as a qualified electing fund (within the meaning of Section 1295 of the Code) with respect to a Unitholder or Optionholder that makes the election provided for under Section 1295(b) of the Code.

### **15. RECONSTRUCTIONS**

- 15.1 Except as provided in **paragraph 15.2**, if:
  - (a) WEA carries out a Reconstruction; or
  - (b) WAT carries out a Reconstruction,then, in each such event:
  - (c) the number of Special Options held by an Optionholder; or

- (d) the Conversion Number; or
- (e) some of, or all, such factors,

will be adjusted, as appropriate, in a manner determined by the Manager which:

- (f) is fair and equitable to the Members and Optionholders; and
- (g) to the extent necessary, complies with the Listing Rules of the ASX applying to a reorganisation (as that term is defined in the Listing Rules of the ASX) of capital at the time of the reorganisation (and for the avoidance of doubt the parties agree that any reconstruction of WEA is carried out as if the Listing Rules of the ASX applied to the reorganisation of WEA),

and is approved by Optionholders holding a majority of the outstanding Special Options on issue provided that if such Optionholders fail to approve the manner of adjustment determined by the Manager, the Manager must, pursuant to **paragraph 19**, refer the matter to an Expert who will make a determination of any adjustment. The Expert must be directed to take into account **paragraphs 15.1(f), (g) and 19.3** in making a determination.

- 15.2 (a) If WAT is merged or consolidated with or into a new entity or WAT transfers all or substantially all of its assets to another entity then, on a subsequent exercise of the Special Options, the Optionholder is entitled to receive securities in the new transferee entity equal to those which the Optionholder would have received had it exercised such Special Options and held Units immediately prior to such transaction.
- (b) If WEA is merged or consolidated with or into a new entity or if WEA transfers all or substantially all of its assets to another entity and the Optionholder receives stock in such entity in consideration of its Continuing Securities then, on a subsequent exercise of the Special Options, the Optionholder is entitled to use such new securities received in such transaction (in lieu of the Continuing Securities) as the consideration for the issuance of ordinary Units based on a revised Conversion Number which is fair and equitable to the Members and the Optionholder.

### 15.3

- (a) The Manager agrees for the benefit of the Optionholders that if, while any Special Options are on issue, it:
  - (i) announces an intention to wind up WAT; or
  - (ii) receives a requisition from Members, that meets the requirements of the *Corporations Law*, to convene a meeting of Members for the purpose of passing a resolution to direct the winding up of WAT,

then it will immediately give written notice to the Optionholders of the announcement or requisition. In the case of an announcement or if Members subsequently pass a resolution in accordance with the *Corporations Law* to terminate

WAT then, before WAT is terminated, the Optionholders may exercise any or all of their Special Options in accordance with the provisions of these Special Option Terms.

- (b) The Manager agrees that until the expiration of the Special Option Period:
  - (i) prior to any Reconstruction of WAT it will provide not less than 30 days prior written notice of such Reconstruction to the Optionholder, and the Optionholder has the right at any time following delivery of such notice to exercise its Special Options; and
  - (ii) in the event WEA is merged or consolidated with or into a new entity or transfers all or substantially all of its assets to another entity, the Optionholder has the right at any time following such event to exercise its Special Options in accordance with the provisions of these Special Option Terms.

## **16. REPRESENTATIONS, WARRANTIES AND COVENANTS**

16.1 The Manager represents and warrants for the benefit of the Optionholder that as at the date of the Special Option Deed, the Issue Date, the date of transfer of the Special Options by WEA to SCPG and the Exercise Date:

- (a) all Special Options have been duly authorised, validly issued, and the Optionholder is entitled to the rights in favour of the Optionholder under the Special Option Terms;
- (b) there are no pre-emptive rights or similar rights to purchase any Units issuable on exercise of the Special Options on the part of any holders of any class of securities of WAT; and
- (c) the Special Option Deed has been duly authorised, executed and delivered by the Manager and is a valid and binding obligation of the Manager and enforceable in accordance with its terms.

16.2 The Manager covenants that:

- (a) it will use its best endeavours to ensure that the ordinary Units (including the Units issued on the exercise of the Special Options) are officially quoted on the ASX as soon as possible after they are issued and that such official quotation is maintained;
- (b) at all times while the Special Options are outstanding, WAT will have sufficient authorised and unissued Units available for issue on exercise of the Special Options and all other options outstanding with respect to Units; and
- (c) subject to compliance by the Optionholder with the Special Option Terms, the Units issuable on exercise of the Special Options will be duly authorised, validly issued and fully paid.

- 16.3 To the extent that any covenant contained in the Special Option Deed is made for the benefit of the Optionholder, such covenant will be enforceable against the Manager by any person registered as a Optionholder.

## **17. REGISTRATION AND NO QUOTATION OF SPECIAL OPTIONS**

- 17.1 The Manager will maintain registers of Optionholders. An Optionholder may:
- (a) inspect such register at any time during Business Hours; and
  - (b) obtain copies of such register.
- 17.2 The Manager must send to an Optionholder copies of all notices (including, without limitation, notices of Members' meetings), accounts and other statements sent to Members.
- 17.3 For the purposes of paragraph 17.2, notices, accounts and other statements sent to joint Optionholders will be deemed to be sent to all those Optionholders if sent to the Optionholder named first on the register.
- 17.4 If an Optionholder:
- (a) has lost a certificate in respect of any Special Options; and
  - (b) provides the Manager with a statutory declaration of loss in respect of such certificate,
- the Manager must cancel the lost certificate and issue a replacement certificate to the Optionholder.
- 17.5 The Optionholder acknowledges that the Special Options will not be quoted on any stock exchange.

## **18. RENEGOTIATION**

If prior to the earliest date on which the Special Options may be exercised the laws of Australia are amended, varied or replaced, or the Commonwealth Government introduces a bill into Parliament, which may result in WAT failing to qualify as a 'collective investment vehicle', then the Manager and the Optionholders will enter into good faith negotiations to amend the terms of the Special Options, including if necessary the Special Option Period, in order to avoid such failure.

## **19. DISPUTES**

- 19.1 If a dispute arises in relation to an adjustment to:
- (a) the number of Special Options held by an Optionholder; or
  - (b) the Conversion Number; or
  - (c) some or all such factors,

or any other adjustment to be made pursuant to **paragraph 15.1** or **paragraph 15.2**, either the Manager or the Optionholder is entitled to refer the dispute (but no other disputes) to an Expert.

19.2 The Expert must be directed by the party referring the dispute:

- (a) to resolve the dispute in a timely manner as an expert and not as an arbitrator; and
- (b) to determine the party or parties responsible for paying the costs of the Expert having regard to the Expert's findings concerning resolution of the dispute.

19.3 The Expert must take into account (i) any adjustment or resolution of a dispute with respect to the same factual circumstances and (ii) any prior or contemporaneous adjustments or resolutions of disputes, in each case under **Section 6** of the Series G Certificate of Designation such that the resolution of the dispute or disputes is fair and equitable to the Members and Optionholders.

19.4 The determination of the Expert will be final and binding on the Manager and the Optionholders.

**3. EXERCISE PERIOD**

A Special Option may be exercised at any time during the Special Option Period, in accordance with these Special Option Terms.

**4. PREREQUISITE TO EXERCISE**

- 4.1 A Special Option may not be exercised (and the Manager will be under no obligation to issue Units in respect of any Special Option) unless:
- (a) the Special Option is exercised as part of a parcel of Special Options which, on exercise, entitles the Optionholder to a parcel of Units having a value not less than the amount required by the *Corporations Law* (currently A\$500,000) for the issue of each such Unit to constitute an issue that does not need disclosure to investors pursuant to **section 708(8)(a)** of the *Corporations Law* (or any successor provision); and
  - (b) the Optionholder complies in all material respects with all the other Special Option Terms; and
  - (c) the issue of Units to the Optionholder would not breach the *Australian Corporations Law* or any applicable law.
- 4.2 If the Optionholder which wishes to exercise a Special Option, gives a Notice of Intention to Exercise and a Notice of Exercise and otherwise complies in all material respects with the requirements for exercise of a Special Option set out in these Special Option Terms, the Manager must comply with the provisions of the Trust Deed and of the Special Option Terms in respect of the exercise of the Special Option.

The Conversion Number of Units must be issued within one Business Day after receipt of a Notice of Exercise given in accordance with **paragraph 7**.

## **6. RANKING OF UNITS ON EXERCISE OF SPECIAL OPTIONS**

- 6.1 Subject to **paragraph 6.2**, a Unit allotted on exercise of a Special Option will rank equally in all respects with the existing Units on issue at the date of allotment.
- 6.2 A Unit allotted on exercise of a Special Option will rank for distribution of the Distributable Income from the date following the last day of the most recently completed dividend period for the Continuing Securities transferred so that where Units are allotted during an Accrual Period, such Units will participate in the Distributable Income in respect of that Accrual Period in the proportion that the part of the Accrual Period (calculated in days) for which such Units rank for distribution of Distributable Income bears to the total number of days in such Accrual Period.

## **7. MANNER OF EXERCISE**

- 7.1 If an Optionholder wishes to exercise a Special Option, then the Optionholder must give a non-binding notice of intention to exercise the Special Option to the Manager during the Special Option Period at least 10 Business Days before giving a Notice of Exercise under **paragraph 7.2**.

- (a) the number of Special Options which the Optionholder wishes to exercise in compliance with **paragraph 4** and the type of Continuing Security to be delivered;
  - (b) the specific date on which those Special Options are to be exercised ("Exercise Date") in accordance with the Special Option Terms;
  - (c) the number of Units which are to be issued to the Optionholder on the exercise of the Special Options detailed in the Notice of Exercise ("Relevant Number") (being equal to the number of Special Options to which the Notice of Exercise relates multiplied by the Conversion Number, subject to rounding up by one unit in the case of a fractional unit); and

- (d) confirmation of compliance with the U.S. securities laws restrictions contained in **paragraph 12**.

**7.3 On the Exercise Date:**

- (a) the Optionholder must deliver to the Manager the Continuing Securities (together with any necessary instruments of transfer properly executed) to which the Notice of Exercise relates; and
- (b) in consideration of the transfer pursuant to **paragraph 7.3(a)**, the Manager must issue to the Optionholder the Relevant Number of Units.

**7.4** The Optionholder must ensure that any Continuing Security transferred pursuant to **paragraph 7.3(a)** (or specified in the Notice of Exercise) is (immediately prior to transfer) owned by the Optionholder (free of all mortgages, charges, liens and other encumbrances or prior claims), and has attached all rights (including rights to receive dividends) attaching or accruing to the Continuing Security on the Exercise Date except for that portion of the True-Up Dividend Amount as defined in the Series D Certificate of Designation, if any, for the period from the beginning of the year in which the applicable Special Option is exercised until the Exercise Date. The True-Up Dividend Amount payable for such period shall be computed by dividing the number of days in which the Optionholder held the Continuing Security during the applicable year by 365 and multiplying the result by the True-Up Dividend Amount determined in accordance with the Series D Certificate of Designation (and if such amount is received by the Manager instead of by the former holder of the Continuing Securities, the Manager must pay to that former holder the amount so received).

**8. TRANSFER OF SPECIAL OPTIONS**

- 8.1** With the exception of the first transfer by WEA of the Special Options to WA IPL, an Optionholder shall not Sell any Special Options or Continuing Securities owned by it, unless it first notifies the Manager in writing of its desire to so Sell such securities and allows the Manager five Business Days from the date of such notice to make an offer for such securities. The Optionholder may reject, in its absolute discretion, any offer to purchase such securities made by the Manager and may Sell such securities to any buyer after the five Business Day period has elapsed; provided that any offer by the Manager shall include both the Special Options and the related Preference Shares or Converted Common Stock, as the case may be, to the extent that the Optionholder notified the Manager that it will sell such securities as a package and provided further that for a period of 90 days after such five Business Day period has elapsed, the Optionholder shall not Sell such securities (other than pursuant to an underwritten public offering) at a price (before deduction of underwriting commissions, placement fees and other selling expenses) less than 90% of the price offered by the Manager.
- 8.2** Any person to whom a Special Option is transferred must be a person to whom disclosure to investors under Chapter 6D of the *Corporations Law* is not required. A transferee must provide to the Manager, if requested, evidence that it is such a person.
- 8.3** Subject to this **paragraph 8** and the securities law restrictions set out in **paragraph 12**, a Special Option is fully transferable as follows:

- (a) by delivery to the Manager of a duly executed and, subject to **paragraph 9**, stamped transfer in the form of **Attachment B-3** by the Optionholder or the transferee, together with the Option Certificates to which the transfer relates; and
  - (b) the Manager registering the transfer of the Special Options, subject to the terms and conditions of the Trust Deed, which the Manager agrees to do promptly after receipt of the items referred to in **paragraph 8.38.3(a)**.
- 8.4 On registration of a transfer, the transferee is bound by the Trust Deed and the Special Options Terms and assumes the rights and obligations of an Optionholder in respect of the Special Options transferred.
- 8.5 All stamp duty (including fines and penalties and any other applicable payments) chargeable on or in relation to either:
- (a) the initial transfer of each Special Option by WA IPL to a transferee (each an "**Initial Transferee**"); and
  - (b) the first transfer by any Initial Transferee of such Special Option to a subsequent transferee

shall be borne by the Manager and the Manager hereby indemnifies WA IPL and each transferee receiving a transfer to which **sub-paragraph (a) or (b)** of this **paragraph 8.5** applies (an "**Indemnified Transferee**") as a continuing indemnity for and against any such stamp duty (including fines and penalties and any other applicable payments) and any related costs and expenses including legal fees on an indemnity basis. The Manager shall be primarily responsible for attending to payment of such stamp duty (including fines and penalties and any other applicable payments) and the Manager shall provide SPCG and each Indemnified Transferee with such information and progress reports on such stamping as WA IPL or the Indemnified Transferee may reasonably require and WA IPL or the Indemnified Transferee shall be entitled to pay (but need not pay) such duty itself and to claim immediate indemnification from the Manager if WA IPL or the Indemnified Transferee reasonably believes that there will otherwise be a failure to pay the stamp duty within the period required by law.

## 9. **NEW ISSUES BY WAT**

A Special Option does not confer any right on the Optionholder to participate in any new issues of Units, or to be entitled to any distributions by WAT.

## 10. **RIGHT TO VOTE**

An Optionholder is entitled to vote at meetings of Members.

## 11. **NO OTHER RIGHTS**

In accordance with, and subject to, the provisions of the Trust Deed and the Corporations

Law, no Special Option confers on the Optionholder:

- (a) any right to require the Manager to redeem or repurchase the Special Option; or
- (b) except as expressly provided in the Trust Deed, any other entitlement under the Trust Deed consequent on holding the Special Option.

## **12. SECURITIES LAW RESTRICTIONS**

12.1 This paragraph 12 operates in addition to restrictions on transfers of Special Options under paragraph 8. The Special Options have not been registered under the U.S. Securities Act of 1933, as amended ("U.S. Securities Act"), and may not be offered, sold or exercised except:

- (a) pursuant to an effective registration statement under the U.S. Securities Act;
- (b) within the United States to or, in the case of exercise, by Institutional "Accredited Investors" within the meaning of Rule 501(a)(1), (2), (3) and (7) under the U.S. Securities Act in a transaction exempt from registration requirements of the U.S. Securities Act on delivery of a purchaser's letter in the form of **Attachment B-1** or **B-2**, as applicable;
- (c) outside the United States to or, in the case of exercise, by non-U.S. persons in a transaction meeting the requirements of Rules 901, 903 or 904 of Regulation S under the U.S. Securities Act;
- (d) to WEA, its affiliates, the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The Special Options must bear a legend to the foregoing effect:

Special Options issued to non-U.S. persons pursuant to Regulation S under the U.S. Securities Act must bear the following additional legend:

"THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT IS NOT BEING EXERCISED ON BEHALF OF A U.S. PERSON OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER AND (B) THE SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS."

All other Special Options must bear the following additional legend:

"THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE

ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY (1) A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT HAS NOT BEEN EXERCISED ON BEHALF OF A U.S. PERSON, OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER OR (2) AN INSTITUTIONAL ACCREDITED INVESTOR ON DELIVERY OF A LETTER SUBSTANTIALLY IN THE FORM ANNEXED TO THE SPECIAL OPTION TERMS AND (B) THIS SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS."

12.2 Units issuable on exercise of the Special Options will not be registered under the U.S. Securities Act and may not be offered or sold by an Optionholder after exercise of an Option except:

- (a) pursuant to an effective registration statement under the U.S. Securities Act or pursuant to an exemption from the registration requirements thereunder;
- (b) outside the United States to non-U.S. persons (which term includes U.S. dealers or other professional fiduciaries acting on a discretionary basis for non-U.S. beneficial owners (other than an estate or trust)) in reliance on Rules 903 and 904 of Regulation S under the U.S. Securities Act;
- (c) in 'regular way transactions' on the ASX, provided that neither the seller, nor any person acting on its behalf, knows that the transaction has been pre-arranged with a buyer that is a US person or is located in the US;
- (d) to the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The foregoing restrictions must be noted in the Unit register maintained by the Manager. The Manager agrees that it will cause the notation to be removed from the Unit register at such time as the Units may be transferred without restriction under applicable law.

12.3 A Special Option may only be exercised by a non-U.S. person on delivery of either:

- (a) a written certification that the Optionholder is not a U.S. person and the Special Option is not being exercised on behalf of a U.S. person; or
- (b) a written opinion of counsel to the effect that the Special Option and the Units delivered on exercise thereof have been registered under the U.S. Securities Act or are exempt from registration thereunder.

12.4 A Special Option may only be exercised by a U.S. person on delivery of a purchaser's letter for "Accredited Investors" in the form of **Attachment B-1**, certifying that the Optionholder is

an "Accredited Investor" as defined in that letter, together with the other materials referred to therein.

12.5 A Special Option may not be transferred to any person if the effect of such transfer would be that the ownership limitations contained in WEA's Restated Articles of Incorporation would be violated.

12.6 Any withholding obligation of the Manager on receipt of a Continuing Security may be satisfied by delivery of an amount in United States dollars by the Optionholder.

### 13. REDEMPTION OF PREFERENCE SHARES

13.1 If WEA redeems Preference Shares in accordance with their terms the Optionholder must deliver (for no consideration) to the Manager the same number of Options, subject to **paragraph 15.1**, as Preference Shares to be redeemed and the Manager must reissue the Option Certificate in respect of the Optionholders' remaining holding (if any) of Special Options and may cancel the Special Options so transferred.

13.2 After all Preference Shares have either been redeemed or transferred to the Manager, the Manager may cancel any outstanding Special Options and if the Manager cancels the Special Options notify the Optionholder of the cancellation.

### 14. QEF ELECTION

If an Optionholder intends to make the election provided for in Section 1295(b) of the Internal Revenue Code of 1986, as amended ("Code"), then such Optionholder must so notify the Manager and the Manager must, at the Manager's expense, take such actions as may be required by the Code and the authorities thereunder to have WAT be treated as a qualified electing fund (within the meaning of Section 1295 of the Code) with respect to a Unitholder or Optionholder that makes the election provided for under Section 1295(b) of the Code.

### 15. RECONSTRUCTIONS

15.1 Except as provided in **paragraph 15.2**, if:

(a) WEA carries out a Reconstruction; or

(b) WAT carries out a Reconstruction,

then, in each such event:

(c) the number of Special Options held by an Optionholder; or

(d) the Conversion Number; or

(e) some of, or all, such factors,

will be adjusted, as appropriate, in a manner determined by the Manager which:

- (f) is fair and equitable to the Members and Optionholders; and
- (g) to the extent necessary, complies with the Listing Rules of the ASX applying to a reorganisation (as that term is defined in the Listing Rules of the ASX) of capital at the time of the reorganisation (and for the avoidance of doubt the parties agree that any reconstruction of WEA is carried out as if the Listing Rules of the ASX applied to the reorganisation of WEA),

and is approved by Optionholders holding a majority of the outstanding Special Options on issue provided that if such Optionholders fail to approve the manner of adjustment determined by the Manager, the Manager must, pursuant to **paragraph 19**, refer the matter to an Expert who will make a determination of any adjustment. The Expert must be directed to take into account **paragraphs 15.1(f), (g) and 19.3** in making a determination.

- 15.2
- (a) If WAT is merged or consolidated with or into a new entity or WAT transfers all or substantially all of its assets to another entity then, on a subsequent exercise of the Special Options, the Optionholder is entitled to receive securities in the new transferee entity equal to those which the Optionholder would have received had it exercised such Special Options and held Units immediately prior to such transaction.
  - (b) If WEA is merged or consolidated with or into a new entity or if WEA transfers all or substantially all of its assets to another entity and the Optionholder receives stock in such entity in consideration of its Continuing Securities then, on a subsequent exercise of the Special Options, the Optionholder is entitled to use such new securities received in such transaction (in lieu of the Continuing Securities) as the consideration for the issuance of ordinary Units based on a revised Conversion Number which is fair and equitable to the Members and the Optionholder.

### 15.3

- (a) The Manager agrees for the benefit of the Optionholders that if, while any Special Options are on issue, it:
  - (i) announces an intention to wind up WAT; or
  - (ii) receives a requisition from Members, that meets the requirements of the Corporations Law, to convene a meeting of Members for the purpose of passing a resolution to direct the winding up of WAT,

then it will immediately give written notice to the Optionholders of the announcement or requisition. In the case of an announcement or if Members subsequently pass a resolution in accordance with the Corporations Law to terminate WAT then, before WAT is terminated, the Optionholders may exercise any or all of their Special Options in accordance with the provisions of these Special Option Terms.

- (b) The Manager agrees that until the expiration of the Special Option Period:

- (i) prior to any Reconstruction of WAT it will provide not less than 30 days prior written notice of such Reconstruction to the Optionholder, and the Optionholder has the right at any time following delivery of such notice to exercise its Special Options; and
- (ii) in the event WEA is merged or consolidated with or into a new entity or transfers all or substantially all of its assets to another entity, the Optionholder has the right at any time following such event to exercise its Special Options in accordance with the provisions of these Special Option Terms.

## **16. REPRESENTATIONS, WARRANTIES AND COVENANTS**

16.1 The Manager represents and warrants for the benefit of the Optionholder that as at the date of the Special Option Deed, the Issue Date, the date of transfer of the Special Options by WEA to WAIPL and the Exercise Date:

- (a) all Special Options have been duly authorised, validly issued, and the Optionholder is entitled to the rights in favour of the Optionholder under the Special Option Terms;
- (b) there are no pre-emptive rights or similar rights to purchase any Units issuable on exercise of the Special Options on the part of any holders of any class of securities of WAT; and
- (c) the Special Option Deed has been duly authorised, executed and delivered by the Manager and is a valid and binding obligation of the Manager and enforceable in accordance with its terms.

16.2 The Manager covenants that:

- (a) it will use its best endeavours to ensure that the ordinary Units (including the Units issued on the exercise of the Special Options) are officially quoted on the ASX as soon as possible after they are issued and that such official quotation is maintained;
- (b) at all times while the Special Options are outstanding, WAT will have sufficient authorised and unissued Units available for issue on exercise of the Special Options and all other options outstanding with respect to Units; and
- (c) subject to compliance by the Optionholder with the Special Option Terms, the Units issuable on exercise of the Special Options will be duly authorised, validly issued and fully paid.

16.3 To the extent that any covenant contained in the Special Option Deed is made for the benefit of the Optionholder, such covenant will be enforceable against the Manager by any person registered as a Optionholder.

## **17. REGISTRATION AND NO QUOTATION OF SPECIAL OPTIONS**

17.1 The Manager will maintain registers of Optionholders. An Optionholder may:

- (a) inspect such register at any time during Business Hours; and
- (b) obtain copies of such register.

17.2 The Manager must send to an Optionholder copies of all notices (including, without limitation, notices of Members' meetings), accounts and other statements sent to Members.

17.3 For the purposes of **paragraph 17.2**, notices, accounts and other statements sent to joint Optionholders will be deemed to be sent to all those Optionholders if sent to the Optionholder named first on the register.

17.4 If an Optionholder:

- (a) has lost a certificate in respect of any Special Options; and
- (b) provides the Manager with a statutory declaration of loss in respect of such certificate,

the Manager must cancel the lost certificate and issue a replacement certificate to the Optionholder.

17.5 The Optionholder acknowledges that the Special Options will not be quoted on any stock exchange.

## **18. RENEGOTIATION**

If prior to the earliest date on which the Special Options may be exercised the laws of Australia are amended, varied or replaced, or the Commonwealth Government introduces a bill into Parliament, which may result in WAT failing to qualify as a 'collective investment vehicle', then the Manager and the Optionholders will enter into good faith negotiations to amend the terms of the Special Options, including if necessary the Special Option Period, in order to avoid such failure.

## **19. DISPUTES**

19.1 If a dispute arises in relation to an adjustment to:

- (a) the number of Special Options held by an Optionholder; or
- (b) the Conversion Number; or
- (c) some or all such factors,

or any other adjustment to be made pursuant to **paragraph 15.1** or **paragraph 15.2**, either the Manager or the Optionholder is entitled to refer the dispute (but no other disputes) to an Expert.

- 19.2 The Expert must be directed by the party referring the dispute:
- (a) to resolve the dispute in a timely manner as an expert and not as an arbitrator; and
  - (b) to determine the party or parties responsible for paying the costs of the Expert having regard to the Expert's findings concerning resolution of the dispute.
- 19.3 The Expert must take into account (i) any adjustment or resolution of a dispute with respect to the same factual circumstances and (ii) any prior or contemporaneous adjustments or resolutions of disputes, in each case under **Section 6** of the Series D Certificate of Designation such that the resolution of the dispute or disputes is fair and equitable to the Members and Optionholders.
- 19.4 The determination of the Expert will be final and binding on the Manager and the Optionholders.

**'WAT'** means the managed investment scheme constituted by the Trust Deed and known as the Westfield America Trust (ARSN 092 058 449).

**'WCI'** means Westfield Corporation, Inc.

**'WEA'** means Westfield America, Inc.

- 22.2 Words or phrases beginning in capitals and not otherwise defined in these Special Option Terms have the same meaning as in the Trust Deed.

## 23. ENTITLEMENT

Each Special Option entitles the Optionholder to subscribe for Units on the terms set out in these Special Option Terms.

## 24. EXERCISE PERIOD

A Special Option may be exercised at any time during the Special Option Period, in accordance with these Special Option Terms.

## 25. PREREQUISITE TO EXERCISE

- 25.1 A Special Option may not be exercised (and the Manager will be under no obligation to issue Units in respect of any Special Option) unless:
  - (a) the Special Option is exercised as part of a parcel of Special Options which, on exercise, entitles the Optionholder to a parcel of Units having a value not less than

the amount required by the *Corporations Law* (currently A\$500,000) for the issue of each such Unit to constitute an issue that does not need disclosure to investors pursuant to section 708(8)(a) of the *Corporations Law* (or any successor provision); and

- (b) the Optionholder complies in all material respects with all the other Special Option Terms; and
- (c) the issue of Units to the Optionholder would not breach the Australian *Corporations Law* or any applicable law.

25.2 If the Optionholder which wishes to exercise a Special Option, gives a Notice of Intention to Exercise and a Notice of Exercise and otherwise complies in all material respects with the requirements for exercise of a Special Option set out in these Special Option Terms, the Manager must comply with the provisions of the Trust Deed and of the Special Option Terms in respect of the exercise of the Special Option.

## 26. EXCHANGE RIGHT

26.1 One Special Option is exercisable for each Continuing Security transferred to the Manager.

26.2 On exercise of a Special Option, the Optionholder will receive in respect of a Continuing Security, the Conversion Number of Units provided that, if this would have the effect that the Optionholder would receive a fraction of one Unit, the Optionholder will receive one additional Unit. The Conversion Number of Units must be issued within one Business Day after receipt of a Notice of Exercise given in accordance with paragraph 7.

## 27. RANKING OF UNITS ON EXERCISE OF SPECIAL OPTIONS

27.1 Subject to paragraph 6.2, a Unit allotted on exercise of a Special Option will rank equally in all respects with the existing Units on issue at the date of allotment.

27.2 A Unit allotted on exercise of a Special Option will rank for distribution of the Distributable Income from the date following the last day of the most recently completed dividend period for the Continuing Security transferred so that where Units are allotted during an Accrual Period, such Units will participate in the Distributable Income in respect of that Accrual Period in the proportion that the part of the Accrual Period (calculated in days) for which such Units rank for distribution of Distributable Income bears to the total number of days in such Accrual Period.

## 28. MANNER OF EXERCISE

28.1 If an Optionholder wishes to exercise a Special Option, then the Optionholder must give a non-binding notice of intention to exercise the Special Option to the Manager during the Special Option Period at least 10 Business Days before giving a Notice of Exercise under paragraph 7.2.

28.2 If an Optionholder wishes to exercise a Special Option and has complied with **paragraph 7.1**, it must give an irrevocable Notice of Exercise to the Manager during the Special Option Period specifying:

- (a) the number of Special Options which the Optionholder wishes to exercise in compliance with **paragraph 4** and the type of Continuing Security to be delivered;
- (b) the specific date on which those Special Options are to be exercised ('Exercise Date') in accordance with the Special Option Terms;
- (c) the number of Units which are to be issued to the Optionholder on the exercise of the Special Options detailed in the Notice of Exercise ('Relevant Number') (being equal to the number of Special Options to which the Notice of Exercise relates multiplied by the Conversion Number, subject to rounding up by one unit in the case of a fractional unit); and
- (d) confirmation of compliance with the U.S. securities laws restrictions contained in **paragraph 12**.

28.3 On the Exercise Date:

- (a) the Optionholder must deliver to the Manager the Continuing Securities (together with any necessary instruments of transfer properly executed) to which the Notice of Exercise relates; and
- (b) in consideration of the transfer pursuant to **paragraph 7.3(a)**, the Manager must issue to the Optionholder the Relevant Number of Units.

28.4 The Optionholder must ensure that any Continuing Security transferred pursuant to **paragraph 7.3(a)** (or specified in the Notice of Exercise) is (immediately prior to transfer) owned by the Optionholder (free of all mortgages, charges, liens and other encumbrances or prior claims), and has attached all rights (including rights to receive dividends) attaching or accruing to the Continuing Security on the Exercise Date.

## 29. TRANSFER OF SPECIAL OPTIONS

29.1 An Optionholder shall not Sell any Special Options owned by it, unless it first notifies the Manager in writing of its desire to so Sell such Special Options or Continuing Securities and allows the Manager five Business Days from the date of such notice to make an offer for such securities. The Optionholder may reject, in its absolute discretion, any offer to purchase such securities made by the Manager and may Sell such securities to any buyer after the five Business Day period has elapsed; provided that any offer by the Manager shall include both the Special Options and the related Continuing Securities to the extent that the Optionholder notified the Manager that it will sell such securities as a package and provided further that for a period of 90 days after such five Business Day period has elapsed, the Optionholder shall not Sell such securities at a price (before deduction of underwriting commissions, placement fees and other selling expenses) less than 90% of the price offered by the Manager.

- 29.2 Any person to whom a Special Option is transferred must be a person to whom disclosure to investors under Chapter 6D of the *Corporations Law* is not required. A transferee must provide to the Manager, if requested, evidence that it is such a person.
- 29.3 Subject to this **paragraph 8** and the securities law restrictions set out in **paragraph 12**, a Special Option is fully transferable as follows:
- (a) by delivery to the Manager of a duly executed and, subject to **paragraph 30**, stamped transfer in the form of **Attachment B-3** by the Optionholder or the transferee, together with the Option Certificates to which the transfer relates; and
  - (b) the Manager registering the transfer of the Special Options, subject to the terms and conditions of the Trust Deed, which the Manager agrees to do promptly after receipt of the items referred to in **paragraph 8.3(a)**.
- 29.4 On registration of a transfer, the transferee is bound by the Trust Deed and the Special Options Terms and assumes the rights and obligations of an Optionholder in respect of the Special Options transferred.

### 30. NEW ISSUES BY WAT

A Special Option does not confer any right on the Optionholder to participate in any new issues of Units, or to be entitled to any distributions by WAT.

### 31. RIGHT TO VOTE

An Optionholder is entitled to vote at meetings of Members.

### 32. NO OTHER RIGHTS

In accordance with, and subject to, the provisions of the Trust Deed and the *Corporations Law*, no Special Option confers on the Optionholder:

- (a) any right to require the Manager to redeem or repurchase the Special Option; or
- (b) except as expressly provided in the Trust Deed, any other entitlement under the Trust Deed consequent on holding the Special Option.

### 33. SECURITIES LAW RESTRICTIONS

- 33.1 This **paragraph 12** operates in addition to restrictions on transfers of Special Options under **paragraph 8**. The Special Options have not been registered under the U.S. Securities Act of 1933, as amended ('U.S. Securities Act'), and may not be offered, sold or exercised except:
- (a) pursuant to an effective registration statement under the U.S. Securities Act;

- (b) within the United States to or, in the case of exercise, by 'Institutional 'Accredited Investors' within the meaning of Rule 501(a)(1), (2), (3) and (7) under the U.S. Securities Act, in a transaction exempt from registration requirements of the U.S. Securities Act on delivery of a purchaser's letter in the form of **Attachment B-1** or **B-2**, as applicable;
- (c) outside the United States to or, in the case of exercise, by non-U.S. persons in a transaction meeting the requirements of Rules 901, 903 or 904 of Regulation S under the U.S. Securities Act;
- (d) to WEA, its affiliates, the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The Special Options must bear a legend to the foregoing effect:

Special Options issued to non-U.S. persons pursuant to Regulation S under the U.S. Securities Act must bear the following additional legend:

'THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT IS NOT BEING EXERCISED ON BEHALF OF A U.S. PERSON OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER AND (B) THE SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS.'

All other Special Options must bear the following additional legend:

'THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY (1) A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT HAS NOT BEEN EXERCISED ON BEHALF OF A U.S. PERSON, OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER OR (2) AN INSTITUTIONAL ACCREDITED INVESTOR ON DELIVERY OF A LETTER SUBSTANTIALLY IN THE FORM ANNEXED TO THE SPECIAL OPTION TERMS AND (B) THIS SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS.'

- 33.2 Units issuable on exercise of the Special Options will not be registered under the U.S. Securities Act and may not be offered or sold by an Optionholder after exercise of an Option except:

- (a) pursuant to an effective registration statement under the U.S. Securities Act or pursuant to an exemption from the registration requirements thereunder;
- (b) outside the United States to non-U.S. persons (which term includes U.S. dealers or other professional fiduciaries acting on a discretionary basis for non-U.S. beneficial owners (other than an estate or trust)) in reliance on Rules 903 and 904 of Regulation S under the U.S. Securities Act;
- (c) in 'regular way transactions' on the ASX, provided that neither the seller, nor any person acting on its behalf, knows that the transaction has been pre-arranged with a buyer that is a U.S. person or is located in the U.S.;
- (d) to the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The foregoing restrictions must be noted in the Unit register maintained by the Manager. The Manager agrees that it will cause the notation to be removed from the Unit register at such time as the Units may be transferred without restriction under applicable law.

33.3 A Special Option may only be exercised by a non-U.S. person on delivery of either:

- (a) a written certification that the Optionholder is not a U.S. person and the Special Option is not being exercised on behalf of a U.S. person; or
- (b) a written opinion of counsel to the effect that the Special Option and the Units delivered on exercise thereof have been registered under the U.S. Securities Act or are exempt from registration thereunder.

33.4 A Special Option may only be exercised by a U.S. person on delivery of a purchaser's letter for 'Accredited Investors' in the form of **Attachment B-1**, certifying that the Optionholder is an 'Accredited Investor' as defined in that letter, together with the other materials referred to therein.

33.5 A Special Option may not be transferred to any person if the effect of such transfer would be that the ownership limitations contained in WEA's Restated Articles of Incorporation would be violated.

33.6 Any withholding obligation of the Manager on receipt of a Continuing Security may be satisfied by delivery of an amount in United States dollars by the Optionholder.

### 34. QEF ELECTION

If an Optionholder intends to make the election provided for in Section 1295(b) of the Internal Revenue Code of 1986, as amended ("Code"), then such Optionholder must so notify the Manager and the Manager must, at the Manager's expense, take such actions as may be required by the Code and the authorities thereunder to have WAT be treated as a qualified electing fund (within the meaning of Section 1295 of the Code) with respect to a Unitholder or Optionholder that makes the election provided for under Section 1295(b) of the Code.

### 35. RECONSTRUCTIONS

35.1 Except as provided in **paragraph 14.2**, if:

- (a) WEA carries out a Reconstruction; or
- (b) WAT carries out a Reconstruction,

then, in each such event:

- (c) the number of Special Options held by an Optionholder; or
- (d) the Conversion Number; or
- (e) some of, or all, such factors,

will be adjusted, as appropriate, in a manner determined by the Manager which:

- (f) is fair and equitable to the Members and Optionholders; and
- (g) to the extent necessary, complies with the Listing Rules of the ASX applying to a reorganisation (as that term is defined in the Listing Rules of the ASX) of capital at the time of the reorganisation (and for the avoidance of doubt the parties agree that any reconstruction of WEA is carried out as if the Listing Rules of the ASX applied to the reorganisation of WEA),

and is approved by Optionholders holding a majority of the outstanding Special Options on issue provided that if such Optionholders fail to approve the manner of adjustment determined by the Manager, the Manager must, pursuant to **paragraph 18**, refer the matter to an Expert who will make a determination of any adjustment. The Expert must be directed to take into account **paragraphs 14.1(f) and (g)** in making a determination.

- 35.2 (a) If WAT is merged or consolidated with or into a new entity or WAT transfers all or substantially all of its assets to another entity then, on a subsequent exercise of the Special Options, the Optionholder is entitled to receive securities in the new transferee entity equal to those which the Optionholder would have received had it exercised such Special Options and held Units immediately prior to such transaction.
- (b) If WEA is merged or consolidated with or into a new entity or if WEA transfers all

or substantially all of its assets to another entity and the Optionholder receives stock in such entity in consideration of its Continuing Securities then, on a subsequent exercise of the Special Options, the Optionholder is entitled to use such new securities received in such transaction (in lieu of the Continuing Securities) as the consideration for the issuance of ordinary Units based on a revised Conversion Number which is fair and equitable to the Members and the Optionholder.

- 35.3 (a) The Manager agrees for the benefit of the Optionholders that if, while any Special Options are on issue, it:
- (i) announces an intention to wind up WAT; or
  - (ii) receives a requisition from Members, that meets the requirements of the *Corporations Law*, to convene a meeting of Members for the purpose of passing a resolution to direct the winding up of WAT,

then it will immediately give written notice to the Optionholders of the announcement or requisition. In the case of an announcement or if Members subsequently pass a resolution in accordance with the *Corporations Law* to terminate WAT then, before WAT is terminated, the Optionholders may exercise any or all of their Special Options in accordance with the provisions of these Special Option Terms.

- (b) The Manager agrees that until the expiration of the Special Option Period:
- (i) prior to any Reconstruction of WAT it will provide not less than 30 days prior written notice of such Reconstruction to the Optionholder, and the Optionholder has the right at any time following delivery of such notice to exercise its Special Options; and
  - (ii) in the event WEA is merged or consolidated into a new entity or transfers all or substantially all of its assets to another entity, the Optionholder has the right at any time following such event to exercise its Special Options in accordance with the provisions of these Special Option Terms.

### 36. REPRESENTATIONS, WARRANTIES AND COVENANTS

36.1 The Manager represents and warrants for the benefit of the Optionholders that as at the date of the Special Option Deed, the Issue Date and the Exercise Date:

- (a) all Special Options have been duly authorised, validly issued, and the Optionholders are entitled to the rights in favour of the Optionholder under the Special Option Terms;
- (b) there are no pre-emptive rights or similar rights to purchase any Units issuable on exercise of the Special Options on the part of any holders of any class of securities of WAT; and

- (c) the Special Option Deed has been duly authorised, executed and delivered by the Manager and is a valid and binding obligation of the Manager and enforceable in accordance with its terms.

36.2 The Manager covenants that:

- (a) it will use its best endeavours to ensure that the ordinary Units (including the Units issued on the exercise of the Special Options) are officially quoted on the ASX as soon as possible after they are issued and that such official quotation is maintained;
- (b) at all times while Special Options are outstanding, WAT will have sufficient authorised and unissued Units available for issue on exercise of all Special Options and all other options outstanding with respect to Units; and
- (c) subject to compliance by the Optionholder with the Special Option Terms, the Units issuable on exercise of the Special Options will be duly authorised, validly issued and fully paid.

- 36.3 To the extent that any covenant contained in the Special Option Deed is made for the benefit of the Optionholder, such covenant will be enforceable against the Manager by any person registered as a Optionholder.

**37. REGISTRATION AND NO QUOTATION OF SPECIAL OPTIONS**

- 37.1 The Manager will maintain registers of Optionholders. An Optionholder may:

- (a) inspect such register at any time during Business Hours; and
- (b) obtain copies of such register.

- 37.2 The Manager must send to an Optionholder copies of all notices (including, without limitation, notices of Members' meetings), accounts and other statements sent to Members.

- 37.3 For the purposes of **paragraph 16.2**, notices, accounts and other statements sent to joint Optionholders will be deemed to be sent to all those Optionholders if sent to the Optionholder named first on the register.

- 37.4 If an Optionholder:

- (a) has lost a certificate in respect of any Special Options; and
- (b) provides the Manager with a statutory declaration of loss in respect of such certificate,

the Manager must cancel the lost certificate and issue a replacement certificate to the Optionholder.

- 37.5 The Optionholder acknowledges that the Special Options will not be quoted on any stock exchange.

### 38. RENEgociATION

If prior to the earliest date on which the Special Options may be exercised the laws of Australia are amended, varied or replaced, or the Commonwealth Government introduces a bill into Parliament, which may result in WAT failing to qualify as a 'collective investment vehicle', then the Manager and the Optionholders will enter into good faith negotiations to amend the terms of the Special Options, including if necessary the Special Option Period, in order to avoid such failure.

### 39. DISPUTES

39.1 If a dispute arises in relation to an adjustment to:

- (a) the number of Special Options held by an Optionholder; or
- (b) the Conversion Number; or
- (c) some or all such factors,

or any other adjustment to be made pursuant to **paragraph 14.1** or **paragraph 14.2**, either the Manager or the Optionholder is entitled to refer the dispute (but no other disputes) to an Expert.

39.2 The Expert must be directed by the party referring the dispute:

- (a) to resolve the dispute in a timely manner as an expert and not as an arbitrator; and
- (b) to determine the party or parties responsible for paying the costs of the Expert having regard to the Expert's findings concerning resolution of the dispute.

39.3 The determination of the Expert will be final and binding on the Manager and the Optionholders.

5. We understand that, on any proposed reoffer, resale, pledge or transfer of any Special Options, we will be required to furnish to the Manager and the registrar and transfer agent for the Units, such certification and other information as the Manager may reasonably require to confirm that the proposed sale complies with the foregoing restrictions and the provisions of the Special Option Terms governing the Special Options. ## 2. ENTITLEMENT

Each Special Option entitles the Optionholder to subscribe for Units on the terms set out in these Special Option Terms.

## 3. EXERCISE PERIOD

A Special Option may be exercised at any time during the Special Option Period, in accordance with these Special Option Terms.

## 4. PREREQUISITE TO EXERCISE

- 4.1 A Special Option may not be exercised (and the Manager will be under no obligation to issue Units in respect of any Special Option) unless:

- (a) the Special Option is exercised as part of a parcel of Special Options which, on exercise, entitles the Optionholder to a parcel of Units having a value not less than the amount required by the *Corporations Act 2001* (Cth) (currently A\$500,000) for the issue of each such Unit to constitute an issue that does not need disclosure to investors pursuant to s1012B of Part 7.9 of the *Corporations Act 2001* (Cth) (or any successor provision) because the person exercising the Special Option is a person of the kind described in s761G(7)(a) of the *Corporations Act 2001* (Cth) (or any successor provision); and
- (b) the Optionholder complies in all material respects with all the other Special Option Terms; and

- 4.2 If the Optionholder which wishes to exercise a Special Option, gives a Notice of Intention to Exercise and a Notice of Exercise and otherwise complies in all material respects with the requirements for exercise of a Special Option set out in these Special Option Terms, the Manager must comply with the provisions of the Trust Deed and of the Special Option Terms in respect of the exercise of the Special Option.

## 5. EXCHANGE RIGHT

- 5.1 One Special Option is exercisable for each Continuing Security transferred to the Manager.
- 5.2 On exercise of a Special Option, the Optionholder will receive in respect of a Continuing Security, the Conversion Number of Units provided that, if this would have the effect that the Optionholder would receive a fraction of one Unit, the Optionholder will receive one additional Unit. The Conversion Number of Units must be issued within one Business Day after receipt of a Notice of Exercise given in accordance with paragraph 7.

## 6. RANKING OF UNITS ON EXERCISE OF SPECIAL OPTIONS

- 6.1 Subject to paragraph 6.2, a Unit allotted on exercise of a Special Option will rank equally in all respects with the existing Units on issue at the date of allotment.
- 6.2 A Unit allotted on exercise of a Special Option will rank for distribution of the Distributable Income from the date following the last day of the most recently completed dividend period for the Continuing Security transferred so that where Units are allotted during an Accrual Period, such Units will participate in the Distributable Income in respect of that Accrual Period in the proportion that the part of the Accrual Period (calculated in days) for which such Units rank for distribution of Distributable Income bears to the total number of days in such Accrual Period.

## 7. MANNER OF EXERCISE

- 7.1 If an Optionholder wishes to exercise a Special Option, then the Optionholder must give a non-binding notice of intention to exercise the Special Option to the Manager during the Special Option Period at least 10 Business Days before giving a Notice of Exercise under paragraph 7.2.
- 7.2 If an Optionholder wishes to exercise a Special Option and has complied with paragraph 7.1, it must give an irrevocable Notice of Exercise to the Manager during the Special Option Period specifying:
  - (a) the number of Special Options which the Optionholder wishes to exercise in compliance with paragraph 4 and the type of Continuing Security to be delivered;
  - (b) the specific date on which those Special Options are to be exercised ('Exercise Date') in accordance with the Special Option Terms;
  - (c) the number of Units which are to be issued to the Optionholder on the exercise of the Special Options detailed in the Notice of Exercise ('Relevant Number') (being equal to the number of Special Options to which the Notice of Exercise relates multiplied by the Conversion Number, subject to rounding up by one unit in the case of a fractional unit); and
  - (d) confirmation of compliance with the U.S. securities laws restrictions contained in paragraph 12.

7.3 On the Exercise Date:

- (a) the Optionholder must deliver to the Manager the Continuing Securities (together with any necessary instruments of transfer properly executed) to which the Notice of Exercise relates; and
- (b) in consideration of the transfer pursuant to **paragraph 7.3(a)**, the Manager must issue to the Optionholder the Relevant Number of Units.

7.4 The Optionholder must ensure that any Continuing Security transferred pursuant to **paragraph 7.3(a)** (or specified in the Notice of Exercise) is (immediately prior to transfer) owned by the Optionholder (free of all mortgages, charges, liens and other encumbrances or prior claims), and has attached all rights (including rights to receive dividends) attaching or accruing to the Continuing Security on the Exercise Date.

**8. TRANSFER OF SPECIAL OPTIONS**

- 8.1 An Optionholder shall not Sell any Special Options owned by it, unless it first notifies the Manager in writing of its desire to so Sell such Special Options or Continuing Securities and allows the Manager five Business Days from the date of such notice to make an offer for such securities. The Optionholder may reject, in its absolute discretion, any offer to purchase such securities made by the Manager and may Sell such securities to any buyer after the five Business Day period has elapsed; provided that any offer by the Manager shall include both the Special Options and the related Continuing Securities to the extent that the Optionholder notified the Manager that it will sell such securities as a package and provided further that for a period of 90 days after such five Business Day period has elapsed, the Optionholder shall not Sell such securities (other than pursuant to an underwritten public offering) at a price (before deduction of underwriting commissions, placement fees and other selling expenses) less than 90% of the price offered by the Manager.
- 8.2 Any person to whom a Special Option is transferred must be a person to whom disclosure to investors under Chapter 6D or s1012B of Part 7.9 (as the case may be) of the *Corporations Act 2001* (Cth) is not required. A transferee must provide to the Manager, if requested, evidence that it is such a person.
- 8.3 Subject to this **paragraph 8** and the securities law restrictions set out in **paragraph 12**, a Special Option is fully transferable as follows:
  - (a) by delivery to the Manager of a duly executed and, subject to **paragraph 30**, stamped transfer in the form of **Attachment B-3** by the Optionholder or the transferee, together with the Option Certificates to which the transfer relates; and
  - (b) the Manager registering the transfer of the Special Options, subject to the terms and conditions of the Trust Deed, which the Manager agrees to do promptly after receipt of the items referred to in **paragraph 8.38.3(a)**.
- 8.4 On registration of a transfer, the transferee is bound by the Trust Deed and the Special Options Terms and assumes the rights and obligations of an Optionholder in respect of the Special Options transferred.

**9. NEW ISSUES BY WAT**

A Special Option does not confer any right on the Optionholder to participate in any new issues of Units, or to be entitled to any distributions by WAT.

**10. RIGHT TO VOTE**

An Optionholder is entitled to vote at meetings of Members.

**11. NO OTHER RIGHTS**

In accordance with, and subject to, the provisions of the Trust Deed and the *Corporations Act 2001* (Cth), no Special Option confers on the Optionholder:

- (a) any right to require the Manager to redeem or repurchase the Special Option; or
- (b) except as expressly provided in the Trust Deed, any other entitlement under the Trust Deed consequent on holding the Special Option.

**12. SECURITIES LAW RESTRICTIONS**

12.1 This **paragraph 12** operates in addition to restrictions on transfers of Special Options under **paragraph 8**. The Special Options have not been registered under the U.S. Securities Act of 1933, as amended ('U.S. Securities Act'), and may not be offered, sold or exercised except:

- (a) pursuant to an effective registration statement under the U.S. Securities Act;
- (b) within the United States to or, in the case of exercise, by Institutional 'Accredited Investors' within the meaning of Rule 501(a)(1), (2), (3) and (7) under the U.S. Securities Act in a transaction exempt from registration requirements of the U.S. Securities Act on delivery of a purchaser's letter in the form of **Attachment B-1** or **B-2**, as applicable;
- (c) outside the United States to or, in the case of exercise, by non-U.S. persons in a transaction meeting the requirements of Rules 901, 903 or 904 of Regulation S under the U.S. Securities Act;
- (d) to WEA, its affiliates, the Manager or its affiliates; or
- (e) as otherwise agreed by the Manager.

The Special Options must bear a legend to the foregoing effect:

Special Options issued to non-U.S. persons pursuant to Regulation S under the U.S. Securities Act must bear the following additional legend:

**'THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN**

CERTIFICATE THAT IT IS NOT BEING EXERCISED ON BEHALF OF A U.S. PERSON OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER AND (B) THE SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS.'

All other Special Options must bear the following additional legend:

'THE HOLDER OF THIS SECURITY AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THE SECURITY MAY BE EXERCISED ONLY BY (1) A NON-U.S. PERSON ON DELIVERY OF EITHER (i) A WRITTEN CERTIFICATE THAT IT HAS NOT BEEN EXERCISED ON BEHALF OF A U.S. PERSON, OR (ii) A WRITTEN OPINION OF COUNSEL TO THE EFFECT THAT THE SECURITY AND THE UNITS DELIVERED ON EXERCISE THEREOF HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR ARE EXEMPT FROM REGISTRATION THEREUNDER OR (2) AN INSTITUTIONAL ACCREDITED INVESTOR ON DELIVERY OF A LETTER SUBSTANTIALLY IN THE FORM ANNEXED TO THE SPECIAL OPTION TERMS AND (B) THIS SECURITY MAY BE EXERCISED ONLY IN ACCORDANCE WITH THE SPECIAL OPTION TERMS.'

- 12.2 Units issuable on exercise of the Special Options will not be registered under the U.S. Securities Act and may not be offered or sold by an Optionholder after exercise of an Option except:
- (a) pursuant to an effective registration statement under the U.S. Securities Act or pursuant to an exemption from the registration requirements thereunder;
  - (b) outside the United States to non-U.S. persons (which term includes U.S. dealers or other professional fiduciaries acting on a discretionary basis for non-U.S. beneficial owners (other than an estate or trust)) in reliance on Rules 903 and 904 of Regulation S under the U.S. Securities Act;
  - (c) in 'regular way transactions' on the ASX, provided that neither the seller, nor any person acting on its behalf, knows that the transaction has been pre-arranged with a buyer that is a U.S. person or is located in the U.S.;
  - (d) to the Manager or its affiliates; or
  - (e) as otherwise agreed by the Manager.

The foregoing restrictions must be noted in the Unit register maintained by the Manager. The Manager agrees that it will cause the notation to be removed from the Unit register at such time as the Units may be transferred without restriction under applicable law.

- 12.3 A Special Option may only be exercised by a non-U.S. person on delivery of either:

- (a) a written certification that the Optionholder is not a U.S. person and the Special Option is not being exercised on behalf of a U.S. person; or
- (b) a written opinion of counsel to the effect that the Special Option and the Units delivered on exercise thereof have been registered under the U.S. Securities Act or are exempt from registration thereunder.

12.4 A Special Option may only be exercised by a U.S. person on delivery of a purchaser's letter for 'Accredited Investors' in the form of **Attachment B-1**, certifying that the Optionholder is an 'Accredited Investor' as defined in that letter, together with the other materials referred to therein.

12.5 A Special Option may not be transferred to any person if the effect of such transfer would be that the ownership limitations contained in WEA's Restated Articles of Incorporation would be violated.

12.6 Any withholding obligation of the Manager on receipt of a Continuing Security may be satisfied by delivery of an amount in United States dollars by the Optionholder.

### 13. QEF ELECTION

If an Optionholder intends to make the election provided for in Section 1295(b) of the Internal Revenue Code of 1986, as amended ('Code'), then such Optionholder must so notify the Manager and the Manager must, at the Manager's expense, take such actions as may be required by the Code and the authorities thereunder to have WAT be treated as a qualified electing fund (within the meaning of Section 1295 of the Code) with respect to a Unitholder or Optionholder that makes the election provided for under Section 1295(b) of the Code.

### 14. RECONSTRUCTIONS

14.1 Except as provided in paragraph 15.2, if:

- (a) WEA carries out a Reconstruction; or
- (b) WAT carries out a Reconstruction,

then, in each such event:

- (c) the number of Special Options held by an Optionholder; or
- (d) the Conversion Number; or
- (e) some of, or all, such factors,

will be adjusted, as appropriate, in a manner determined by the Manager which:

- (f) is fair and equitable to the Members and Optionholders; and
- (g) to the extent necessary, complies with the Listing Rules of the ASX applying to a reorganisation (as that term is defined in the Listing Rules of the ASX) of capital at the time of the reorganisation (and for the avoidance of doubt the

parties agree that any reconstruction of WEA is carried out as if the Listing Rules of the ASX applied to the reorganisation of WEA),

and is approved by Optionholders holding a majority of the outstanding Special Options on issue provided that if such Optionholders fail to approve the manner of adjustment determined by the Manager, the Manager must, pursuant to **paragraph 19**, refer the matter to an Expert who will make a determination of any adjustment. The Expert must be directed to take into account **paragraphs 15.1(f) and (g)** in making a determination.

- 14.2 (a) If WAT is merged or consolidated with or into a new entity or WAT transfers all or substantially all of its assets to another entity then, on a subsequent exercise of the Special Options, the Optionholder is entitled to receive securities in the new transferee entity equal to those which the Optionholder would have received had it exercised such Special Options and held Units immediately prior to such transaction.
- (b) If WEA is merged or consolidated with or into a new entity or if WEA transfers all or substantially all of its assets to another entity and the Optionholder receives stock in such entity in consideration of its Continuing Securities then, on a subsequent exercise of the Special Options, the Optionholder is entitled to use such new securities received in such transaction (in lieu of the Continuing Securities) as the consideration for the issuance of ordinary Units based on a revised Conversion Number which is fair and equitable to the Members and the Optionholder.
- (a) The Manager agrees for the benefit of the Optionholders that if, while any Special Options are on issue, it:
- (i) announces an intention to wind up WAT; or
  - (ii) receives a requisition from Members, that meets the requirements of the *Corporations Act 2001* (Cth), to convene a meeting of Members for the purpose of passing a resolution to direct the winding up of WAT,
- then it will immediately give written notice to the Optionholders of the announcement or requisition. In the case of an announcement or if Members subsequently pass a resolution in accordance with the *Corporations Act 2001* (Cth) to terminate WAT then, before WAT is terminated, the Optionholders may exercise any or all of their Special Options in accordance with the provisions of these Special Option Terms.
- (b) The Manager agrees that until the expiration of the Special Option Period:
- (iii) prior to any Reconstruction of WAT it will provide not less than 30 days prior written notice of such Reconstruction to the Optionholder, and the Optionholder has the right at any time following delivery of such notice to exercise its Special Options; and
  - (iv) in the event WEA is merged or consolidated into a new entity or transfers all or substantially all of its assets to another entity, the Optionholder has the right at any time following such event to

exercise its Special Options in accordance with the provisions of these Special Option Terms.

## **15. REPRESENTATIONS, WARRANTIES AND COVENANTS**

15.1 The Manager represents and warrants for the benefit of the Optionholders that as at the date of the Special Option Deed, the Issue Date and the Exercise Date:

- (a) all Special Options have been duly authorised, validly issued, and the Optionholders are entitled to the rights in favour of the Optionholder under the Special Option Terms;
- (b) there are no pre-emptive rights or similar rights to purchase any Units issuable on exercise of the Special Options on the part of any holders of any class of securities of WAT; and
- (c) the Special Option Deed has been duly authorised, executed and delivered by the Manager and is a valid and binding obligation of the Manager and enforceable in accordance with its terms.

15.2 The Manager covenants that:

- (a) it will use its best endeavours to ensure that the ordinary Units (including the Units issued on the exercise of the Special Options) are officially quoted on the ASX as soon as possible after they are issued and that such official quotation is maintained;
- (b) at all times while Special Options are outstanding, WAT will have sufficient authorised and unissued Units available for issue on exercise of all Special Options and all other options outstanding with respect to Units; and
- (c) subject to compliance by the Optionholder with the Special Option Terms, the Units issuable on exercise of the Special Options will be duly authorised, validly issued and fully paid.

15.3 To the extent that any covenant contained in the Special Option Deed is made for the benefit of the Optionholder, such covenant will be enforceable against the Manager by any person registered as a Optionholder.

## **16. REGISTRATION AND NO QUOTATION OF SPECIAL OPTIONS**

16.1 The Manager will maintain registers of Optionholders. An Optionholder may:

- (a) inspect such register at any time during Business Hours; and
- (b) obtain copies of such register.

16.2 The Manager must send to an Optionholder copies of all notices (including, without limitation, notices of Members' meetings), accounts and other statements sent to Members.

16.3 For the purposes of **paragraph 17.2**, notices, accounts and other statements sent to joint Optionholders will be deemed to be sent to all those Optionholders if sent to the Optionholder named first on the register.

16.4 If an Optionholder:

- (a) has lost a certificate in respect of any Special Options; and
- (b) provides the Manager with a statutory declaration of loss in respect of such certificate,

the Manager must cancel the lost certificate and issue a replacement certificate to the Optionholder.

16.5 The Optionholder acknowledges that the Special Options will not be quoted on any stock exchange.

## 17. RENEGOTIATION

If prior to the earliest date on which the Special Options may be exercised the laws of Australia are amended, varied or replaced, or the Commonwealth Government introduces a bill into Parliament, which may result in WAT failing to qualify as a 'collective investment vehicle', then the Manager and the Optionholders will enter into good faith negotiations to amend the terms of the Special Options, including if necessary the Special Option Period, in order to avoid such failure.

## 18. DISPUTES

18.1 If a dispute arises in relation to an adjustment to:

- (a) the number of Special Options held by an Optionholder; or
- (b) the Conversion Number; or
- (c) some or all such factors,

or any other adjustment to be made pursuant to **paragraph 15.1** or **paragraph 15.2**, either the Manager or the Optionholder is entitled to refer the dispute (but no other disputes) to an Expert.

18.2 The Expert must be directed by the party referring the dispute:

- (a) to resolve the dispute in a timely manner as an expert and not as an arbitrator, and
- (b) to determine the party or parties responsible for paying the costs of the Expert having regard to the Expert's findings concerning resolution of the dispute.

18.3 The determination of the Expert will be final and binding on the Manager and the Optionholders.

## 19. NOTICES

19.1 A party giving notice or notifying under these Special Option Terms must do so in writing:

19.2 A notice given in accordance with **paragraph 20.1** is taken to be received:

- (c) if sent by courier, 2 days after being sent; or

19.3 The Manager will promptly deliver to an Optionholder copies of any notices received by it under the Special Option Terms, including any notice changing the foregoing addresses.

# Constitution of Westfield Trust

## 1 Name of Trust

- 1.1 The Trust is called Westfield Trust, or such other name as the Manager determines from time to time.
- 1.2 If a Manager retires or is removed, its successor as Manager must, unless otherwise approved by the former Manager, change the name of the Trust to a name that does not imply an association with the former Manager or its business.

## 2 Assets held on trust

- 2.1 The Assets shall be vested in and held by the Manager on trust for the Members, subject to the terms and conditions of this constitution.
- 2.2 The Assets must be clearly identified as property of the Trust and held separately from the assets of the Manager and any other managed investment scheme, if and to the extent that the Corporations Act so requires.

## 3 Units and Options

### Nature of Units

- 3.1 The beneficial interest in the Trust is divided into Units.
- 3.2 Subject to any applicable Class Rights, each Fully Paid Unit confers on the holder an equal, undivided interest in the Trust.
- 3.3 Subject to any applicable Class Rights, a Unit confers an interest in the Assets as a whole, subject to the Liabilities. It does not confer an interest in a particular Asset.

### Stapling provisions

- 3.4 The provisions of this constitution relating to Stapling take effect if determined by the Manager and, if so determined, on and from the Stapling Commencement Date and apply subject to all other provisions of this constitution which may suspend, abrogate or terminate Stapling. The Manager may, subject to this constitution, the Corporations Act and, while the Units are Officially Quoted, the Listing Rules, cause the Stapling of any other security or securities to the Units.

### Units

- 3.5 Subject to the Corporations Act, the Manager may create and issue Units, including classes of Units, with such Class Rights as it determines. While Stapling applies, the Manager may not issue different Classes of Units except Units which may temporarily be of a different class due to different income entitlements. While the Units are not Stapled, the Manager may issue Units of different Classes. Except to the extent specified in the terms of issue of Units, all Units will rank pari passu.

- 3.6 The Manager may alter the class of a Unit whether by converting the whole class of Units to another class or by re-allocating any particular Units to another class.

### **Options**

- 3.7 The Manager may, subject to the terms of this constitution, create and issue Options on such terms and conditions as the Manager determines. While Stapling applies, an Option may only be exercised if, at the same time as Units are acquired pursuant to the Option, the same person acquires an identical number of Attached Securities which are then Stapled to the Units.

### **Rights attaching to Units and Options**

- 3.8 A Member holds a Unit subject to any applicable Class Rights. The holder of an Option holds an Option subject to any applicable Class Rights. Subject to the Corporations Act, the interests of Members holding Units will prevail over the interests of holders of Options in the case of conflict.

### **Partly paid units**

- 3.9 Subject to clause 4, the Manager may offer Units for sale or subscription on terms that the Application Price is payable by one or more instalments of such amounts payable at such times as the Manager determines. The Manager may determine that the rights and entitlements of those Units (including without limitation the right to participate in the Distributable Income) will be altered. All the terms and conditions of such an offer (including the details of any altered rights and entitlements) must be set out in the document offering the Units for sale. If any Partly Paid Units are issued with altered rights or entitlements, the provisions of this constitution as they apply to such Partly Paid Units must be read subject to those altered rights and entitlements. While Stapling applies Units may not be issued partly paid unless there is, at the same time, a corresponding issue of Attached Securities which are also partly paid. A call will not be regarded as having been validly paid unless any amount payable at the same time in relation to partly paid Attached Securities is also paid.

### **Forfeiture**

- 3.10 If a Member fails to pay in full any instalment due on any Partly Paid Unit on or by the due date, the Manager may, while any part of the instalment remains unpaid, notify the Member that, if the instalment is not paid in full on or by a specified time and day (not earlier than 14 days from the date of service of the notice) ("Specified Date"), the Partly Paid Units in respect of which the instalment or part instalment remains unpaid will be liable to be forfeited and, if Stapling applies, an equal number of Attached Securities will also be liable to be forfeited.
- 3.11 If any part of the instalment remains unpaid after the Specified Date:
- (a) any Partly Paid Unit in respect of which the notice has been given (together with the Attached Securities if Stapling applies) may, at any time after the Specified Date before the required instalment has been paid, be forfeited if the Manager so determines effective at such time as the Manager determines; and

- (b) all voting rights and entitlements to the distribution of income and capital in connection with any Partly Paid Unit and, if Stapling applies, the Attached Securities in respect of which the notice has been given are suspended until reinstated by the Manager and, in the case of the Attached Securities, the Stapled Entities.

From the date of forfeiture:

- (a) the holder of the Partly Paid Unit and, if Stapling applies, Attached Securities ceases to be a Member of the Trust and of each Stapled Entity in respect of the Attached Securities (and has no claims against the Manager or the Trust or the Stapled Entities in respect of the forfeited Unit and the forfeited Attached Securities); and
- (b) if required in order for ASIC relief to be effective, the Manager holds the Partly Paid Unit on trust for the Members.

3.12 A forfeited Partly Paid Unit and, if Stapling applies, any Attached Securities may, subject to compliance with the Corporations Act and the conditions of any ASIC relief and the Listing Rules, be sold or otherwise disposed of:

- (a) at a price equal to that received from the sale of the Partly Paid Units and, if Stapling applies, any Attached Securities in the normal course of business on ASX; or
- (b) by public auction; or
- (c) by private treaty.

At any time before a sale or disposition under this clause 3.12, the forfeiture may be cancelled on such terms as the Manager thinks fit and shall be cancelled when the Member pays to the Manager the full amount owing in respect of such Units and, if Stapling applies, to the Stapled Entities the full amount owing in respect of the Attached Securities.

3.13 The former holder of a Partly Paid Unit which has been forfeited remains liable to pay to the Manager on demand:

- (a) all money which at the date of forfeiture were payable by the holder to the Manager in respect of the forfeited Partly Paid Unit;
- (b) all costs incurred in connection with the forfeiture, including, without limitation, any costs incurred in connection with any proceedings brought against the former holder to recover the instalment or part of the instalment; and
- (c) interest calculated at the Market Rate plus 3% per annum on the daily balance of the amounts in (a) and (b) from the date they become due for payment or were incurred to the date of payment.

The former Partly Paid Unit holder's liability under this clause 3.13 ceases if and when the Manager receives payment in full of all such amounts.

- 3.14 A statement signed by an authorised officer of the Manager that a Partly Paid Unit and, if Stapling applies, the relevant Attached Securities have been forfeited on a stated date is conclusive evidence of that fact as against all persons claiming to be entitled to the forfeited Partly Paid Unit and the Attached Securities.
- 3.15 Where a Partly Paid Unit and the relevant Attached Securities are forfeited pursuant to clauses 3.10 to 3.18, the Manager may:
- (a) receive the consideration, if any, given for the forfeited Partly Paid Unit and relevant Attached Securities on the sale or disposal (or the Manager may determine that the consideration will be received in whole or in part by the Stapled Entities);
  - (b) execute (or procure that the Stapled Entities execute) a transfer of such Partly Paid Unit and relevant Attached Securities in favour of the person to whom the Partly Paid Unit and relevant Attached Securities are sold or disposed of and that person must then be registered as the holder of that Partly Paid Unit and relevant Attached Securities,

The Manager and the person acquiring the Partly Paid Units and relevant Attached Securities are not obliged to ensure that any part of the money which has been paid for the Partly Paid Unit and relevant Attached Securities is paid to the former holder of the Partly Paid Unit and relevant Attached Securities nor shall the person's title to that Partly Paid Unit or relevant Attached Securities be affected by any irregularity or invalidity in the proceedings in relation to the forfeiture, sale or disposal of that Partly Paid Unit or the relevant Attached Securities.

- 3.16 Subject to the conditions of any applicable ASIC relief, where forfeited Partly Paid Units and relevant Attached Securities are sold or disposed of for cash, the Manager must deduct from the cash received:
- (a) all moneys which at the date of forfeiture were payable to the Manager in respect of the forfeited Partly Paid Units;
  - (b) all costs incurred in connection with the forfeiture including, without limitation, any costs incurred in connection with any proceedings brought against the former holder to recover the instalment or part of the instalment;
  - (c) interest calculated at the Market Rate plus 3% on the daily balance of the amounts in (a) and (b) from the day they became due for payment or were incurred up to and including the date of forfeiture; and
  - (d) all amounts which have been or will be incurred for commissions, Taxes, transfer fees and other usual charges, if any, on the sale or disposal of the Partly Paid Unit.

The Manager may retain the amounts so deducted as Assets, but the balance remaining (if any) must be paid to the Member whose Partly Paid Units were forfeited.

- 3.17 Joint holders of Partly Paid Units are jointly and severally liable to pay all amounts due and payable on the Partly Paid Units held by them.
- 3.18 The Manager is not liable to any former or current holder of Partly Paid Units and Attached Securities for any loss incurred in relation to the sale or disposal of the forfeited Partly Paid Units and Attached Securities.

#### **No fractions of Units or Options**

- 3.19 The Manager may not issue fractions of a Unit or an Option.
- 3.20 Where any calculation performed under this constitution or the terms of a withdrawal offer would otherwise result in the issue or redemption of a fraction of one Unit or one Option, the number of Units or Options to be:
  - (a) issued is to be rounded down to the nearest whole Unit or Option (as the case may be);
  - (b) redeemed is to be rounded up to the nearest whole Unit or Option (as the case may be).
- 3.21 Any excess application or other money or property which results from rounding becomes an Asset.

#### **Consolidation and division of Units and Options**

- 3.22 Units and Options may be consolidated or divided as determined by the Manager with any resultant fraction of a Unit in a holding being rounded up to the next whole Unit.

#### **Consolidation, division and conversion while Stapling applies**

- 3.23 While Stapling applies, Units may only be consolidated, converted or divided if the related Attached Securities are also consolidated, divided or converted at the same time and to the same extent.

#### **Uncertificated trading**

- 3.24 The Manager is not required to, but may, subject to the Listing Rules and if it so determines in respect of some or all of the Units or Options, issue certificates in respect of any Units or Options while the Trust is admitted to any system or scheme which allows trading of uncertificated securities.

#### **Transfer of Units and Options**

- 3.25 Subject to clause 3.26 and any applicable Class Rights, Members may transfer their Units and holders of Options may transfer their Options.
- 3.26 While the Trust is Listed, a Member may not transfer Restricted Securities during the applicable escrow period.
- 3.27 Transfers must be in a form approved by the Manager and, unless the Manager is otherwise satisfied that the requirements for the effective transfer of the Units or Options will otherwise be met, must be presented for Registration duly stamped.

3.28 A transfer is not effective until Registered.

3.29 Subject to the Listing Rules, the Manager may refuse to record any transfer in the Register without giving any reason for the refusal and, while the Trust is Listed, must refuse to record a transfer in the Register which would be in breach of clause 3.26.

#### **Single instrument of transfer for Stapled Securities**

3.30 While Stapling applies and subject to the Corporations Act and the Listing Rules if the Listing Rules apply:

- (a) the Manager must not register any transfer of Units unless it is a single instrument of transfer comprising an equivalent number of Units and Attached Securities and any provision of clauses 3.25 to 3.29 (inclusive) of this constitution referring to a transfer of Units will be deemed to be a reference to such a transfer; and
- (b) a reference in clauses 3.25 to 3.29 to a Unit will be deemed to be a reference to a Stapled Security.

#### **Joint tenancy**

3.31 Persons Registered jointly as the holder of a Unit or Option hold as joint tenants and not as tenants in common unless the Manager otherwise agrees.

#### **Death or legal disability of Member**

3.32 If a Member dies or becomes subject to a legal disability such as bankruptcy or insanity, only the survivor (where the deceased was a joint holder) or the legal personal representative (in any other case) will be recognised as having any claim to Units or Options Registered in the Member's name. The Manager may determine what evidence must be produced in order to establish the death, or legal disability of a Member.

#### **Number of Units**

3.33 While Stapling applies, the number of issued Units at any time must equal the number of issued Attached Securities of each category but disregarding Stapled Units held by the Stapled Company and its subsidiaries.

## **4 Application Price**

4.1 The application price for a Unit is usually its Market Price or, while Stapling applies, the Market Price of Stapled Securities minus the application price of Attached Securities as determined by the Manager in accordance with clause 4.8. However, a Unit may be issued at another application price in the following cases:

- (a) in the case of a proportionate offer (including a rights issue), at a price calculated in accordance with clause 4.2;

- 4.5 The Application Price payable for each additional Unit on reinvestment of distributions (if any) is the Distribution Reinvestment Price.

**Options**

- 4.6 Subject to this constitution, the Corporations Act (and the conditions of any ASIC relief applicable to the issue) and, if relevant, the Listing Rules, the Manager may issue Options:

- (a) for a consideration determined by it (which may include nil consideration) or for a consideration which an expert who is independent of the Manager determines at the Manager's request is appropriate having regard to prevailing market conditions and the terms and circumstances of the issue (which may include nil consideration);
- (b) on the basis that the application price for a Unit to be issued on exercise of the Option is one of the following (as specified in the terms of issue of the Option):
  - (i) the Market Price of a Unit on or about the date of issue of the Option or, while Stapling applies, the Market Price of a Stapled Security on or about the date of issue of the Option minus the exercise price of the Option in relation to the Attached Securities as determined in accordance with the terms of the Option or as determined in accordance with clause 4.8; or

and otherwise with such Class Rights as determined by the Manager.

- 4.7 Subject to any applicable Class Rights, on exercise of an Option, the holder is entitled to subscribe for and be allotted such number of Units as the terms and conditions of issue of the Option contemplate.

## **Stapled Securities Price Allocation**

### **4.8 Where:**

- (a) Stapling applies;
- (b) as a consequence, a Unit is to be issued or repurchased as part of a Stapled Security; and
- (c) this constitution contains a provision for the calculation or determination of the application price for the Stapled Security from which the price for the Unit is to be derived,

the Manager must, in accordance with the next paragraph, determine what part of the application price for a Stapled Security is to be allocated respectively to a Unit and each Attached Security for the purposes of this constitution.

The application price for a Stapled Security will be allocated between the Application Price of the Unit and for the application prices for the Attached Securities on the basis of fair value as agreed between the Manager and the Stapled Entities or, failing agreement, determined by an independent accountant based on fair market value as determined by the accountant having regard to the respective net tangible asset backing of each of the Unit and the Attached Securities immediately prior to the issue, redemption or buy-back of the Stapled Security and any other factors which the accountant believes should be taken into account. However, where the Stapled Security is being issued pursuant to the exercise of one or more options and the terms of the option or options specified the application price of the Unit the application price of the Unit and each of the Attached Securities must be determined in accordance with any relevant provisions of the terms of the option or options.

## **Rounding**

- 4.9 Except in relation to Units issued on a distribution reinvestment, any Application Price or exercise price may be rounded as the Manager determines. The amount of the rounding must not be more than 1% of the relevant Application Price or exercise price.

## **5 Application for Units or Options**

### **Application form**

- 5.1 An applicant for Units or Options must complete an application form approved by the Manager, if the Manager so requires. The form may be transmitted electronically if approved by the Manager.

### **Application for identical number of Attached Securities**

- 5.2 While Stapling applies, an applicant for Units must at the same time apply for an identical number of Attached Securities.

### **Payment**

- 5.3 Payment in respect of an application for Units or Options must be made in a form acceptable to the Manager, including by a transfer of property of a kind acceptable to the Manager and able to be vested in the Manager or a custodian appointed by it. Payment must:

- (a) where required by the Manager, accompany the application;
- (b) be received by or made available to the Manager or any other person nominated by the Manager for that purpose within such period before or after the Manager receives the application form as the Manager determines from time to time, or as the terms of issue of the relevant Unit or Option contemplate; or
- (c) comprise a reinvestment of distribution in accordance with clauses 9.8 and 9.9.

**Manager may reject**

- 5.4 Subject to the Listing Rules, the Manager may reject an application in whole or in part, without giving any reason for the rejection.

**Manager must reject**

- 5.5 While Stapling applies, the Manager must reject an application for Units if the applicant does not apply at the same time for an identical number of Attached Securities or if an identical number of Attached Securities will not be issued to the applicant at the same time as the issue of Units to the applicant.

**Minimum amounts**

- 5.6 The Manager may set a minimum application amount or a minimum holding for the Trust whether in respect of all Units or Options or a particular Class or in respect of Partly Paid Units. The Manager may alter or waive any such minimum application amount or minimum holding requirement at any time.

**Issue date**

- 5.7 Units or Options are taken to be issued:
- (a) when:
    - (i) the Manager accepts the application; or
    - (ii) the Manager receives the application money, or the property against which the Units or Options are to be issued is vested in the Manager,

whichever happens later; or
  - (b) at such other time as the Manager determines.

**Uncleared funds**

- 5.8 Units or Options issued against application money paid other than in cleared funds, or in consideration of a transfer of property, are void if so determined by the Manager if the funds are not:
- (a) subsequently cleared; or
  - (b) the property does not vest in the Manager;
- within one month of receipt of the application.

**Register**

- 5.9 Subject to the Corporations Act, a single register may be kept in which details of the holders of Units and the holders of Attached Securities are recorded.

**Holding statements**

- 5.10 Subject to the Corporations Act, while the Trust is admitted to an uncertificated trading system, a joint holding statement may be issued to evidence the holding of Stapled Securities comprising Units and Attached Securities.

**Restriction on issue and redemption of Units**

- 5.11 No Units may be issued or redeemed after the 80<sup>th</sup> anniversary of the day the Trust commenced if that issue or redemption would cause a contravention of the rule against perpetuities or any other rule of law or equity.

## **6 Redemption Price of Units and Options and On-Market Buy-Back**

**Redemption Price**

- 6.1 Subject to the Corporations Act, the Manager may redeem or cancel Units or Options.
- 6.2 Unless clause 6.4 applies, the Redemption Price of a Unit is the Market Price of that Unit calculated, as at a date determined by the Manager, on or about the day on which the redemption takes place.
- 6.3 Unless clause 6.4 applies and subject to the Listing Rules, the Redemption Price of an Option will be the Market Price of that Option calculated, as at a date determined by the Manager, on or about the day on which redemption takes place unless the terms of issue of the Option indicate otherwise.
- 6.4 If the Unit or Option to be redeemed has been purchased by the Manager under clause 6.7, the Redemption Price of that Unit or Option will be equal to the total cost to the Manager of purchasing that Unit or Option.
- 6.5 The Redemption Price is to be paid on the day on which the relevant Unit or Option is redeemed, or at such other time as the Manager determines.
- 6.6 The Redemption Price may be rounded as the Manager determines. The amount of the rounding must not be more than 1% of the Redemption Price.

**On-market buy back**

- 6.7 While the Trust is Listed, the Manager may, subject to the Corporations Act and the Listing Rules, purchase Units or Options (whether forming part of Stapled Securities or otherwise) on the Stock Exchange and may cause those Units or Options to be redeemed.

**Redemption or buy-back while Stapling applies**

- 6.8 While the Trust is Listed, the Manager may, subject to and in accordance with the Corporations Act (including any modifications thereof) and any requirements under the Listing Rules, purchase or

cause to be purchased Units or, where Stapling applies, Stapled Securities and cause the Units which in part comprise those Stapled Securities to be cancelled. No Redemption Price is payable upon cancellation of the Units. Where the Units comprise part of Stapled Securities the Manager may only buy back and cancel the Units if the Attached Securities are also the subject of contemporaneous buy-back and cancellation by the respective Stapled Entities. Where Units are purchased as part of a Stapled Security pursuant to a buy-back arrangement, the Manager must determine, in a manner similar to that provided in clause 4.8, what proportion of the price paid for the Stapled Security is to be paid from the Assets of the Trust.

## **7 No Withdrawal Right**

Without limiting clause 6.1, Members do not have the right to withdraw from the Trust or to apply for the redemption of their Units or Options.

## **8 Valuation of assets**

### **Periodic valuations**

- 8.1 The Manager may cause an Asset to be valued at any time, and must do so as and when required by the Corporations Act.
- 8.2 The Manager may determine Net Asset Value at any time, including more than once on each day.
- 8.3 The Manager may determine valuation methods and policies for each Asset or category of Asset and change them from time to time. Unless the Manager determines otherwise, the value of an Asset for the purpose of calculating Net Asset Value will be its market value.

## **9 Income and Distributions**

### **Distributable Income**

- 9.1 The Manager must calculate the income of the Trust for each Accrual Period ("**Distributable Income**"). Unless the Manager determines by a resolution of its directors from time to time that the Distributable Income is to be calculated in some other manner, the Distributable Income for an Accrual Period is equal to the greater of:
  - (a) the Net Income for the Accrual Period; and
  - (b) the Net Accounting Income of the Trust for the Accrual Period.

### **Accounts**

- 9.1A Notwithstanding that the Distributable Income of the Trust is to be determined in accordance with clause 9.1, the accounts of the Trust may be prepared in accordance with applicable accounting standards, including international financial reporting standards to the extent required or relevant, and generally accepted accounting principles. The preparation of the accounts in this manner is not to be regarded as a determination of the method for calculating the Distributable Income of the Trust pursuant to clause 9.1.

**Entitlement and Distribution Dates**

- 9.2 The Manager must distribute all Distributable Income of the Trust for each Accrual Period within two months of the end of that Accrual Period.

**Distribution Ranking**

- 9.3 Subject to any Class Rights and the terms of clause 27(2)(e):
- (a) each Unit ranks for distributions of Distributable Income from the first day following the date upon which it is created;
  - (b) where a Unit is created during an Accrual Period, that Unit participates in the Distributable Income in respect of that Accrual Period in the proportion that the part of the Accrual Period (calculated in days) for which the Unit ranks for distribution of Distributable Income bears to the total number of days in the Accrual Period; and
  - (c) in the case of a Unit which is a Partly Paid Unit for the whole or part of an Accrual Period, the Unit participates in the Distributable Income in respect of that Accrual Period according to the proportion or different proportions of the issue price that has been paid up on such Unit. For the purposes of that calculation, where an instalment of the issue price of a Partly Paid Unit is paid into the Trust, the Partly Paid Unit in respect of which the payment is made is entitled to rank for an increased participation in Distributable Income from the first day immediately following the day during which the payment was received.

**Unit Holders' Entitlements**

- 9.4 Subject to clause 9.3 and any Class Rights, each person registered as a Member at the end of the last day of an Accrual Period is presently entitled to the Distributable Income for that Accrual Period in the proportion which the number of Units held by that Member bears to the total number of Units then on issue but excluding from this calculation Units which do not rank for distributions.

**Record Date**

- 9.5 The Manager must determine the Record Date for the purpose of determining the persons who are entitled to the distribution. The total amount to be distributed in respect of an Accrual Period is to be transferred to a distribution account as soon as practicable after the Record Date. The payment by the Manager in respect of any Units of an amount of the Distributable Income calculated in accordance with this constitution in respect of those Units to the Member registered in respect of those Units as at the Record Date is a good and sufficient discharge to the Manager in respect of any liability it may have to any person in respect of any such entitlement with respect to those Units.

**Distribution of Capital to Distribution Account**

- 9.6 The Manager may transfer capital to the distribution account to enable the distribution to Members of the minimum amount necessary to avoid the Manager becoming assessable for tax under the Tax Act.

**Other Distributions**

- 9.7 Subject to any Class Rights, the Manager may distribute any amount of capital or income to Members pro rata according to the number of Units in the Trust held as at a time decided by the Manager. The distribution may be in cash or by way of bonus Units. While Stapling applies, the Manager may not make a distribution by way of bonus Units unless, at the same time as the increase in the number of Units, Members are also issued an identical number of Attached Securities which when issued are then Stapled to the additional Units issued.

**Reinvestment**

- 9.8 If the Manager offers a facility under which Members may receive distributions by way of additional Units then, by prior notice, a Member may elect to reinvest some or all of any distribution by acquiring such additional Units in the Trust. In those cases, the Manager is treated as having received an application to reinvest distributions on that date on which the distribution is paid. The procedure for and the rules concerning reinvestment of distributions are to be determined by the Manager and notified to Members from time to time as and when the facility is offered. The Manager may at any time withdraw, amend or re-establish such a facility.

A request to participate in such a facility or cancellation of any such request is effective with respect to a distribution if received by the Manager before the Record Date for that distribution.

**Reinvestment while Stapling applies**

- 9.9 While Stapling applies no reinvestment may occur unless, contemporaneously with the reinvestment in additional Units, the Member subscribes for or purchases an identical number of Attached Securities which, when issued or acquired (respectively), are then Stapled to the additional Units. The Manager may make provision for and make payment of the subscription or purchase price for such Attached Securities out of the distribution or income (as applicable) which is otherwise available for reinvestment. Part of the application price of the Units may come from distributions or dividends paid on the Attached Securities.

**Withholding Tax**

- 9.10 Where the Net Income is reduced by any Tax attributable to the ownership of Units by certain Members, the entitlement to Distributable Income of those Members may be adjusted by the Manager so that the entitlement to Distributable Income of all other Members is equivalent to the amount they would receive in the absence of such Taxes.

**Distributions Paid in Different Currencies**

- 9.11 The Manager may from time to time provide a facility under which a Member may, if the Member so requests, receive his entitlement to the Distributable Income of the Trust from time to time in a currency or currencies other than Australian dollars. The Manager may determine which currency or currencies are offered under the facility, the procedure by which the facility would be offered, and the procedure by which a Member would elect to participate in that facility. If the Manager does offer such a facility, the Manager may arrange to convert the entitlement to Distributable Income of a Member who

participates in the facility into the currency in which it is to be paid on a date being:

- (a) the date that the Distributable Income in respect of an Accrual Period is determined;
- (b) the Closing Date in respect of an Accrual Period;
- (c) the date of payment of distribution entitlements in respect of an Accrual Period; or
- (d) any other date as the Manager may determine.

The Manager may maintain bank accounts in any currencies as may be appropriate for this purpose.

#### Classes

- 9.12 The rights of a Member under this clause 9, are subject to any applicable Class Rights.

## 10 Payments

- 10.1 Money payable by the Manager to a Member may be paid in any manner the Manager decides.
- 10.2 Without limitation to clause 10.1, if the Manager attempts to make a payment of money to a Member by electronic transfer and that transfer is unsuccessful notwithstanding any instruction or agreement to the contrary, the Manager may send that money by cheque to the Member to the last known address of that Member.
- 10.3 The Manager may cancel any cheque which is not presented within 12 months from its date of issue. Where a cheque which is cancelled was drawn in favour of a Member, the Manager may reinvest the money in Units and Attached Securities in the name of that Member at the application price for the Units and Attached Securities prevailing at the time the cheque is cancelled or deal with the money in accordance with any relevant legislation dealing with unclaimed moneys.
- 10.4 Only whole cents are to be paid, and any remaining fraction of a cent becomes an Asset.
- 10.5 A payment to any one of joint Members will discharge the Manager in respect of the payment.
- 10.6 The Manager may deduct from any amount to be paid to a Member, or received from a Member, any amount of Tax (or an estimate of it) or any other amount which the Manager is required or authorised to deduct in respect of that payment or receipt by any applicable law or by this constitution, or which the Manager considers should be deducted.

## **11 Powers of the Manager**

---

Unless the agreement between the Manager and the underwriter expressly states the contrary intention, the underwriter will not be an agent or delegate of the Manager.

**Power to unstaple Units**

- 11.9 If Units comprise part of Stapled Securities, subject to the Corporations Act and, while the Units are Officially Quoted, the Listing Rules and approval by Special Resolution, the Manager may at any time cause the Stapled Securities to be unstapled and, if the Stapled Securities are Officially Quoted, removed from quotation as Stapled Securities.

**Compulsory retirement**

- 12.2 The Manager must retire as the responsible entity of the Trust when required by law.

**Release**

- 12.4 When it retires or is removed, the Manager is released from all obligations in relation to the Trust arising after the time it retires or is removed.

**Retirement payment**

- 12.5 The Manager is, in consideration of its retirement as the responsible entity of the Trust, entitled to agree with the incoming Manager to be remunerated by, or to receive a benefit from, the incoming Manager and is not required to account to Members for such remuneration or benefit.

**13 Notices to Members**

---

- 13.1 Subject to the Corporations Act, a notice or other communication required to be given to a Member in connection with the Trust must be given in writing (which includes a facsimile) or in such other manner as the Manager determines, and be delivered or sent to the Member at the Member's physical address or facsimile number for delivery of notices last advised to the Manager. A Member may advise the Manager of an electronic address for delivery of notices, in which case the Manager may, at its discretion, subject to the Corporations Act, send to that electronic address a notice or other communication required to be given to that Member in connection with the Trust.
- 13.2 A cheque payable to a Member may be posted to the Member's physical address or handed to the Member or a person authorised in writing by the Member.

- 13.3 In the case of joint Members, the physical or electronic address of the Member means the physical or electronic address of the Member first named in the Register.
- 13.4 A notice, cheque or other communication sent by post is taken to be received on the day after it is posted and a fax is taken to be received one hour after receipt by the transmitter of confirmation of transmission from the receiving fax machine. Proof of actual receipt is not required. Subject to the law, the Manager may determine the time at which other forms of communication will be taken to be received.

## **14 Notices to the Manager**

- 14.2 The notice is effective only at the time of receipt.
- 14.3 The notice must bear the actual, facsimile or electronic signature of the Member or a duly authorised officer or representative of the Member unless the Manager determines otherwise.

- 15.3 The quorum for a meeting of Members is two Members present in person or by proxy together holding at least 10% of all Units, unless the Trust has only one Member who may vote on a Resolution, in which case that one Member constitutes a quorum.

### **No quorum**

- 15.4 If a quorum is not present within 15 minutes after the scheduled time for the commencement of the meeting, the Manager may, at any time thereafter but prior to a quorum being present, declare that the meeting is:
- (a) if convened on the requisition of Members - dissolved; or

**18 Liability of Members and holders of Options****Liability limited**

- 18.1 Subject to clauses 18.3 and 18.4, the liability of a Member or holder of an Option is limited to the amount, if any, of any unpaid instalment of Application Price and any other amount, if any, which remains unpaid in relation to the Member's or holder's subscription for their Units or Options.
- 18.2 A Member need not indemnify the Manager if there is a deficiency in the Assets or if the claim of any creditor of the Manager in respect of the Trust cannot be satisfied out of the Assets.
- 18.3 The Manager is entitled to be indemnified by a Member and a holder of an Option to the extent that the Manager incurs any liability for Tax as a result of that Member's or that holder's action or inaction.
- 18.4 Joint Members are jointly and severally liable in respect of all payments including payments of Tax to which clause 18.3 applies.

**Recourse**

- 18.5 In the absence of separate agreement with a Member or holder of an Option, and except for the amounts referred to in clause 18.1, the recourse of the Manager and any creditor is limited to the Assets.

**Restrictions on Members**

- 18.6 Neither a Member nor a holder of an Option may:
- (a) interfere with any rights or powers of the Manager under this constitution;
  - (b) exercise a right in respect of an Asset or lodge a caveat or other notice affecting an Asset or otherwise claim any interest in an Asset; and
  - (c) require an Asset to be transferred to the Member.

## **19 Remuneration and expenses of Manager**

---

**Management fee**

- 19.1 Subject to the Corporations Act, the Manager is entitled to be paid out of the Assets a management fee equal to the Manager's reasonable estimate of its costs, including all overheads and whether incurred directly by the Manager or reimbursed by the Manager to any of its related bodies corporate, in providing its services as Manager for which it is not otherwise reimbursed pursuant to clause 19.5. The entitlement to this fee commences from 1 July 2004 and continues to the date of final distribution in accordance with clause 21. The Manager is entitled to remuneration for the period up to 30 June 2004 in the manner calculated pursuant to the former clause 19.1 which was replaced by this current clause 19.1.
- 19.2 The fee payable pursuant to clause 19.1 is to be payable from time to time upon demand by the Manager. The Manager may make demand for payment for all or part of the fee at any time if it has incurred costs whether or not it has paid those costs.
- 19.3 The Manager must produce a statement within 1 month from the end of each Accrual Period setting out the management fee for the Accrual Period and any amount remaining unpaid.

**Waiver of fees**

- 19.4 The Manager may in respect of any period accept lower fees than it is entitled to receive or waive fees that it is entitled to receive under this constitution in respect of that period, or may defer payment for any period. Where payment is deferred, the fee accrues daily until paid.

**Expenses**

- 19.5 All expenses incurred by the Manager in relation to the proper performance of its duties in respect of the Trust are payable or reimburseable out of the Assets to the extent that such reimbursement is not prohibited by the Corporations Act. This includes, without limitation, any expenses or overheads connected with:

- 
- (a) this constitution and any amendment or proposed amendment to this constitution;
  - (b) the preparation, review, distribution and promotion of any prospectus, product disclosure statement or offering memorandum in respect of Units, Stapled Securities, Options or other promotion of the Trust or the Stapled Entities;
  - (c) the acquisition, disposal, insurance, custody and any other dealing with Assets;

  - (g) any issue of Units, Stapled Securities, Options or any interests in, or rights associated with Units, Stapled Securities or Options or any other obligation (including without limitation any other securities or debt instruments of any kind) issued by the Trust or a Stapled Entity;
  - (h) any underwriting arrangement, including without limitation underwriting fees, handling fees, costs and expenses, amounts payable under indemnity or reimbursement provisions in any underwriting arrangement and any amounts becoming payable in respect of any breach (other than for negligence, fraud or breach of duty) by the Manager of its obligations, representations or warranties under any such underwriting arrangement;
  - (i) convening and holding meetings of Members and/or holders of Options, the implementation of any Resolutions and communications with Members and attending any meeting of the Stapled Entities;
  - (j) Tax (including any amount charged by a supplier of goods or services or both to the Manager by way of or as a reimbursement for GST) and financial institution fees;
  - (k) the engagement of agents, delegates, valuers, contractors, advisers (including legal advisers) and any other persons whether or not they are associates of the Manager;

- (n) any court proceedings, arbitration or other dispute concerning the Trust including proceedings against the Manager, except to the extent that the Manager is found by a court to be in breach of trust or to have been grossly negligent, in which case any expenses paid or reimbursed under this clause 19.5(n) must be repaid;
- (o) the compliance committee established by the Manager in connection with the Trust (if any), including any fees paid to, or insurance premiums paid in respect of Compliance Committee Members;
- (p) while there is no compliance committee, any costs and expenses associated with the board of directors of the Manager carrying out the functions which would otherwise be carried out by a compliance committee, including any fees paid to, or insurance premiums paid in respect of, external directors appointed to satisfy the requirements of Chapter 5C of the Corporations Act;
- (q) the preparation, implementation, operation, amendment and audit of the compliance plan;

but does not include the amount of any credit or refund of GST to which the Manager is entitled as a result of incurring such expenses.

## GST

- 19.6 The fees payable to the Manager under this constitution do not include any amount referable to GST. If the Manager is or becomes liable to pay GST in respect of any supply under or in connection with this agreement (including, without limitation, the supply of any goods, services, rights, benefits or things) then, in addition to any fee or other amount or consideration payable to the Manager in respect of the supply, the Manager is entitled to be paid an additional amount on account of GST, such amount to be calculated by multiplying the fee, amount or consideration for the part of the supply which is a taxable supply for GST purposes by the prevailing rate of GST, and the Manager shall be entitled to be reimbursed or indemnified for such amount of GST out of the Assets.
- 19.7 If as a result of the imposition or introduction of GST and any reduction or abolition of any other Tax in conjunction with the imposition or introduction of GST, the Manager determines that:

- (a) there is any direct or indirect increase in the cost to the Manager of performing its duties under this constitution (including, without limitation, any increase in the amount charged by any supplier to the Manager of goods, services, rights benefits or any other thing); or
- (b) there is any direct or indirect reduction in any amount received or receivable by the Manager or in the effective financial return to the Manager in connection with proper performance of the Manager's duties under this constitution (including, without limitation, the return on the Manager's overall capital which could have been achieved but for the imposition or introduction of GST);

and such increased cost or reduction is not compensated for by any other provision of this constitution, then the Manager may recover from the Assets such amount as, in its sole opinion but acting reasonably, will compensate the Manager for such increased cost or reduction.

## 20 Duration of the Trust

### Initial settlement

- 20.1 The Trust commenced on 1 April 1982 in accordance with clauses 2(2) and 11(1) of the deed dated 1 April 1982 between Westfield P.T.M. Limited, Perpetual Trustee Company Limited and P.T. Limited.

### Termination

- 20.2 The Trust terminates on the earliest of:
  - (a) [Deleted]
  - (b) the date on which all the Units in issue which are Officially Quoted are unconditionally removed from Official Quotation by every Stock Exchange and not re-admitted for Official Quotation on any Stock Exchange within sixty (60) days after such removal (but Units will not be regarded as ceasing to be Officially Quoted if they become jointly quoted with other securities);
  - (c) the date specified by the Manager as the date of termination of the Trust in a notice given to Members; and
  - (d) the date on which the Trust terminates in accordance with another provision of this constitution or by law.

## 21 Procedure on termination

### Realisation of Assets

- 21.1 Following termination, the Manager must realise the Assets. This must be completed in 180 days if practical and in any event as soon as practical after that time, unless the Manager determines to delay, for any amount of time, the realisation of the Assets. The Manager will not be liable for any loss or damage incurred in respect of any such delay.

**Audit of winding up**

- 21.2 If and to the extent that ASIC policy so requires, the Manager must arrange for an independent review or audit of the final accounts of the Trust by a registered company auditor.

**Call on Partly Paid Units**

- 21.3 If there is or (in the Manager's reasonable opinion) will be a deficiency in the Assets after making allowance for all Liabilities of the Trust (actual and anticipated) and meeting the expenses (including anticipated expenses) of the termination, any holder of Partly Paid Units must pay to the Manager on demand an amount determined by the Manager being whichever of the following the Manager requires:

- (a) the aggregate of the amounts remaining unpaid on all Partly Paid Units held by the holder; or
- (b) the amount calculated as:

$$P = \frac{A}{B} \times C$$

Where:

P = the amount to be paid to the Manager;

A = the amount of the deficiency referred to in this clause 21.3;

B = the aggregate of the amounts remaining unpaid on all Partly Paid Units in issue; and

C = the aggregate of the amounts remaining unpaid on all Partly Paid Units held by the holder.

- 21.4 Subject to any Class Rights, a reference in clauses 21.3 and 21.6 to Partly Paid Units includes a reference to partly paid Options.

**Distribution following termination**

- 21.5 Any net proceeds of realisation, after making allowance for all Liabilities of the Trust (actual and anticipated) and meeting the expenses (including anticipated expenses) of the termination, must be distributed to Members on the basis that such proceeds are divided amongst all Units in proportion to the respective proportions of the Application Price paid on such Units.

If any holders of Options have an entitlement to participate in the net proceeds of realisation, this calculation must be adjusted in a manner determined by the Manager to take that entitlement into account.

- 21.6 If any holder of a Partly Paid Unit fails to pay any amount remaining unpaid on that Partly Paid Unit in accordance with clause 21.3, the Manager may apply (with or without the consent of the holder) part or all of any distribution payable to that holder in full or partial satisfaction of the amount due under clause 21.3.

- 21.7 The entitlement, if any, of a holder of an Option to any distribution of net proceeds of realisation will be determined by the terms of issue of that Option.
- 21.8 The Manager may distribute the proceeds of realisation in instalments.
- 21.9 Subject to the Corporations Act, the provisions of this constitution continue to apply from the date of termination until the later of:
- (a) the date on which there are no amounts owing under clauses 21.3 or 21.4 which the Manager reasonably believes are recoverable; and
  - (b) the date of final distribution under clauses 21.5 to 21.8.

During that period, the Manager may not accept any application for Units from a person who is not an existing Member.

#### Classes

- 21.10 The rights and obligations of a holder of Units or Options under this clause 21 are subject to any applicable Class Rights.

## 22 Amendments to this constitution

#### Manager may amend

- 22.1 If the Corporations Act allows, this constitution may be amended:
- (a) by Resolution; or
  - (b) by deed executed by the Manager.

If the constitution is amended by Resolution, the Manager may give effect to the amendment by executing a supplemental deed.

#### Statutory requirements

- 22.2 If:
- (a) a provision of the Corporations Act relevant to the Trust requires that this constitution contain certain provisions; or
  - (b) any relevant relief from the provisions of the Corporations Act granted by the ASIC directly or indirectly requires that this constitution contain certain provisions in order for that relief to be effective in respect of the Trust,

then those provisions are deemed to be incorporated into this constitution at all times at which they are so required to be included and prevail over any other provisions of this constitution to the extent of any inconsistency.

#### Listing Rules

- 22.3 While the Trust is Listed:
- (a) notwithstanding anything contained in this constitution, if the Listing Rules prohibit an act being done, the act must not be done;

- (b) nothing contained in this constitution prevents an act being done that the Listing Rules require to be done;
  - (c) if the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be);
  - (d) if the Listing Rules require this constitution to contain a provision and it does not contain such a provision, this constitution is deemed to contain that provision;
  - (e) if the Listing Rules require this constitution not to contain a provision and it contains such a provision, this constitution is deemed not to contain that provision; and
  - (f) if any provision of this constitution is or becomes inconsistent with the Listing Rules, this constitution is deemed not to contain that provision to the extent of the inconsistency.
- 22.4 In accordance with ASIC Class Order 98/1808 or its equivalent and for so long as it applies to the Trust, a change in the text of this constitution because of the operation of clause 22.3 is not a modification of, or the repeal and replacement of, the constitution for the purposes of subsections 601GC(1) and (2) of the Corporations Act.

## **23 Compliance committee**

---

If any Compliance Committee Member incurs a liability in that capacity in good faith, the Compliance Committee Member is entitled to be indemnified out of the Assets in respect of that liability to the extent permitted by the Corporations Act.

## **24 Complaints**

---

If and for so long as the Corporations Act or ASIC policy requires, a Member submits to the Manager a complaint alleging that the Member has been adversely affected by the Manager's conduct in its management or administration of the Trust, the Manager:

- (a) must, if the complaint is in writing, acknowledge in writing receipt of the complaint as soon as practicable and in any event within 14 days from receipt;
- (b) must ensure that the complaint receives proper consideration resulting in a determination by a person or body designated by the Manager as appropriate to handle complaints;
- (c) must act in good faith to deal with the complaint by endeavouring to correct any error which is capable of being corrected without affecting the rights of third parties;
- (d) may in its discretion give any of the following remedies to the complainant:

- (i) information and explanation regarding the circumstances giving rise to the complaint;
  - (ii) an apology; or
  - (iii) compensation for loss incurred by the Member as a direct result of the breach (if any); and
- (c) must communicate to the complainant as soon as practicable and in any event not more than 45 days after receipt by the Manager of the complaint:
- (i) the determination in relation to the complaint;
  - (ii) the remedies (if any) available to the Member; and
  - (iii) information regarding any further avenue for complaint.

## 25 Restricted Securities

---

25.1 Clause 25.2 only operates:

- (a) while the Trust is Listed; and
- (b) to the extent that it is not inconsistent with the Corporations Act.

25.2 During a breach of the Listing Rules or of a restriction agreement relating to Units which are Restricted Securities, the Member who holds the Units which are Restricted Securities is not entitled to any distribution from the Trust, nor any voting rights, in respect of those Units.

## 26 Small holdings

---

26.1 This clause 26 applies while the Units or Stapled Securities are Officially Quoted.

26.2 Subject to the provisions of this clause 26, the Manager may in its discretion from time to time sell or redeem any Units held by a Member that is a Small Holder or New Small Holder without request by the Small Holder or New Small Holder.

26.3 If the Manager determines that a Member is a Small Holder or a New Small Holder the Manager may give the Member a Divestment Notice to notify the Member:

- (a) that the Member is a Small Holder or a New Small Holder, the number of Units comprising and the Market Price of the Small Holding or New Small Holding and the date on which the Market Price was determined;
- (b) that the Manager intends to sell the Relevant Units in accordance with this clause 26 after the end of the Relevant Period specified in the Divestment Notice;

- (c) if the Member is a Small Holder, that the Member may at any time before the end of the Relevant Period notify the Manager in writing that the Member desires to retain the Relevant Units and that, if the Member does so, the Manager will not be entitled to sell the Relevant Units under that Divestment Notice; and
- (d) after the end of the Relevant Period the Manager may for the purpose of selling the Relevant Units that are in a CHESS holding initiate a holding adjustment to move those Units from that CHESS holding to an issuer sponsored holding or certificated holding.

If the ASTC Settlement Rules apply to the Relevant Units, the Divestment Notice must comply with the ASTC Settlement Rules.

- 26.4 For a Divestment Notice given to a Small Holder, the Relevant Period must be at least six weeks from the date the Divestment Notice was given. For a Divestment Notice given to a New Small Holder, the Relevant Period must be at least seven days from the date the Divestment Notice was given.
- 26.5 At the end of the Relevant Period the Manager is entitled to sell on-market or in any other way determined by the Manager:
  - (a) the Relevant Units of a Member who is a Small Holder, unless that Member has notified the Manager in writing before the end of the Relevant Period that the Member desires to retain the Relevant Units, in which event the Manager must not sell those Relevant Units under that Divestment Notice; and
  - (b) the Relevant Units of a Member who is a New Small Holder.
- 26.6 The Manager is not bound to sell any Relevant Units which it is entitled to sell under this clause 26 but unless the Relevant Units are sold within six weeks after the end of the Relevant Period the Manager's right to sell the Relevant Units under the Divestment Notice relating to those Units lapses and it must notify the Member to whom the Divestment Notice was given accordingly.
- 26.7 To effect the sale and transfer by the Manager of Relevant Units of a Member, the Member appoints the Manager and each of its directors and secretaries jointly and severally as the Member's attorney in the Member's name and on the Member's behalf to do all acts and things which the Manager considers necessary or appropriate to effect the sale or transfer of the Relevant Units and, in particular:
  - (a) to initiate a holding adjustment to move the Relevant Units from a CHESS holding to an issuer sponsored holding or a certificated holding; and
  - (b) to execute on behalf of the Member all deeds, instruments or other documents necessary to transfer the Relevant Units and to deliver any such deeds, instruments or other documents to the purchaser.

26.8 A statement in writing by or on behalf of the Manager under this clause 26 is binding on and conclusive against (in the absence of manifest error) a Member. In particular, a statement that the Relevant Units specified in the statement have been sold in accordance with this clause 26 is conclusive against all persons claiming to be entitled to the Relevant Units and discharges the purchaser from all liability in respect of the Relevant Units.

26.9 The Manager must register the purchaser of Relevant Units as the holder of the Relevant Units transferred to the purchaser under this clause 26. The purchaser is not bound to see to the application of any money paid as consideration. The title of the purchaser to the Relevant Units transferred to the purchaser is not affected by any irregularity or invalidity in connection with the actions of the Manager under this clause 26.

26.10 Subject to this clause 26, where:

- (a) Relevant Units of a Member are sold by the Manager on behalf of the Member under this clause; and
- (b) the certificate for the Relevant Units (unless the Manager is satisfied that the certificate has been lost or destroyed or the Relevant Units are uncertificated securities) has been received by the Manager,

the Manager must, within 60 days of the completion of the sale, send by mail or cheque for the proceeds of sale to the Member entitled to those proceeds in accordance with clause 13. Payment of any money under this clause 26 is at the risk of the Member to whom it is sent.

26.11 In the case of a sale of the Relevant Units of a New Small Holder in accordance with this clause 26, the Manager is entitled to deduct and retain from the proceeds of sale, the costs of the sale as determined by the Manager. In the case of a sale of the Relevant Units of a Small Holder, the Manager or a purchaser must bear the costs of sale of the Relevant Units. The costs of sale include all stamp duty, brokerage and government taxes and charges (except for tax on income or capital gains of the Member) payable by the Manager in connection with the sale and transfer of the Relevant Units.

26.12 The remedy of a Member to whom this clause 26 applies, in respect of the sale of the Relevant Units of that Member, is expressly limited to a right of action in damages against the Manager to the exclusion of any other right, remedy or relief against any other person. The Manager is only liable if it has failed to comply with the requirements of this clause 26 and its liability is limited to the value of the Relevant Units at the time of sale.

26.13 Unless the Manager determines otherwise, where a Divestment Notice is given to a New Small Holder in accordance with this clause 26, the rights to receive payment of distributions and to vote attached to the Relevant Units of that Member are suspended until the Relevant Units are transferred to a new holder or that Member ceases to be a New Small Holder. Any distributions that would, but for this clause 26, have been paid to that Member must be held by the Manager and paid

to that Member within 60 days after the earlier of the date the Relevant Units of that Member are transferred and the date that the Relevant Units of that Member cease to be subject to a Divestment Notice.

- 26.14 If it is a requirement of the Listing Rules, the Manager must not give a Small Holder more than one Divestment Notice in any 12 month period (except as contemplated by this clause 26).
- 26.15 From the date of the announcement of a takeover bid for the Units until the close of the offers made under the takeover bid, the Manager's powers under this article to sell Relevant Units of a Member cease. After the close of the offers under the takeover bid, the Manager may give a Divestment Notice to a Member who is a Small Holder or a New Small Holder, despite this clause 26 and the fact that it may be less than 12 months since the Manager gave a Divestment Notice to that Member.
- 26.16 While Stapling applies:
- (a) the references to Units and Relevant Units in this clause 26 will apply to the Stapled Securities held by the Member; and
  - (b) no sale under this clause 26 may occur unless, at the same time as Units are sold, an identical number of Attached Securities are also sold.

## **26A Stapling**

### **Paramountcy of Stapling provisions**

- 26A.1 The provisions of this constitution relating to Stapling prevail over all other provisions of this constitution including any that are expressed to prevail over others, except where this would result in a breach of the Corporations Act, the Listing Rules (if the Listing Rules apply) or any other law.

### **Maintenance of listing and consistency with constitutions of the Stapled Entities**

- 26A.2 The Manager must use every reasonable endeavour to procure that, if the Stapled Securities are and continue to be Officially Quoted as one joint security, that the Stapled Securities are dealt with under this constitution in a manner consistent with the provisions relating to the Attached Securities in the constitutions of the Stapled Entities.

### **Stapling - general information**

- 26A.3 If the Manager determines that Stapling will apply, the Units are to be stapled to the Stapled Shares and the Stapled Units in the ratio of one Unit to one Stapled Share and one Stapled Unit as from the Stapling Commencement Date. The Manager must not cause Stapling to commence while the Trust has more than one Class of Units. The intention is that, so far as the law permits, a Unit, a Stapled Share and a Stapled Unit which are Stapled together will be treated as one security. If further Attached Securities are from time to time Stapled to the Units the intention is that, so far as the law permits, a Unit and one of each of the Attached Securities which are Stapled together will be treated as one security.

## 27 Restructure

---

### Implementation of Proposal

- 27.1 At any time upon and after the Effective Date, the Manager has power to do all things which it considers are necessary, desirable or reasonably incidental to give effect to the Proposal in accordance with the Implementation Deed.

### Express powers of Manager

- 27.2 Without limiting clause 27.1 but subject to clause 27.3 and despite any other provision in this constitution, the Manager has power:

- (a) on the Implementation Date to consolidate the Units in the ratio of each pre-consolidation Unit being converted into 0.28 post-consolidation Units with any resultant fraction of a Unit in a holding being rounded up to the next whole number of Units. In the case of Units which are acquired by the Investment Bank pursuant to the Sale Facility the number of post-consolidation Units which the Investment Bank is to receive will be rounded up as if the respective numbers of Units which the Investment Bank acquires pursuant to the Sale Facility from Members were separate holdings of those Members so that the Investment Bank will receive the same number of post-consolidation Units which the participants in the Sale Facility would have received in aggregate if they had respectively held the pre-consolidation Units on the Stapling Record Date;
- (b) immediately following the consolidation described in (a), but subject to (c); to pay to each Member, by way of a capital distribution, \$1.01 per Unit held;
- (c) to apply all the respective distributions paid to each Member under (b) to acquire, on behalf of and in the name of that Member, an equivalent number of units in the Stapled Trust and an equivalent number of ordinary shares in the Stapled Company on the basis that the subscription price for each of those units and shares will be \$1.00 and \$0.01 respectively;
- (d) to procure that the Acquired Units and the Acquired Shares are registered in the name of the relevant Member with the result that the Member is bound:
  - (i) by the terms of issue of the Acquired Units and the Acquired Shares (including, without limitation, restrictions which cause a Member's Units to be Stapled to Acquired Units and Acquired Shares); and
  - (ii) generally, by the constitution of the Stapled Company and the Stapled Trust;
- (e) to the extent that this will facilitate Stapled Trust Unitholders and Stapled Company Shareholders holding an equivalent number of units and shares in each of the Stapled Company,

Stapled Trust and the Trust, to issue to Stapled Trust Unitholders (other than the Stapled Company and its subsidiaries) one Unit in respect of each \$1.00 and Stapled Company Shareholders one Unit in respect of each 0.1 of a cent paid by or on that person's behalf in subscription for Units pursuant to the Implementation Deed with such new Units to rank pari passu with all of the existing Units including ranking for full participation in Distributable Income for the Accrual Period during which the Units are issued;

- (f) to issue to Members new holding statements or other evidence of entitlement in respect of Units of which the Member is the registered holder after the Proposal is implemented and, in the alternative, to issue or cooperate in the issuing of a single holding statement reflecting the Member's holding of Units, Acquired Units and Acquired Shares;
- (g) to execute all documents and do all things which it considers necessary, desirable or reasonably incidental to give effect to the Proposal and to appoint any individual or individuals of its choosing to execute any such documents or do any such things.

#### **Sale Facility**

- 27.3 Notwithstanding the foregoing provisions of this clause 27 where a Member has validly elected to participate in the Sale Facility or is a Designated Foreign Unitholder ("Sale Facility Participant"), the Manager must transfer the Units held by the Sale Facility Participant, or such number of those Units which are to be the subject of the Sale Facility, to the Investment Bank so that the Investment Bank will receive the distribution pursuant to clause 27.2(b) and apply that distribution in accordance with clause 27.2(c) in order to acquire the Acquired Units and Acquired Shares which would otherwise have been issued to the Sale Facility Participant and be obliged to provide to each Sale Facility Participant the Sale Consideration to which it is entitled.

#### **Appointment as agent and attorney for Members**

- 27.4 At all times on and after the Effective Date, the Manager is irrevocably appointed the agent and attorney for each Member to do all things which the Manager considers are necessary, desirable or reasonably incidental to give effect to the Proposal.
- 27.5 Without limiting clause 27.4, the Manager is irrevocably appointed as the agent and attorney of each Member to:
- (a) receive and apply the distributions referred to in clause 27.2(b) in the manner contemplated in clause 27.2(c);
  - (b) execute an application form (which may be a master application form) in relation to the Acquired Units and the Acquired Shares;
  - (c) act in accordance with clause 27.3; and
  - (d) execute transfers of Units which are to be the subject of the Sale Facility.

- 27.6 The Manager is authorised to execute the documents and do all things under clauses 27.2 and 27.3 without needing further authority or approval from Members and may do so even if it has an interest in the outcome of such exercise.

#### **Manager's limitation of liability**

- 27.7 Without derogating from any limitation of the Manager's liability in terms of this constitution, the Manager has no liability to Members of any nature whatsoever beyond the Assets whether arising, directly or indirectly, from the Manager doing or refraining from doing any act (including the execution of any document) in exercising its powers pursuant to this clause 27 in connection with the implementation of the Proposal in accordance with the Implementation Deed.

#### **Options**

- 27.8 If following the Effective Date the Stapled Company or the Stapled Trust is under any obligation, whether actual or contingent, to issue shares or units in the future pursuant to any option or comparable arrangement to any person the Manager may:
- (a) give an undertaking to the Stapled Company and/ or the Stapled Trust Manager to issue Units at the same time to each person to whom shares in the Stapled Company and units in the Stapled Trust are to be issued to ensure that the person receives Stapled Securities, or
  - (b) grant an option or comparable right to the person to acquire an equal number of Units to the number of shares in the Stapled Company and units in the Stapled Trust which the person is entitled to be issued on exercise of the option or comparable right, on the basis that the option or comparable right may only be exercised if required to ensure that the person receives Stapled Securities.
- 27.9 The undertakings, options or rights which the Manager may issue pursuant to clause 27.8 may be issued without consideration. The price at which the Units are to be issued pursuant to the undertakings or upon the exercise of those options or rights is to be calculated as follows:
- (a) where an Executive Option is exercised and the Stapled Company elects to procure the issue of Stapled Securities to satisfy its obligations on exercise of that option, the issue price of a Unit is the WFT Proportion of the exercise price of that Executive Option (or if that Executive Option has a nil exercise price, the issue price of a Unit is the WFT Proportion of \$13.76, being the volume weighted average sale price of a Stapled Share sold on ASX during the five trading day period up to but not including the Announcement Date);
  - (b) where a Possfund Option is exercised and the Stapled Company elects to procure the issue of Stapled Securities to satisfy its obligations on exercise of that option, the issue price of a Unit is the WFT Proportion of \$12.84, being the exercise price of a Possfund Option;

- (c) where exercise of a WFA Option is satisfied by delivery of a series F preferred share in Westfield America, Inc., an amount equal to the WFT Proportion of US\$1,000 for each such WFA Option divided by the number of Units issued under clause 27.8 in respect of the exercise of that option;

## 28 Interpretation

### Definitions

- 28.1 In this constitution, these words and phrases have the following meaning unless the contrary intention appears:

**Accrual Period:** the six monthly periods commencing on 1 January and 1 July, or such other period as the Manager determines, provided that, if the Manager determines that Accrual Periods will be quarterly, then Accrual Period means the three month periods ending 31 March, 30 June, 30 September and 31 December of each year.

**Attached Securities:** a Stapled Share, Stapled Unit and any other security or securities which are from time to time Stapled or to be Stapled to a Unit.

**Distribution Reinvestment Price** in relation to a Class of Units or, while Stapling applies, the Unit and the Attached Securities and an Issue Date means:

- (a) the volume weighted average of the sale price (if any) for fully participating Units of the relevant Class or Stapled Securities on the Home Exchange during the five consecutive Business Days up to but not including, the Business Day immediately preceding the Issue Date; or
- (b) if no sale was made in that five Business Days period, the average of the price offered by a willing purchaser for such Units or Stapled Securities ("bid price") and the price offered

by a willing vendor for such Units or Stapled Securities ("ask price") as quoted on the Home Exchange during that period; or

- (c) if either no bid or ask prices were quoted during that five Business Days period, the last sale price as quoted on the Home Exchange prior to that five Business Days period,

such price being:

- (d) first, if the Units or Stapled Securities whose prices used under paragraph (a), (b), or (c) have an entitlement to dividends and/or distributions which is different to the dividends and/or distributions to which the new Units or Stapled Securities will be entitled, adjusted by the Manager by such an amount as it considers to be appropriate to reflect this difference;
- (e) secondly, subject to any relevant conditions of any ASIC relief applicable to the issue, reduced by 2% or such other percentage (being zero or a percentage less than 10%) as the Manager may notify to all Members from time to time; and
- (f) thirdly, rounded to the nearest whole cent (0.5 of one cent being rounded down).

For the purposes of this definition, a fully participating Unit or Stapled Security (as applicable) is a fully paid Unit or Stapled Security (as applicable) which will participate fully in the distribution of income for the Accrual Period in which the Issue Date occurs.

Where the reinvestment price is calculated for a Stapled Security the allocation of that price between the Application Price for the Unit and the application prices for the Attached Securities is to be determined in accordance with clause 4.8.

**Divestment Notice:** a notice given under clause 26 to a Small Holder or a New Small Holder.

**Market Price:** in relation to a Unit, Stapled Security or Option means the Weighted Average Market Price of Units, Stapled Securities or Options of the relevant Class during the ten Stock Exchange trading days ending two Stock Exchange trading days prior to the date of the calculation, provided that if the Weighted Average Market Price is calculated in respect of Units or Stapled Securities which have an entitlement to dividends and/or distributions which is different to the dividends and/or distributions to which the new Units or Stapled Securities will be entitled the Manager is required to make such adjustment to the Weighted Average Market Price as it considers to be appropriate to reflect this difference.

However, if the relevant Unit or Option is not listed, then "Market Price" in relation to that Unit or Option means a price for that Unit or Option which an expert who is independent of the Manager determines at the Manager's request having regard to any applicable Class Rights, the market price of Units or Options and the Net Asset Value (to the extent the expert considers each of these factors to be relevant and appropriate), and any other matters which the expert believes should be taken into account.

**New Small Holder:** a member who is the holder or a joint holder of a New Small Holding.

**ADDRESS BY MR FRANK LOWY AC, CHAIRMAN WESTFIELD GROUP

AND THE MEETING OF MEMBERS OF  
WESTFIELD AMERICA TRUST AND WESTFIELD TRUST  
THURSDAY 12 MAY 2005 AT 10.00 AM  
ANGEL PLACE, SYDNEY**

**CHECK AGAINST DELIVERY**

Following the merger, we expanded the board to include four new independent directors who had served previously on the Trust boards.

Each member of the board is an outstanding individual, with a broad range of skills and experience, and they each make an enormous contribution to the ongoing success of the Group.

As you know, we have had a busy time since the merger. It has given us the financial structure and capacity to gain better access to global capital markets and make the most of the opportunities for further international growth.

But the improved financial capacity is only part of the story. Our human resources are just as important, if not more so, and therefore I would like to spend some time in this address talking about the depth and quality of the management team that we have been building up over a long period of time to manage our expanding global business.

But first, let me remind you that since the merger, shareholder value in the Group has increased by 25% - with market capitalisation up from \$22 billion before the merger was announced to nearly \$28 billion now.

As we noted in the Annual Report, based on the merger ratios and taking into account distributions and dividends paid during the year, for the calendar year to 31 December 2004, Westfield Holdings members received a return of 20%, Westfield Trust members, a return of 37% and Westfield America Trust members, a return of 41%.

Since the merger we have acquired \$3.6 billion of property assets, completed \$1.1 billion of development projects, and started nine new projects with a value of \$2.1 billion.

We now have interests in 126 shopping centres around the world, representing nearly \$42 billion of assets under management.

We released our quarterly review of operations just a couple of days ago and I'm pleased to report it showed that our shopping centres in all markets are performing strongly, with leasing at historically high levels.

The development program continues on track in Australia, New Zealand and the US and I'm very pleased that we were able to announce recently that we have begun our first major redevelopment in the UK with the \$775 million Derby project in the East Midlands.

From this we can see that throughout the corporate restructuring of the past year or so, the underlying business operations have continued to perform very well.

This has become an important feature in Westfield's success, particularly in recent years – the ability to undertake large and complex transactions and at the same time maintain the financial and management discipline to generate income and capital growth from our existing assets.

All of you are familiar with our growing global profile. As I said in my review for the Annual Report, we now have 125,000 shareholders with investors from most parts of the world, including Singapore, Japan, Hong Kong, the US, Europe, UK and, of course, our home base Australia.

Our 20,000 retailers are headquartered in the UK, France, Italy, Spain, South Africa, the US, and of course Australia and New Zealand.

We have staff moving between our international offices regularly.

We are well prepared to make the most of the global opportunities – but there are also many challenges.

Our first was to cross the threshold from a founder-run business to a professionally managed, though still entrepreneurial and hard-driving company. I believe we achieved this some years ago when I stepped back from day-to-day operations, delegating this responsibility to Steven and Peter Lowy as Managing Directors. This has been extremely successful and each has earned broad levels of respect both inside and outside the company, and in each of our markets around the world.

Our next challenge is to continue the transition from where we were pre-merger to where we are now heading – namely to be the leading global shopping centre owner, developer and manager.

To do this, Peter and Steven Lowy have taken on more strategic senior operational and financial duties as Managing Directors, and at the same time we have continued the development of our senior executives as part of this transition to professional management.

This has involved a number of restructures over the past few years to create opportunities for our most senior and talented executives to take on greater responsibility.

More recently, we have moved to an operational structure that is effectively managed by Chief Operating Officers in each of our regions, who have full responsibility for the business in their particular country, and it brings a number of benefits.

- It has greatly expanded the management roles of several of our key executives. In Australia, Bob Jordan, who joined Westfield 17 years ago as a senior developer, has risen to become Chief Operating Officer for the entire Australian/New Zealand operation.
- Similarly, Michael Gutman who joined as a senior Australian developer 11 years ago, has risen to become Chief Operating Officer and the senior executive in our London office.
- Peter Allen, who joined Westfield nine years ago, and oversaw the establishment of our business in the UK, recently took on his new role as Chief Financial Officer for the Group.
- As well as creating these new roles for people within Westfield, we have recruited senior executives from outside over the past few years.
- In the US, we recruited Ken Wong as President of operations for the US. Ken joined us after a distinguished career in real estate which included a period as head of the global theme park division at the Disney Company. Also, Peter Schwartz joined us from a leading New York law firm to become our general counsel in the US.
- In Australia, a couple of years ago we recruited Simon Tuxen as general counsel for the Group, as well as Dominic Panaccio and Mark Bloom as Deputy Chief Financial Officers.

These are obviously significant changes but the truth is that we are simply continuing an evolution. We have always had a very stable executive team. The current senior team has an average age of 47 and the average length of service with Westfield is 11 years.

An essential part of building and developing this executive team is of course the remuneration policies adopted by the Group and overseen by the Remuneration Committee of the board.

Westfield sets demanding standards and poses global challenges for its executives and those who meet those challenges rightly expect to be rewarded for doing so.

We prefer to judge the performance of our executives against our own aggressive internal targets and objectives which are designed to deliver long-term, sustainable value.

Our long term incentive plan for our senior executive team includes performance hurdles which incorporate these internal objectives and ensure a proper alignment with shareholder interests. Those performance hurdles are reviewed annually by the Remuneration Committee to ensure they remain current and appropriate for future awards.

I have spoken at length about our management team and I would now like to talk about the stability of our business.

As at the end of 2004, 98% of the Group's income was rental income with the remaining 2% coming from management and development fees paid to us by our joint-venture partners.

Westfield is further differentiated from other property companies by the size and quality of our rental income stream which flows from more than 20,000 leases, most of which are medium or long term - at least five years and in many cases 10 years or more. That, in itself, provides great stability in our earnings.

Our occupancy levels have always been, and remain, at very high levels. The demand for space in Westfield centres has historically been very strong and remains so.

We have a diverse group of retailers of different sizes and from different industries, with an international geographic spread, meaning we are less vulnerable to local economic fluctuations or major changes within particular retail sectors from time to time.

The underlying strength of our shopping centre business itself is reinforced by the geographic spread of Westfield assets. We have shopping centres in four countries, which can to an extent help even out local economic conditions, and allows us to concentrate extra resources where necessary.

In fact, over the 45 years since Westfield was founded, income from our shopping centres has never gone backwards in any year, despite the many economic ups and downs the world has experienced over that period.

In concluding my Chairman's address, I would like to reconfirm the Group's December 2005 earnings forecast of 95.6 cents per security and the distribution forecast of 106.5 cents per security. We look forward to the future with confidence.

ASX & Media Statement

11 May 2005

**GPT Unitholders Have The Option of Voting NO on 2 June  
- Alternative Internalisation Proposal**

Lend Lease Corporation Limited ("Lend Lease") wishes to advise the market that unitholders of General Property Trust ("GPT") have the option of voting NO to the package of transactions, including internalisation, being put to them on 2 June.

In the event of a NO vote, GPT unitholders will achieve three important and positive outcomes:

- No sales of GPT's best assets to Westfield at a discount to true value;
- No joint venture with Babcock & Brown ("B&B") in new markets for GPT in which Lend Lease believes GPT carries a disproportionate level of risk and lesser rewards compared to its JV partner;
- Internalisation of GPT management by 31 December 2005.

The internalisation that would occur under these circumstances would be on the following basis:

- All Lend Lease funds management services provided to GPT would be charged at cost (with no incentive or performance fees) from July 1 until internalisation occurs;
- Completion of internalisation by 31 December 2005 with all appropriate staff and support resources for GPT's business transferred on an orderly and reasonable basis and timetable;
- Lend Lease would not exercise its pre-emption rights on the existing JV agreements with GPT on the Rouse Hill and Twin Waters projects.

This internalisation will deliver an annual distribution per unit (dpu) increase of approximately 1 cent per unit from 1 July 2005 and provide GPT unitholders with the only component of GPT's proposal which was described as "unambiguously positive" by GPT's independent expert, Grant Samuel.

Lend Lease wishes to make it clear that the internalisation of GPT under these circumstances would be framed in the best interests of GPT unitholders. It would consult after 2 June with GPT's major unitholders on all aspects of the proposal. Lend Lease would not seek to enhance or protect its current arrangements with GPT under these circumstances.

Lend Lease is providing a detailed analysis of what we believe are the numerous flaws in the package of transactions being put to GPT unitholders on 2 June at a market briefing this

afternoon. This analysis presents Lend Lease's case as to why the package is not in the best interests of GPT unitholders.

Lend Lease also advises that it has communicated to the ASX that it considers it indefensible that Westfield, GPT's largest unitholder, be allowed to vote together with other GPT unitholders on the package of transactions on 2 June. The sale of GPT's prime retail assets to Westfield at a discount to true value will be triggered by a YES vote on internalisation. Lend Lease maintains that this gives Westfield a clear and vested interest in the approval of this package. Lend Lease argues that Westfield is in a position of influence in relation to GPT in respect of the internalisation proposal. We are disappointed that the position of the relevant regulators is that Westfield may vote its 6.5% unitholding to secure a collateral benefit which is not available to other unitholders.

GPT unitholders should now understand the potential benefits of rejecting this package of transactions being put to them on 2 June. They can balance these benefits with the advice received from GPT's Independent Directors, as well as the highly qualified assessment of the potential merits of that package by GPT's own Independent Expert, Grant Samuel. Given the information now in the market, Lend Lease does not propose to engage in a solicitation campaign in relation to the GPT unitholder vote on 2 June.

Lend Lease is committed to assisting with orderly and reasonable transition arrangements for any internalisation of GPT.

Whatever course GPT unitholders choose, Lend Lease remains on track and strongly positioned to pursue its growth strategy.

"Lend Lease's earnings guidance for FY2005 remains unchanged from that advised with the half year results announcement in February this year. The company is comfortable that it will deliver a full year result around the upper end of the then market consensus range of \$253 million to \$277 million after tax, excluding earnings from the discontinued REI businesses and one-off items.

"Subject to the usual caveats regarding unforeseen market and economic events and conditions, we remain confident of delivering double digit after tax earnings growth in future years," Mr Clarke said.

ENDS.

The Lend Lease market presentation will be available on the Lend Lease website [www.lendlease.com.au](http://www.lendlease.com.au) following this afternoon's briefing.

**MEDIA RELEASE**

**10 MAY 2005**

**LEND LEASE OPPOSES GPT TRANSACTIONS WITH WESTFIELD AND B&B**

**– Internalisation package not in the interests of GPT unitholders –**

Lend Lease Corporation Limited ("Lend Lease") rejects the assertions made in the General Property Trust ("GPT") market announcement today. GPT sought unqualified support from Lend Lease and to impose unacceptable conditions for the terms of a transition and commercial agreement between the two parties that would take effect if GPT's proposed but widely criticised internalisation package is implemented.

The failure of negotiations between the two parties has in fact arisen for two primary reasons:

1. GPT insisted that Lend Lease not attempt to seek to influence the vote of GPT unitholders, nor in any other way oppose or affect the outcome of the unitholder meeting. The proponents of the GPT internalisation package had required Lend Lease endorsement of their proposal as a condition for agreeing all of the proposed transition and commercial agreements.

After reviewing the Explanatory Memorandum for the internalisation package and approaches from several major GPT unitholders, Lend Lease believes that the proposal is against the interests of GPT unitholders and that Lend Lease could not support it under any circumstances.

2. At the same time, despite weeks of discussions, the GPT internalisation group was not prepared to agree a fair and equitable arrangement for an initial allocation of Lend Lease resources and employees that provided certainty for ALL Lend Lease employees, not just those the GPT group may have decided to employ if their proposal is supported (all persons currently servicing the Trust are employees of the Lend Lease Group). A rational, fair and equitable agreement on this matter was a key principle for Lend Lease. Nic Lyons, representing the GPT internalisation group, threatened the immediate resignation of the senior trust management team last week if Lend Lease did not give the internalisation group unfettered access to make approaches to Lend Lease employees. Lend Lease offered to accept these resignations, but they were withdrawn.

In our opinion the internalisation package is not in the interests of GPT unitholders, primarily because it has tied to it the sale of interests in three of GPT key retail portfolio assets to Westfield and the establishment of a highly geared Joint Venture with Babcock & Brown. Lend Lease has recently held discussions with several investors about potential practical alternatives to that proposal.

Managing Director and CEO, Greg Clarke, said Lend Lease would announce its views on an appropriate internalisation model for GPT tomorrow. He said that this alternative model would avoid the sale of GPT's retail assets to Westfield and the Babcock & Brown JV.

Mr Clarke said, "Our alternative will not include making a takeover offer for GPT as an alternative to the current internalisation proposal.

"When it was announced in February, Lend Lease reserved its position on the proposed internalisation package. Now that all the fine print has been laid out in GPT's Explanatory Memorandum and given the serious issues raised by GPT's Independent Expert, we believe that the internalisation package is not in the interests of GPT unitholders and should be rejected outright," Mr Clarke said.

## Mall Stores

During 2004, the five Mall Store retailers accounting for the largest percentage of Mall Stores' effective rent (i.e., base rent plus percentage rent) were: Limited Brands (The Limited, Express, Bath and Body Works, Victoria's Secret and others), Gap Inc. (The Gap, Gap Kids, Baby Gap, Banana Republic, Old Navy), Foot Locker (Foot Locker and other), Abercrombie & Fitch and Zales.

The following table sets forth certain information with respect to the ten largest Mall Store retailers (through their various operating divisions) in terms of Mall GLA, as of December 31, 2004:

## Sales

Total sales for Specialty Shops affect revenue and profitability levels of the Company because they determine the amount of minimum rent the Company can charge, the percentage rent it realizes, and the recoverable expenses (common area maintenance, real estate taxes, etc.) the retailers can afford to pay.

The table below sets forth total Mall Shop sales for Centers in the east coast, midwest and west coast regions of the United States:

| Year      | East Coast          |                        | Midwest             |                        | West Coast          |                        | Total               |                        |

Reported sales per square foot for Mall Shops for the years ended December 31, 2002 to 2004 were as follows:

|  | <u>2004</u> | <u>2003</u> | <u>2002</u> |
|--|-------------|-------------|-------------|
| Reported sales per square foot .....                                     | \$405       | \$384       | \$375       |
| Increase (decrease) from prior year.....                                 | 5.5%        | 2.4%        | (1.1)%      |
| Increase (decrease) from prior year on a comparable Mall Shop basis..... | 6.1%        | 1.8%        | (1.1)%      |

The Company believes these sales levels enhance its ability to obtain higher rents from retailers.

## Leasing

Leasing percentages are calculated on the basis of signed leases, excluding temporary leases which have a term of less than one year. The following table sets forth leased status for Centers in the east coast, midwest and west coast regions of the United States:

## Leases

Generally, Mall Store leases are for ten-year terms and provide for retailers to pay rent comprised of fixed and variable components. The fixed component, referred to as "base" or "minimum" rent, is often subject to steps, or contractual increases according to a negotiated schedule. The variable rent component is based upon a percentage of a retailer's gross sales in excess of a minimum annual amount. In some cases, retailers only pay base rent and, in a few cases, retailers only pay percentage rent.

Virtually all of the leases for Mall Stores contain provisions that allow the Centers to recover certain operating costs and expenses (including certain capital expenditures) with respect to the common areas (including parking facilities), all buildings, roofs and facilities within the Centers, as well as insurance and property taxes. During 2004, the Centers recovered approximately 100% of these costs and expenditures in the form of expense recoveries from tenants.

### Lease Expirations

The expiration of leases present shopping center owners with the opportunity to increase base and percentage rents, modify lease terms, improve retailer mix, relocate existing retailers, reconfigure or expand retailer spaces and introduce new retailers and retail concepts to the shopping center. The Company endeavors to increase base rent levels in the Centers in part through negotiating terminations of leases of underperforming retailers and renegotiating expired leases.

The following table shows scheduled lease expirations over the next ten years based upon Mall Store leases in place at December 31, 2004:

### Mall Shop Rental Rates

The following table contains average base and effective rent (base rent plus percentage rent) on a per square foot basis of the Mall Shops:

| <u>As of December 31,</u> | <u>Base Rent</u> | <u>Effective Rent</u> |
|---------------------------|------------------|-----------------------|
| 2004 .....                | \$37.88          | \$38.77               |
| 2003 .....                | 36.31            | 36.99                 |
| 2002 .....                | 35.06            | 35.62                 |

As leases have expired, the Company has generally sought to rent the available space, either to the existing retailer or a new retailer, at rental rates that are higher than those of the expiring leases, since the average rent for leases in place is generally less than the market rate for such space.

The following table illustrates increases in Mall Shop rental rates:

| <u>Year</u> | <u>Leases Executed<br/>During the Period<sup>(1)</sup></u> | <u>Leases Expiring<br/>During the Period<sup>(2)</sup></u> | <u>Percent Increase</u> |
|-------------|--|--|-------------------------|
| 2004 .....  | \$42.27  | \$33.47  | 26.3%                   |
| 2003 .....  | 42.26  | 33.03  | 27.9%                   |
| 2002 .....  | 43.85  | 33.22  | 32.0%                   |

<sup>(1)</sup> Represents average base rent for the initial year of occupancy including renewals.

<sup>(2)</sup> Represents average base rent for the final year of occupancy and includes scheduled expirations, early terminations, abandonments and negotiated buyouts.

Minimum rents at Mall Shops are expected to grow as a result of contractual rent increases in existing leases. Although there can be no assurances that such contractual increases will be realized, or that contractual increases are indicative of possible future increases, base rent at the Centers is expected to increase by approximately \$44.0 million over the next five years through these contractual increases.

As required by Australian generally accepted accounting principles ("GAAP"), contractual rent increases are recognized as rental income using the straight line method over the respective lease term which may result in the recognition of income not currently billable under the terms of the lease. The amount of contractual rent recognized for Australian GAAP purposes in excess of rent billed for the years ended December 31, 2004, 2003 and 2002 was \$11.6 million, \$12.9 million and \$6.5 million, respectively.

## Seasonality

The shopping center industry is seasonal in nature, particularly in the fourth quarter during the holiday season, when retailer occupancy and retail sales are typically at their highest levels. In addition, shopping malls achieve a substantial portion of their specialty (temporary retailer) rents during the holiday season. As a result of the above, earnings are generally highest in the fourth quarter of each year.

The following table summarizes 2004, 2003 and 2002 Mall Shop Sales by quarter and Percentage Leased at quarter end.

### A.C.C.C. NOT TO OPPOSE WESTFIELD ACQUISITIONS

The Australian Competition and Consumer Commission will not oppose the acquisitions by Westfield of 25 per cent of Sunshine Plaza (Queensland) and 50 per cent of Woden Plaza (ACT) and Penrith Plaza (NSW) from General Property Trust, ACCC Chairman, Mr Graeme Samuel, said today.

"Following market inquiries among retailers and landlords, the ACCC considers that the acquisitions are unlikely to substantially lessen competition", Mr Samuel said.

"Westfield owns a number regional shopping centres\* in Sydney and one in Canberra. However, the ACCC does not consider that this transaction will result in a substantial lessening of competition as Westfield will face competition from other regional shopping centres and, to a lesser extent, from other retail centres.

"In addition, large tenants have a degree of countervailing power against Westfield and other landlords as they are essential to the success of any regional shopping centre.

"In the case of Sunshine Plaza, Westfield's 25 per cent stake will not give it management control. It is management control rather than centre ownership which is the most relevant factor in determining how a regional shopping centre deals with its retail tenants".

The ACCC will issue a public competition assessment on this matter in due course.

## Items 7 and 8

### AMENDMENT TO CONSTITUTIONS OF WESTFIELD AMERICA TRUST AND WESTFIELD TRUST

#### *Background*

From 1 January 2005, Australian reporting entities are required to adopt Australian Equivalents to International Financial Reporting Standards ("AIFRS") in the preparation of financial reports. For WFA and WFT, AIFRS will apply to the half year reports to 30 June 2005 and annual reports to 31 December 2005.

The adoption of AIFRS may have a major effect on the treatment of members' funds for WFA and WFT. The Westfield Group auditor has advised that, on the present interpretation of AIFRS, members' funds will be treated as debt for accounting purposes, rather than contributed equity as is the case under the Australian Accounting Standards pre-AIFRS.

The primary reason for this accounting treatment is that, like most Australian listed property trusts, both WFT and WFA have a finite maximum term ("Maximum Term"). WFA has a Maximum Term of 80 years as set out in clause 4.3(a) of

## Explanatory Notes

its Constitution and WFT has a Maximum Term of the period ending on the day before the twenty-first anniversary of the date of death of the last survivor of the descendants of His late Majesty King George V living as at 1 April 1982, as set out in clause 20.2(a) of its Constitution.

Under the terms of their Constitutions, WFT and WFA must each be wound up by the end of their Maximum Term and their respective members' capital and any surplus returned to members. Under AIFRS, the Maximum Term gives rise to a de facto "repayment" obligation on WFT and WFA with respect to their unit capital and, as a result, these amounts are treated as debt and not equity.

The effect of this interpretation of AIFRS would be to reduce net assets as disclosed in the statements of financial position of WFT and WFA by the amounts currently described as equity attributable to members of WFT and WFA and to represent the members' distributions in the respective statements of financial performance as an interest expense. By treating distributions as an expense, essentially all of the currently reported profit after tax would be eliminated. The change in disclosure would not of itself however, alter the amount of the distribution to members.

While the individual financial reports of WFA and WFT will be substantially changed by this interpretation they would, however, remain reasonably understandable as the liability for members' capital in each of WFT and WFA and the expense for distributions could be disclosed as individual line items in the statements of financial position and financial performance respectively.

As a result of the merger, the Company is treated as having acquired WFT and WFA and accordingly consolidates both WFT and WFA. In the case of the Westfield Group financial report, this interpretation of AIFRS would, however, render the statement of financial position and the statement of financial performance unable to be clearly understood without supplementary financial information of a technical accounting nature.

Accordingly, the amendments to the Constitutions of WFT and WFA are being sought in order to eliminate the prospect of confusing financial information being presented to the holders of the stapled securities in the Westfield Group.

### *Items 7 and 8 might not be put to the meetings depending upon AASB's determination*

The Australian Accounting Standard Board ("AASB") stated in its Action Alert dated March 2005 that in its view, members' funds of listed finite trusts should remain classified as equity under AIFRS and it would advise the International Accounting Standard Board of "its tentative decision to issue guidance that the existence of a termination date does not prevent units issued by a LPT [Listed Property Trust] from being classified as equity".

AASB has indicated that it intends to finalise this matter at its April 2005 meeting. Accordingly, if prior to the Members' meetings, AASB issues a firm guidance under which WFA and WFT will be entitled to continue to treat members' capital as equity notwithstanding AIFRS, the proposed amendments to the WFA and WFT Constitutions which are the subject of Items 7 and 8 will not be necessary. In this event, Items 7 and 8 will not be put to the meetings.

### *Proposed amendments to WFA and WFT Constitutions*

The changes proposed to be made to the WFA Constitution are as follows:

- Clause 4.3(a) will be deleted;
- A new clause 6.14 will be inserted as follows:  
**"6.14 Restriction on issue and redemption of Units**  
No Units may be issued or redeemed after the 80th anniversary of the day the Trust commenced if that issue or redemption would cause a contravention of the rule against perpetuities or any other rule of law or equity.";
- The definition of "Liabilities" in clause 1.1 will be replaced with the following:  
**"Liabilities:** all present liabilities of the Trust including any provision which the Manager decides should be taken into account in determining the liabilities of the Trust but excluding any amount representing Members' capital, undistributed profits, interest attributable to Members accruing on Members' capital, capital reserves, or any other amount representing the value of rights attaching to Units, whether or not redeemable, regardless of whether characterised as equity or debt in the accounts of the Trust."

The proposed amendments are required for the following reasons:

(a) Deletion of clause 4.3(a)

By deleting clause 4.3(a), the term of WFA will no longer be limited to the Maximum Term and WFA will become 'perpetual' subject to the other provisions in the Constitution and general trust law. After the amendment, there will no longer be a finite time by which the responsible entity is contractually bound to pay cash to the members on termination. Accordingly, the provisions of AASB 132 (under which members' capital would be classified as debt) will not apply and members' capital will continue to be accounted for as equity.

(b) New clause 6.14

The rule against perpetuities renders void a trust in circumstances where a person may acquire an interest in the trust which could vest after a particular period (which in New South Wales is generally 80 years from the settlement of the trust). WAML has received legal advice that the interests of members in WFA have already 'vested' and accordingly the rule against perpetuities does not apply to WFA so as to require a finite duration for WFA. However, for the abundance of caution, it is proposed to introduce a prohibition on the issue and redemption of Units outside the statutory 80 year perpetuity period if the issue or redemption of Units would contravene the rule against perpetuities or any other rule of law or equity.

(c) Definition of "Liabilities"

This amendment is designed to ensure that accounting treatment for liabilities which applied pre-AIFRS will continue to apply for the purpose of calculating net asset value, and other aspects of trust administration. This definition of "Liabilities" is relevant to the following provisions in the Constitution:

- clause 5.1 (which defines the interests of members);
- clause 19.2 (which calculates members' entitlements on termination); and
- in the definition of Net Asset Value. The term "Net Asset Value" is used in connection with the issue price for units when WFA is not listed.

The following equivalent changes are proposed to be made to the WFT Constitution:

- Clause 20.2(a) will be deleted;
- A new clause 5.11 will be inserted as follows:  
**"5.11 Restriction on issue and redemption of Units"**  
No Units may be issued or redeemed after the 80th anniversary of the day the Trust commenced if that issue or redemption would cause a contravention of the rule against perpetuities or any other rule of law or equity.";
- The definition of "Liabilities" in clause 28.1 will be replaced with the following:  
**"Liabilities:** all present liabilities of the Trust including any provision which the Manager decides should be taken into account in determining the liabilities of the Trust but excluding any amount representing Members' capital, undistributed profits, interest attributable to Members accruing on Members' capital, capital reserves, or any other amount representing the value of rights attaching to Units, whether or not redeemable, regardless of whether characterised as equity or debt in the accounts of the Trust."

The reasons for the proposed amendments to the WFT Constitution are the same as the reasons for the corresponding proposed amendments to the WFA Constitution as set out above.

The auditor of WFA and WFT has confirmed to the directors of WAML and WML that, in the context of the current interpretation of AIFRS, the making of the proposed changes to the WFA Constitution and WFT Constitution will result in members' funds continuing to be treated as contributed equity. Accordingly, the reported net assets and profit of WFA and WFT will not be reduced by a different categorisation of members' funds through the adoption of AIFRS.

**Reasons for seeking approval**

The purpose of Items 7 and 8 is to seek Members' approval of the proposed amendments to the Constitutions of WFA and WFT. Approval of Members by special resolution is necessary in accordance with section 601GC(1) of the Corporations Act because it is arguable that the amendments may adversely affect Members' rights by affecting the right of Members to receive the proceeds of winding up at the end of the Maximum Term. The proposed amendments

13 April 2005

Dear Member

**Notice of Meeting and Westfield Group 2004 Annual Report**

**Meeting**

The Annual General Meeting of Westfield Holdings Limited ("AGM") and meetings of members of Westfield Trust and Westfield America Trust will be held on **Thursday 12 May 2005** at the City Recital Hall, Angel Place, Sydney commencing at 10.00 am. A Notice of Meeting is enclosed.

The AGM has been convened in connection with the shortened financial year of Westfield Holdings Limited ended 31 December 2004. The meetings of each Westfield Trust and Westfield America Trust have been convened for the purpose of proposing changes to the constitutions of the Trusts. The reasons for the proposed changes to the constitutions are set out in the explanatory notes which accompany the Notice of Meeting.

**Annual Reports**

As a result of the merger, Westfield Holdings Limited consolidates the Trusts into its financial report and as such the Westfield Holdings' report is the annual report for the consolidated Westfield Group. A copy of this report is enclosed (assuming you have elected to receive it). This is a comprehensive statement of the performance and financial position of the Westfield Group as a whole.

If you have elected to receive the Westfield Group Annual Report, you will also receive, as a separate package, the annual reports for each of Westfield Trust and Westfield America Trust. Despite having adopted the consolidation process for the merged Group, we are also required by the Corporations Act 2001 to produce stand alone annual reports for the Trusts and to distribute those annual reports to members.

Due to the weight of the material being mailed, the reports are being sent to you as two separate postal packages.

All annual reports are available on the Group's website ([www.westfield.com](http://www.westfield.com)). If you no longer wish to receive any or all of these annual reports in the future, please complete the enclosed Annual & Interim Report Instruction Form and return it to the Registry using the enclosed reply paid envelope. If you do not return the form, and you currently receive the Westfield Group Annual Report, you will continue to be sent all of the reports.

I invite you to attend the forthcoming meeting on 12 May 2005. Alternatively, you may complete and return the enclosed proxy form to Computershare Investor Services Pty Limited using the enclosed reply paid envelope, sending it by fax to (02) 8235 8220 or, for the first time, lodging your proxy online at [westfield.com/corporate/investor](http://westfield.com/corporate/investor). Proxies must be received no later than 10.00am Tuesday 10 May 2005.

Yours sincerely

ASX/MEDIA RELEASE

13 APRIL 2005

## **Creatable Media commences US expansion**

- commences roll-out of tabletops in Westfield and other US shopping centres
- in discussions with other major shopping centre landlords
- secures largest ever advertising contract

*Date: 13 April, 2005* - Creatable Media (ASX:CLB), the leading tabletop advertising company, has commenced its expansion strategy into the US and will begin the roll-out of its advertising tables in 47 Westfield shopping centres from May.

Creatable Media will also roll out its tables in Santa Monica Place, California and the Lakewood Mall property in Los Angeles. The company is also in discussions with other major shopping centre landlords to install its tabletops.

Craig Lazarus, Creatable Media America Chief Executive, said the agreements with Westfield and others had been secured on a favourable, variable cost basis for both parties.

"These contracts provide Creatable Media increased capacity and the ability to support large scale campaigns from the biggest advertisers in this market."

As part of its US push, the company has commenced pre-selling its tabletops and has already secured its largest ever contact - a \$200,000 deal for a major movie studio to advertise on Creatable Media's tables.

**INDEPENDENT AUDIT REPORT – MANAGED INVESTMENT SCHEME  
COMPLIANCE PLAN**

To the Directors of Westfield Management Limited (“WML”):

**Scope**

I have audited the Compliance Plan (“the Plan”) of the schemes listed in Appendix A which was established by WML as the responsible entity for the schemes for the financial year ended 31 December 2004. As directors of the responsible entity you are responsible for the design, documentation, operation and monitoring of the Plan and the adequacy of compliance measures contained in the Plan, including the relevant internal control systems, policies and procedures, and compliance therewith. These responsibilities are set out in Part 5C.2 of the *Corporations Act 2001* applicable in Australia. I have conducted an independent audit of the Plan in order to express an opinion on it to the responsible entity.

My audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance regarding the Plan. Accordingly, I have performed such tests and procedures, as I considered necessary in the circumstances. My procedures included obtaining an understanding of the Plan and the compliance measures which it contains and examining, on a test basis, evidence supporting the operation of these compliance measures. These procedures have been undertaken to form an opinion whether, in all material respects, the responsible entity has complied with the Plan for the financial year ended 31 December 2004, and the Plan continues meet the requirements of Part 5C.4 of the *Corporations Act 2001* as at that date.

This audit report has been prepared for WML as the responsible entity of the schemes listed in Appendix A in accordance with section 601HG of the *Corporations Act 2001*. I disclaim any assumption of responsibility for any reliance on this report to any person other than the responsible entity, or for any purpose other than that for which it was prepared.

**Inherent Limitations**

Because of the inherent limitations of any Plan, it is possible that fraud, error or non-compliance with laws and regulations may occur and not be detected. An audit is not designed to detect all weaknesses in a Plan and the compliance measures in the Plan as an audit is not performed continuously throughout the financial year and the audit procedures performed on the Plan and compliance measures are undertaken on a test basis.

Any projection of the evaluation of the Plan to future periods is subject to the risk that the compliance measures in the Plan may become inadequate because of changes in conditions or circumstances, or that the degree of compliance with them may deteriorate.

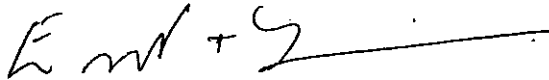

The audit opinion expressed in this report has been formed on the above basis.

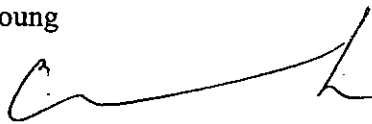

**Audit Opinion**

In my opinion, in all material respects:

- (a) Westfield Management Limited has complied with the Plan of the schemes listed in Appendix A for the financial year ended 31 December 2004; and
- (b) the Plan continues to meet the requirements of Part 5C.4 of the *Corporations Act 2001* as at 31 December 2004.

## **INDEPENDENT AUDIT REPORT – MANAGED INVESTMENT SCHEME COMPLIANCE PLAN**

To the Directors of Westfield America Management Limited (“WAML”):

### **Scope**

I have audited the Compliance Plan (“the Plan”) of Westfield America Trust which was established by WAML as the responsible entity for the scheme for the financial year ended 31 December 2004. As directors of the responsible entity you are responsible for the design, documentation, operation and monitoring of the Plan and the adequacy of compliance measures contained in the Plan, including the relevant internal control systems, policies and procedures, and compliance therewith. These responsibilities are set out in Part 5C.2 of the *Corporations Act 2001* applicable in Australia. I have conducted an independent audit of the Plan in order to express an opinion on it to the responsible entity.

My audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance regarding the Plan. Accordingly, I have performed such tests and procedures, as I considered necessary in the circumstances. My procedures included obtaining an understanding of the Plan and the compliance measures which it contains and examining, on a test basis, evidence supporting the operation of these compliance measures. These procedures have been undertaken to form an opinion whether, in all material respects, the responsible entity has complied with the Plan for the financial year ended 31 December 2004, and the Plan continues to meet the requirements of Part 5C.4 of the *Corporations Act 2001* as at that date.

This audit report has been prepared for WAML as the responsible entity of Westfield America Trust in accordance with section 601HG of the *Corporations Act 2001*. I disclaim any assumption of responsibility for any reliance on this report to any person other than the responsible entity, or for any purpose other than that for which it was prepared.

### **Inherent Limitations**

Because of the inherent limitations of any Plan, it is possible that fraud, error or non-compliance with laws and regulations may occur and not be detected. An audit is not designed to detect all weaknesses in a Plan and the compliance measures in the Plan, as an audit is not performed continuously throughout the financial year and the audit procedures performed on the Plan and compliance measures are undertaken on a test basis.

Any projection of the evaluation of the Plan to future periods is subject to the risk that the compliance measures in the Plan may become inadequate because of changes in conditions or circumstances, or that the degree of compliance with them may deteriorate.

The audit opinion expressed in this report has been formed on the above basis.

**Audit Opinion**

In my opinion, in all material respects:

- (a) Westfield America Management Limited has complied with the Plan of Westfield America Trust for the financial year ended 31 December 2004; and
- (b) the Plan continues to meet the requirements of Part 5C.4 of the *Corporations Act 2001* as at 31 December 2004.

The relevant interests in these securities are /were held by Colonial First State Investments Limited (CFS) as responsible entity of the specified registered managed investment schemes and relate(d) to holdings in connection with the Colonial First State First Choice product range. Decisions to buy/sell those securities and exercise voting rights in relation to those securities are made by external managers (unrelated to the Commonwealth Bank Group) to whom CFS has outsourced those functions. By instrument dated 29 October 2001 the Australian Securities and Investments Commission has granted certain relief to CFS and its related bodies corporate for these holdings from the provisions of Chapter 6 of the Corporations Act in relation to the acquisition of such securities.

NOTE 2--(This note is relevant to section 2 3 4 and 5)

CMLA, by virtue of s608(3)(a), had a relevant interest in all securities in which 452 Capital had a relevant interest. The Exclusivity Period has now ended and so CMLA no longer has the relevant interest under s608(3)(a) under the Exclusivity Agreement that is described above.

Dear Sirs

**WESTFIELD GROUP (ASX:WDC)  
AMENDMENT TO PRELIMINARY FINAL REPORT (APPENDIX 4E)**

We refer to the Appendix 4E announced on 28 February 2005.

The Appendix 4E (Notes 6.8 and 10.5) specified that 15,385,755 stapled securities were to be issued under the DRP at a price of \$16.81 (with the following cost base: \$1.55 per Westfield Holdings share, \$8.38 per Westfield Trust unit and \$6.88 per Westfield America Trust unit).

The calculation of the issue price under the DRP did not take into account the differential ranking entitlements of the DRP securities (ASX: WDCNA). The number of securities to be issued under the DRP is 15,544,151 at an issue price of \$16.64 per stapled security.

Accordingly, the revised cost base of the DRP securities (amending Note 10.5 of WDC's Appendix 4E announced on 28 February 2005) is as follows: \$1.54 per Westfield Holdings share, \$8.30 per Westfield Trust unit and \$6.80 per Westfield America Trust unit.

The Appendix 4E should be read subject to this announcement concerning the DRP. There are no other changes to the Appendix 4E.

An amended Appendix 3B reflecting the above changes is attached.

Yours faithfully  
**WESTFIELD GROUP**

Managing directors, Peter Lowy and Steven Lowy said: "We are very pleased with the successful completion of the merger of Westfield Holdings, Westfield Trust and Westfield America Trust which has created the world's largest listed retail property group (by market capitalisation) with a market capitalisation in excess of \$28 billion."

"Our ongoing operations in Australia, New Zealand, the United States and the United Kingdom continue to perform well and we remain on track to deliver the forecasts that were issued at the time of the merger."

"It has been a very positive period for the Group and the significant acquisition and financing transactions undertaken over the last six months have been consistent with our merger rationale and provide a strengthened platform for our existing operations and for future growth."

#### Outlook

The directors confirm the forecasts contained in the Explanatory Memorandum for the distribution periods to 30 June 2006. The forecast distribution re-stated for the Group's financial year to 31 December 2005, is 106.5 cents per stapled security.

#### Financial Highlights

|                           |             |                   |            |

| Profit After Tax          | \$832.9m    | Total Liabilities | \$16,430 m |
| Distribution              | \$875.7m    | Net Assets        | \$17,851 m |

| Distribution per Security | 52.03 cents | Gearing           | 40.6%      |

The Group's net profit after tax for the 6 months to 31 December 2004 was \$832.9 million. This result was ahead of the Explanatory Memorandum forecast ("forecast") of \$801.3 million due to profit from asset sales during the period of \$31.5 million which were not anticipated at the time of the Merger. Total distribution of \$875.7 million is also in line with forecast.

Earnings per security is 49.5 cents and after adjusting for asset sales is in line with the forecast earnings per security of 47.6 cents. The Group's distribution for the period is 52.03 cents per security and is slightly ahead of the forecast of 52.0 cents per security.

Total assets have risen by 14% since 30 June 2004 from \$30.0 billion to \$34.3 billion. During the same period, the gross value of investments under management rose by 16% from \$36.0 billion to \$41.9 billion. This increase in our shopping centre portfolio has been driven by the acquisition of new properties, the completion of redevelopments and revaluation of existing assets. In particular during the period we have substantially increased our presence in the United Kingdom with the £1.1 billion (\$2.8 billion) acquisition of Duelguide Plc.

The Group has also focussed on strengthening its financing structure by increasing the diversification of its funding mix and lengthening its debt maturity profile. During the period, \$8.5 billion of new core facilities were put in place with US\$2.6 billion raised from the US public debt market and a further US\$4.0 billion global syndicated bank facility now available.

Both of these transactions were consistent with the objectives set at the time of the merger and represented the largest deals of their kind by an Australian corporate, receiving strong support from international debt markets.

Operational highlights for the period include strong performances from each of our Australian & New Zealand, United States and United Kingdom regions which have been reflected in the \$2.8 billion increase in the valuation of the Group's existing shopping centre assets and have contributed to the growth in NTA to \$10.61 per security at 31 December 2004.

At 31 December 2004, the Group's gearing level was 40.6%. Following the completion of the Duelguide acquisition, gearing will increase to approximately 44%. Based on equity market capitalisation of \$28 billion net debt to total market capitalisation is approximately 33%.

The total distribution for the period of 52.03 cents per stapled security comprises distributions from both Westfield Trust and Westfield America Trust totalling 47.56 cents per security (91.4% of total distribution) which is tax advantaged to approximately 42% and a fully franked dividend from Westfield Holdings of 4.47 cents per security (8.6% of total distribution).

### **BASIS OF FINANCIAL REPORT PREPARATION**

for the shortened financial year ended 31 December 2004

#### **11.1 Material factors affecting the revenues and expenses of the economic entity for the current period.**

##### **11.1a Westfield Group Merger**

In July 2004, the Westfield Group was formed by the stapling of the securities of WHL ("Parent Company") WT and WAT ("Merger").

The Merger was implemented by way of a Court approved scheme of arrangement ("Share Scheme") of the Parent Company and amendments to the constitutions of each of the Parent Company, WT and WAT.

On 25 June 2004, members of each of the Parent Company, WT and WAT approved the Merger. As a result of the Merger the Parent Company is considered, for accounting purposes, to have gained control of WT and WAT and has consolidated WT and WAT from 2 July 2004, being the date an order made by the Supreme Court of New South Wales approving the Share Scheme was lodged with ASIC.

The Merger was implemented on 16 July 2004 ("Implementation Date"), being the date on which securities were issued to investors in each other entity and "stapled" such that the Westfield Group stapled securities trade as one security on the Australian Stock Exchange under the code WDC. The stapled security comprises one share in the Parent Company, one WT unit and one WAT unit. The following occurred on the Implementation Date:

- members of WT holding units on 12 July 2004 ("Stapling Record Date") had their units converted into 0.28 restructured WT units and members of WAT had their units converted into 0.15 restructured WAT units;
- a fully franked "stapling" dividend of \$0.002 per share in the Parent Company was paid to members of the Parent Company holding shares on the Stapling Record Date and applied to subscribe for one restructured WT unit for \$0.001 and one restructured WAT unit for \$0.001 for each share in the Parent Company held by the member;
- a stapling distribution of \$1.01 was paid to members of WT holding units on the Stapling Record Date and applied to subscribe for one share in the Parent Company for \$0.01 and one restructured WAT unit for \$1.00 for each restructured WT unit held;
- a stapling distribution of \$1.01 was paid to members of WAT holding units on the Stapling Record Date and applied to subscribe for one share in the Parent Company for \$0.01 and one restructured WT unit for \$1.00 for each restructured WAT unit held;
- members of the Parent Company holding shares on the Stapling Record Date received one stapled security for each share held;
- members of each of WT and WAT received one stapled security for each restructured WT unit or restructured WAT unit (as the case may be) held on the Stapling Record Date.

The Merger ensures a common investor base in each of the Parent Company, WT and WAT other than a number of entities controlled by the Parent Company ("Cross Holders") holding units and options in WAT. The Cross Holders held 553,895,741 units in WAT prior to the Merger. The Cross Holders participated in the consolidation of WAT units but did not participate in the issue of stapled securities or the stapling distribution. As a result of the consolidation the Cross Holders currently hold 83,084,363 restructured units in WAT and will continue to receive distributions which are paid on WAT units. The cross holdings have been eliminated in full, in this financial report.

As a result of the Merger, the Cross Holders' unit holdings in WAT has been reduced from 14.7% to 4.7%.

The Cross Holders also hold a total of 27,661,209 Special Options in WAT. These special options have been eliminated in full, in this financial report.

The Parent Company and the Responsible Entities of WT and WAT entered into the Stapling Deed (effective 2 July 2004) which sets out the terms of the relationship between the entities with respect to the stapled securities. The Stapling Deed ensures that the entities must operate on a co-operative basis for the benefit of holders of Stapled Securities as a whole.

As a consequence of the Merger, the Parent Company, the Responsible Entities of WT and WAT and certain subsidiaries of each of them (each an "Obligor") executed guarantee and negative pledge documentation in respect of financial accommodation provided for the benefit of the Westfield Group.

Under the guarantee documentation, each Obligor unconditionally and irrevocably grants a guarantee for the benefit of Westfield Group Lenders in respect of the debts and monetary obligations of certain subsidiaries of the Parent Company, WT and WAT.

The Master Negative Pledge Deed Poll given by the Parent Company, and the Responsible Entities of WT and WAT contains, amongst other things, certain undertakings, financial covenants, representations and warranties in respect of themselves and their controlled entities for the benefit of lenders to the Westfield Group. This document also sets out the basis upon which defaults or events of defaults may occur under the financing arrangements of Obligors and the acceleration rights of Westfield Group lenders in that event.

**11.1 Material factors affecting the revenues and expenses of the economic entity for the current period. (continued)**

**11.1a Westfield Group Merger (continued)**

As a result of the Merger investors in the Westfield Group will receive distributions from each component of the stapled security comprising dividends from the Parent Entity and distributions from each of WT and WAT. The distribution policy of the Westfield Group is to distribute its reported after tax profit as presented on an Australian GAAP basis and adjusted for an amount equivalent to the project profits that the Group would have reflected in its statement of financial performance but for the Merger and other amounts which the Directors may determine to take into account in order to reflect the capital profits or losses and other items as considered appropriate. It is intended that the Westfield Group distributions be paid to investors half yearly and no later than two months after the end of each half year.

**11.1b Change of balance date**

By an order dated 21 May 2004, made by ASIC pursuant to subsection 340(1) of the Corporations Act, the Directors of the Parent Company have been relieved from compliance with subsection 323D(2)(b) and 323D(5) of the Act. Accordingly, the Parent Company has changed its financial year end to 31 December and has complied with Chapter 2M of the Act in respect of the period 1 July 2004 to 31 December 2004 ("the Shortened Financial Year"), as if the Shortened Financial Year was a financial year. The comparative period ended 30 June 2004 is defined as the twelve month period 1 July 2003 to 30 June 2004.

**11.1c Duelguide acquisition**

On 24 November 2004 DGL Acquisitions Limited ("DGL") acquired a 100% interest in Duelguide plc ("Duelguide"), the company which owns the former London listed company Chelsfield plc ("Chelsfield"), for a cash consideration totalling £585 million.

DGL is 50% owned by Westfield Group entities and 50% owned by R&M Investments (BVI) Limited ("R&M"), a company that is jointly owned by entities associated with Multiplex Limited and Messrs. David and Simon Reuben.

In an agreement dated 17 October 2004, the shareholders of DGL agreed to allocate the direct ownership of the assets and liabilities of Duelguide to the Westfield Group and R&M. It is anticipated that this allocation and associated restructure will be implemented over the next 12 months. In accordance with this agreement, the Westfield Group's allocation of Duelguide's assets and liabilities is as follows:

|                                    |          |
|------------------------------------|----------|
| Shopping Centres                   | millions |
| - Merry Hill (100%)                | £875.0   |
| - Sprucefield (100%)               | £75.0    |
| Development assets                 | £170.0   |
| Total assets                       | £1,120.0 |
| Bank borrowings and other          | £(816.5) |
| Westfield Group cash consideration | £303.5   |

The assets allocated to the Westfield Group are currently subject to the usual cross guarantees associated with Duelguide's borrowings which includes borrowings allocated to R&M. These encumbrances are expected to be removed on implementation of the aforementioned allocation and associated restructure. Pending this implementation the Westfield Group's interest in DGL has been accounted for under the equity method. The assets and liabilities underlying this equity investment are considered to be the specific Duelguide assets and liabilities that have been allocated directly to the Westfield Group.

**11.1d General Property Trust acquisition**

During the period the Westfield Group acquired a 6.53% interest in the General Property Trust for \$481.3 million.

**11.2 A description of each event since the end of the current period which has had a material effect and which is not already reported elsewhere in this Appendix or in attachments, with financial effect quantified (if possible).**

Since the end of the financial year the Westfield Group has:

- acquired a 100% interest in the Chicago Ridge shopping centre in Chicago Ridge, Illinois for US\$108.0 million;
- acquired an additional 25% interest in Valencia Town Center in Santa Clarita, California for a net purchase price of US\$69.2 million; and
- entered into agreements with General Property Trust (conditional on unitholders of General Property Trust approving the internalisation of management) for the acquisition of a 50% interest in Penrith Plaza in Sydney's west, a 50% interest in Woden Plaza, Canberra and a 25% interest in Sunshine Plaza, Queensland for a total of \$842.4 million.

## WESTFIELD GROUP

### BASIS OF FINANCIAL REPORT PREPARATION (continued)

for the shortened financial year ended 31 December 2004

#### 11.3 Franking credits available and prospects for paying fully or partly franked dividends for at least the next year.

The dividend component of the distribution for August 2005 and February 2006 is expected to be fully franked. The Trust's distribution component of the distribution for August 2005 and February 2006 is expected to continue to have a tax advantaged component.

#### 11.4a Impacts of adopting International Financial Reporting Standards ("IFRS")

The Australian Accounting Standards Board ("AASB") has issued Australian equivalents to those IFRS that will be applicable for reporting periods commencing from 1 January 2005.

The key differences between Australian Generally Accepted Accounting Principles ("AGAAP") and IFRS identified by management to date as potentially having significant effect on the financial position and financial performance of the Group are summarised below. The summary should not be taken as an exhaustive list of all the differences between AGAAP and IFRS.

The key differences between AGAAP and IFRS identified by management to date reflects the current interpretation of Australian equivalents to IFRS that were issued in July 2004 and that will be applicable from 1 January 2005.

Upon adoption of IFRS, the Westfield Group will be required to restate comparatives to reflect the new IFRS accounting policies. This will require initial adjustments to be made retrospectively to retained earnings at 1 July 2004.

Regulatory bodies that promulgate AGAAP and IFRS have significant ongoing projects that could affect the differences between AGAAP and IFRS described below. The Westfield Group's financial statements in the future could be materially impacted by these changes.

##### *Changes expected to apply from 1 July 2004*

##### *(i) Investment Property Revaluation*

Under AGAAP, changes in the fair value of the Westfield Group's shopping centres are reflected through the asset revaluation reserve. Decreases are also reflected through the asset revaluation reserve to the extent they reduce previously recognised increments and otherwise are charged to the operating result in the Statement of Financial Performance.

Under IFRS, changes in the fair value of the Westfield Group's shopping centres are reflected through the operating result in the Statement of Financial Performance.

##### *(ii) Foreign Currency Translation*

Under AGAAP, where operations classified as self-sustaining have a functional currency that differs from the Australian parent, the Statement of Financial Position of the foreign operations must be translated to Australian dollars at year end rates and the Statement of Financial Performance at average rate with translation movements being recognised in the foreign currency translation reserve. Further, AGAAP requires the financial statements of Australian entities to be presented in Australian dollars.

Under IFRS, the assets, liabilities and operations of an entity are required to be measured using the functional currency of that entity. The functional currency can be Australian dollars or another currency. Further, under IFRS, an entity may present its financial statements in a currency other than its functional currency. Translation adjustments arising from the re-measurement of an entity's financial statements from functional to presentation currency are recorded in the foreign currency translation reserve.

##### *(iii) Taxation*

The tax charge in the Statement of Financial Performance under AGAAP is based on taxable profit for the period. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are not assessable or deductible. Under AGAAP, depreciation allowances for tax purposes and revaluation of investment properties do not have an impact on tax expense in the Statement of Financial Performance. A liability is only recognised once there is an intention to sell the investment property and the sale would give rise to a tax obligation. The tax effect of other items of income or expense that are recognised in the Statement of Financial Performance but are taxable or deductible in other years are included in income tax expense and are reflected as deferred tax assets and liabilities in the Statement of Financial Position. The Westfield Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted at the Statement of Financial Position date.

The introduction of IFRS will require a change to the deferred tax or balance sheet liability method of accounting for taxation. Deferred tax is the tax expected to be payable or recoverable, by the entity, on differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. A deferred tax liability is recognised for depreciation allowances for tax purposes and revaluations of investment properties in WAT. No provision is required for investment properties in WT as WT is essentially a flow through entity for tax purposes.

**WESTFIELD GROUP**  
**BASIS OF FINANCIAL REPORT PREPARATION (continued)**  
for the shortened financial year ended 31 December 2004

**11.4a Impacts of adopting International Financial Reporting Standards (IFRS) (continued)**

*(iii) Taxation (continued)*

On implementation of IFRS, an opening adjustment to shareholders equity will be required, which will reduce net assets with annual deferred tax charges through the Statement of Financial Performance thereafter to reflect the increase/decrease in the difference between tax values and fair values of the investment properties held by WAT. The Westfield Group's liability for deferred tax is calculated using tax rates that are expected to apply when the liability is settled or the asset realised.

*(iv) Employee Share and Option Ownership Schemes*

Under AGAAP, no remuneration expense is recognised in the Statement of Financial Performance in respect of employee options issued.

Under IFRS, an entity is required to determine the fair value of options issued to employees as remuneration. The fair value of the options are measured at the grant date and will be recognised as an expense through the Statement of Financial Performance over the period from the grant date to the vesting date.

*(v) Leasehold Properties*

Under AGAAP, ground rent obligations for leasehold land which meets the definition of an operating lease have not been recorded as an asset or liability in a Statement of Financial Position.

Under IFRS, it is expected that ground rent obligations for leasehold land that meets the definition of an investment property will be required to be treated as finance leases. This would result in an increase in investment properties and liabilities by an amount equal to the present value of the minimum future lease payments.

*Changes expected to apply from 1 January 2005*

*(i) Foreign Currency Derivatives*

Under AGAAP, gains and losses on foreign currency derivatives are deferred and recorded with the underlying transactions being hedged:

- (i) for hedges of foreign revenues, gains and losses are reflected in the Statement of Financial Performance as the underlying revenues are recognised; and
- (ii) for hedges of net investments in foreign operations, gains and losses are reflected in the foreign currency translation reserve.

Under IFRS, hedge accounting cannot be applied to derivatives entered into to hedge the foreign exchange exposure relating to revenues denominated in a foreign operations functional currency. Accordingly, such derivatives are measured at fair value and gains and losses are reflected in the Statement of Financial Performance as they arise. The foreign exchange exposure on net investments in foreign operations can be hedged under IFRS provided that certain strict tests are met relating to hedge designation, documentation and effectiveness. If these tests are satisfied then the hedging derivative is measured at fair value and gains and losses reflected in the foreign currency translation reserve. However, to the extent that the hedge does not satisfy the above tests then a corresponding portion of the gain or loss is reflected in the Statement of Financial Performance immediately.

*(ii) Interest Rate Derivatives*

Under AGAAP, derivatives that are used to hedge exposure to fluctuations in floating interest rates are not measured at fair value. Instead payments and receipts on swaps are recognised in the Statement of Financial Performance as they arise and premiums paid on options are amortised over the period of the hedge.

Under IFRS, derivatives taken out to reduce exposures to fluctuations in floating interest rates may be accounted for as cash flow hedges provided that the hedge designation, documentation and effectiveness tests can be met. If these tests are satisfied then the hedging derivative is measured at fair value and gains or losses are reflected directly in equity until the hedged transaction occurs, when they are released to the Statement of Financial Performance. For fully effective hedges, this results in a profit and loss outcome similar to AGAAP. However, to the extent that the hedges do not satisfy the above tests then a corresponding portion of the gain or loss is reflected in the operating result in the Statement of Financial Performance immediately.

*(iii) Trust Units*

Under AGAAP, units in fixed life property trusts are considered to be contributed equity of the unit trust. Under IFRS, the interpretation of AASB 132 Financial Instruments: Presentation and Disclosure in respect of the classification of units on issue for fixed life property trusts between liabilities and equity is currently under debate by the accounting profession. It is possible that fixed life property trusts will be required to classify units on issue as a financial liability rather than equity under AGAAP. This would result in the distributions to unitholders being classified as interest expense rather than as distribution to equity holders.

It should be noted that the possible classification of trust units as a liability would not alter the underlying economic interest of the unitholders in the net assets and net profits attributable to unit holders of the stapled entity.

It is expected that other less significant adjustments may also be identified.

**11.4c Management of the transition to IFRS**

The Group has commenced transitioning its accounting policies and financial reporting from current Australian Standards to the Australian Equivalent of IFRS by allocating internal resources and engaging expert consultants to conduct impact assessments to isolate key areas of the Group that will be impacted by the transition to IFRS. As the Group has changed the financial year end to 31 December, and as a result of ASIC relief determining that the shortened financial year begins on 1 July 2004, priority has been given to considering the preparation of an opening balance sheet in accordance with IFRS. This opening balance sheet will form the basis of accounting for IFRS in the future, and is required when the Group prepares its first fully compliant financial report for the year ended 31 December 2005.

**WESTFIELD ANNOUNCES ACQUISITION OF GPT SHOPPING CENTRES**

The Westfield Group (ASX: WDC) has entered into conditional agreements with General Property Trust (ASX: GPT) for the acquisition of interests in three of GPT's Australian shopping centres.

These agreements have been concluded in connection with the internalisation proposal announced today by GPT. Completion of the transaction is conditional on approval by GPT unitholders of the internalisation proposal at a meeting currently scheduled for May 2005.

"On completion, this transaction will provide the Westfield Group with additional high-quality shopping centres, with good growth prospects," said the Westfield Group's managing director Steven Lowy.

"As a unitholder in GPT, the Westfield Group supports the proposal to internalise the Trust and enter into the joint venture with Babcock & Brown. Our current intention is to vote in favour of the proposal which will be put to GPT unitholders."

The GPT transaction involves the acquisition of:

- A 50% interest in Penrith Plaza, in Sydney's west, for \$425.4 million (after acquisition costs). This includes payment for development costs in connection with the centre's current expansion;
- A 50% interest in Woden Plaza, Canberra, for \$262.0 million (after acquisition costs); and,
- A 25% interest in Sunshine Plaza, Maroochydore, Queensland, for \$155.0 million (after acquisition costs). The acquisition of this interest is subject to pre-emptive rights in favour of Australia Prime Property Fund, the current joint owner of this property;

giving a total acquisition cost of \$842.4 million.

Penrith Plaza and Woden Plaza are quality major regional centre assets in established metropolitan markets in Sydney and Canberra. Sunshine Plaza is a quality major regional shopping centre on the rapidly growing Sunshine Coast, north of Brisbane (*see attachment for background on properties*).

Following settlement, Westfield will manage the Penrith Plaza and Woden Plaza properties.

The transactions will be funded from existing bank facilities. Westfield anticipates the transaction will be accretive in the current financial year.

**GPT PROPOSES TO INTERNALISE MANAGEMENT AND CREATE A  
\$1 BILLION JOINT VENTURE WITH BABCOCK & BROWN**

---

The Independent Directors<sup>1</sup> of GPT today announced a proposal to internalise its management and form a \$1 billion Joint Venture with Babcock & Brown ("Joint Venture"). The Joint Venture will pursue investment and property development opportunities and establish a listed and unlisted funds management business.

The proposal has the unanimous support of GPT's Independent Directors, subject to an independent expert confirming that the transaction is in the best interests of GPT unitholders, and no superior proposal emerging.

The Chairman of the Independent Directors, Peter Joseph, said, the proposal offered GPT unitholders the opportunity to create an independent GPT with improved diversification and significant earnings growth.

"The proposal to restructure GPT will bring together GPT's high quality investment portfolio with Babcock & Brown's proven deal sourcing and structuring skills to create higher returns for investors," Mr Joseph said.

"We believe this proposal will provide what our investors have been asking for – independence, with internalised management able to pursue higher growth and better returns, coupled with the Joint Venture with Babcock & Brown which will provide an immediate positive impact. The package, we believe, speaks for itself and we are enthusiastic in our support," he said.

The Independent Directors continue to recommend against acceptance of the Stockland takeover offer.

We have discussed this proposal with Lend Lease who owns the responsible entity which manages the Trust. Lend Lease respects GPT's decision to put an internalisation proposal to unitholders. Lend Lease has advised us that it remains committed to maintaining a strong relationship between the two organisations in the future and both parties have every intention of maintaining a co-operative and productive working relationship.

## **KEY BENEFITS OF THE PROPOSAL**

Key benefits of the proposal include:

- ☐ **Creates an independently managed group** – delivers an independent GPT, eliminates management fees and aligns the interests of investors and management.
- ☐ **Builds a platform for growth** – a stapled vehicle having a growth platform in its own right combined with an initial \$1 billion strategic Joint Venture with Babcock & Brown. The Joint Venture combines GPT's asset management skills with Babcock & Brown's sourcing and

<sup>1</sup> The GPT Independent Directors comprise Peter Joseph (Chairman), Ken Moss and Malcolm Latham

structuring expertise and provides a platform for development of a funds management business.

- **Significant distribution uplift** – GPT's estimated CY2006 distribution will increase by 16.5% should the proposal be implemented.
- **Significant increase in ongoing distribution growth** – 6.6% DPS growth in CY2006 versus 2H2005 annualised.
- **Maintains moderate gearing of 31.3% (December 2004 proforma adjusted) within GPT's target range of 30-40%** – investment in the Joint Venture is backed by stable, income producing property and predominantly funded by GPT's proposed sell-down of interests in three retail assets to Westfield (in the case of Sunshine Plaza, subject to pre-emptive rights).
- **A Control Premium is preserved** – for the potential benefit of GPT investors.

## THE PROPOSAL

The key elements of the proposal are described below:

### □ **Internalisation**

The internalisation of GPT will create an independent, internally managed property group combining GPT's premium quality investment portfolio with the flexibility to pursue higher earnings growth activities such as an unlisted funds management business and investments with GPT's Joint Venture partner Babcock & Brown.

The proposed internalisation is expected to deliver annualised cost savings of approximately \$20 million.

The GPT Independent Directors and key members of GPT's executive team have confirmed they will accept employment with the new responsible entity and GPT plans to discuss transitional arrangements with Lend Lease.

### □ **Joint Venture**

The 50:50 Joint Venture will initially be capitalised at \$1 billion, growing to \$1.4 billion within 18 months.

GPT will initially contribute \$900 million comprised of \$700 million of 9% cumulative preferred capital and \$200 million of ordinary equity. Babcock & Brown will contribute \$100 million of ordinary equity.

Key activities of the Joint Venture will include:

- investment in offshore property initially focussed on Europe
- selective investment, active management, development and recycling of capital
- external funds management – both listed and wholesale.

The Joint Venture will have exclusive first rights to Babcock & Brown's global real estate pipeline where funded by non-Babcock & Brown Australian capital and property and funds management activities of Babcock & Brown and GPT in Australia<sup>2</sup>.

Assets comprising European retail, residential and commercial to the value of approximately \$1.1 billion will seed the Joint Venture. A diverse range of follow-on investments and developments in Europe and Australia to the value of approximately \$1.3 billion have also been identified. Further investments are expected to be contributed to the Joint Venture within 18 months. Babcock & Brown has underwritten the delivery of investment opportunities to the Joint Venture that will increase GPT's DPS by 1 cent (2H2005) and 2.75 cents CY2006.

<sup>2</sup> Excluding Japan

Each party has a right of veto over proposed investments.

The Joint Venture's Board and Investment Committee will have equal representation from both GPT and Babcock & Brown.

The Joint Venture will initially have consolidated third party non-recourse gearing of 65% with an agreed maximum of 75% and will have dedicated staff and systems and appropriate governance arrangements put in place.

**□ Funds Management Business**

The Joint Venture intends to establish a funds management business with both listed and unlisted products.

The combination of GPT's Australian asset and fund management expertise with Babcock & Brown's deal sourcing ability and global platform as well as both parties' potential to provide seed assets means the Joint Venture will be well positioned to aggressively pursue such opportunities.

**□ Sale of Assets to Westfield**

Subject to unitholder approval of the internalisation proposal and pre-emptive rights on Sunshine Plaza, Westfield has agreed to acquire 50% interests in Penrith Plaza and Woden Plaza and a 25% interest in Sunshine Plaza. Following settlement, Westfield will manage the Penrith and Woden properties. Westfield has agreed to pay \$744 million which represents a weighted average sale yield below 6.0% on passing income and a premium to the independent valuations commissioned in December 2004.

GPT will use the proceeds from the sales to invest in the Joint Venture with Babcock & Brown which will provide higher yielding investments thereby increasing forecast distributions per GPT security.

## **FINANCIAL IMPACT**

The proposal provides an immediate and significant increase in distributions as well as an increase in distribution growth. The table below summarises the estimated impact of the transaction on GPT's distributions:

|                                     | <b>CY04</b> | <b>CY05 Actual</b> | <b>CY06</b> |
|-------------------------------------|-------------|--------------------|-------------|

| DPS post internalisation / JV (cps) | n/a         | 24.4               | 27.5        |

- DPS growth CY2006 vs 2H2005 annualised = 6.6%
- No material change in NTA - \$3.00 vs \$3.02
- Pro-forma December 2004 gearing post transaction = 31.3%

## **MANAGEMENT**

GPT's senior executives will continue to manage GPT's portfolio as well as assist in the funds management operations of the Joint Venture. The Joint Venture will be managed by staff from GPT, Babcock & Brown and new employees.

## **CONDITIONS TO IMPLEMENTATION**

**□ Independent Expert**

An Independent Expert will be appointed to report on whether the proposal is in the best interests of GPT unitholders. An Explanatory Memorandum and Independent Expert's Report will be sent to investors by late April 2005, with a unitholder meeting to approve the necessary resolutions expected to take place in May 2005.

□ **Formal Documentation**

GPT and Babcock & Brown will now move to develop and finalise all the formal agreements necessary to implement the proposal, including the information to be sent to unitholders to approve the proposal.

**GPT's Independent Directors unanimously support the proposal set out in this announcement subject to the Independent Expert confirming it is in the best interests of unitholders and subject to no superior proposal emerging. GPT's Independent Directors recommend unitholders take no action until they receive a copy of the Explanatory Memorandum. If unitholders wish to act, GPT's Independent Directors recommend you consult an investment advisor.**

**BREAK FEE**

GPT has agreed to pay to Babcock & Brown a break fee of up to \$15 million in the circumstances detailed in Appendix A, in compensation to Babcock & Brown for keeping available through to the proposed effective date the seed and other identified assets and in compensation for advisory costs, costs of management time, out-of-pocket expenses, including air fares and hotel accommodation, its holding costs in relation to the seed assets for the Joint Venture and reasonable opportunity costs incurred by Babcock & Brown in pursuing the proposal including delaying commitment of finance and taking interest rate risk and, conversely, in not pursuing other alternative acquisitions or strategic initiatives.

**OTHER**

The GPT Board is comprised of the Independent Directors, Peter Joseph (Chairman), Malcolm Latham, and Ken Moss for the purpose of considering the proposed internalisation and Joint Venture. GPT Director Elizabeth Nosworthy is also a director of Babcock & Brown and stood aside from the GPT Board for the consideration of the proposal.

The GPT Board and management continue to retain independent advisers: Macquarie Bank, as financial adviser; Allens Arthur Robinson as legal adviser and Blake Dawson Waldron as adviser on governance processes for purposes of evaluating the proposals.

## Appendix A – Break Fee

### 1. Triggers of break fee of \$7.5 million or \$15 million

---

- 1.1 Subject always to clause 3, GPT will pay either one of the following amounts to Babcock & Brown:
- (a) the amount of \$7.5 million (exclusive of GST), if any of the triggers detailed in clause 1.2 occurs before 16 March 2005; or
  - (b) the amount of \$15 million (exclusive of GST), if any of the triggers detailed in clause 1.2 occurs on or after 16 March 2005,
- in each case less any payment made under clause 2.
- 1.2 The following are the triggers for the payment of an amount under clause 1.1.
- (a) If:
    - (i) the Babcock & Brown proposal does not receive the necessary approvals of the GPT unitholders at the meeting convened to consider the Babcock & Brown proposal or that meeting is not convened before 30 June 2005 (or is otherwise abandoned or adjourned to a date after 30 June 2005); and
    - (ii) before that GPT unitholder meeting or 30 June 2005 (whichever is earlier), either a new competing proposal or a variation to an existing competing proposal is made or announced, and within 6 months of that announcement the competing proposal is or becomes either unconditional or is implemented.
  - (b) If:
    - (i) subject to paragraph (ii), the GPT Independent Directors fail to unanimously recommend, or withdraw their unanimous recommendation of, the Babcock & Brown proposal, or make a public statement that they no longer support that proposal;
    - (ii) the break fee shall not be payable in accordance with paragraph (i) if the Independent Expert appointed to consider the Babcock & Brown proposal gives an opinion that it is not in the best interests of GPT and its unitholders, unless that opinion is based on the announcement or making of a competing proposal or the variation of an existing competing proposal.
  - (c) If the GPT Independent Directors publicly recommend that a competing proposal (including a varied existing competing proposal) is in the interests of GPT and its unitholders.

### 2. Triggers of cost recoupment of \$2.5 million

---

Subject always to clause 3 and to there having been no payment of an amount pursuant to clause 1.1, GPT must pay to Babcock & Brown the amount of \$2.5 million (exclusive of GST) as a contribution towards the costs it has incurred in pursuing and promoting the Babcock & Brown proposal if any of the following occurs:

- 2.1 The Independent Expert appointed to consider the Babcock & Brown proposal gives an opinion that the Babcock & Brown proposal is not in the best interests of GPT and its unitholders (other than because that opinion is based on the announcement or making of a competing proposal or the variation of an existing competing proposal) and the GPT Independent Directors fail to unanimously recommend, or withdraw their unanimous recommendation of, the Babcock & Brown proposal or make a public statement that they no longer support the Babcock & Brown proposal.
- 2.2 The Babcock & Brown proposal does not receive the necessary approvals of GPT unitholders at the meeting convened to consider the Babcock & Brown proposal or that

meeting is not convened before 30 June 2005 (or is otherwise abandoned or adjourned to a date after 30 June 2005).

- 2.3 Babcock & Brown validly terminates the proposal.
- 2.4 GPT terminates the proposal for a reason other than as described in clause 3.1, below.
- 2.5 GPT is prevented under clause 3 from making a payment of a break fee under clause 1.1.

### **3. Prohibitions on payment**

---

- 3.1 No amount shall be payable under clauses 1 or 2 if GPT terminates the proposal because:
  - (a) the unitholder documents or formal agreement evidencing the Babcock & Brown proposal are unable to be settled before 30 April 2005; or
  - (b) before the unitholder documents or formal agreement evidencing the Babcock & Brown proposal are settled, GPT determines that an irresolvable material issue has arisen in respect of one of the assets intended to be acquired by the Joint Venture, after the procedures for resolving these matters have been exhausted provided that no trigger event under clause 1.2 has then arisen.
- 3.2 No amount will be payable under clause 1 (and any payment made must be refunded) to the extent that a court, arbitral tribunal or the Takeovers Panel determines that the agreement by GPT to make such payment, or the making of any such payment, to Babcock & Brown:
  - (a) constituted, or constitutes, or would constitute, a breach of the fiduciary or statutory duties of the GPT board of directors to GPT; or
  - (b) constituted, or constitutes, or would constitute, unacceptable circumstances within the meaning of the Corporations Act; or
  - (c) was, or is, or would be, unlawful for any other reason.

☒ Exceptional circumstances (please state the reason here)

The ultimate holding company of the Westfield Group, Westfield Holdings Limited, changed its financial year end from 30 June to 31 December, commencing with a shortened financial year ended 31 December 2004. Consequently, pursuant to Section 323D of the Corporations Act, the respective boards of the controlled entities of Westfield Holdings Limited have each similarly resolved to change the year end of these entities from 30 June to 31 December, commencing with the shortened year ended 31 December 2004.

As the previous review date for the companies/schemes set out in Section 2 was 31 October each year, for administrative purposes, given the change in financial year-end by six months, a new review date of 30 April, being six months after the current review date is requested.

**ASX announcement for immediate release**

**SPC Ardmona shareholders support CCA Acquisition Proposal**

SPC Ardmona Ltd (SPC Ardmona) advises that earlier today its shareholders overwhelmingly voted to support the proposed acquisition of SPC Ardmona by Coca-Cola Amatil Ltd (CCA and CCA Acquisition Proposal).

Two approvals by SPC Ardmona shareholders were required for the CCA Acquisition Proposal - one relating to the scheme of arrangement between SPC Ardmona and its shareholders and one relating to a special resolution to repeal a provision in SPC Ardmona's constitution giving directors the power to enforce a 20% shareholding restriction in SPC Ardmona's constitution.

At the shareholder meeting to consider the scheme of arrangement, shareholders voted 94% in favour by number of shares held, exceeding the 75% approval threshold, and 93% in favour by number of shareholders voting, exceeding the 50% in number approval threshold.

At the subsequent shareholder meeting to consider the constitutional amendment resolution, shareholders voted 94% in favour by number of shares held, exceeding the 75% approval threshold.

Accordingly, all requisite shareholder approvals for the CCA Acquisition Proposal have been received. Statistics in respect of proxy votes cast on each resolution accompany this announcement.

In addition, SPC Ardmona's Chairman, Mr David Meiklejohn, confirmed that regulatory approvals of the proposed scheme of arrangement had been received from the Australian Securities and Investments Commission and the Australian Stock Exchange subject to the results of today's meeting. He further confirmed that CCA had received advice from the Australian Competition and Consumer Commission and the Foreign Investment Review Board that there were no objections to the proposed transaction.

"We are very pleased with the strong support received today from our shareholders for the Coca-Cola Amatil proposal in what marks an important step in the ongoing development of the SPC Ardmona business", Mr Meiklejohn said.

The last remaining approval is that of the Supreme Court of Victoria and a Court hearing is scheduled for Friday, 11 February 2005 in that regard.

25 January 2005

Dear Member,

I am pleased to advise the Westfield Group board has approved the introduction of the Westfield Group Distribution Reinvestment Plan (DRP). The DRP will cover the Group's first distribution, payable for the six months ended 31 December 2004. That distribution is due to be paid to members on 28 February 2005.

The key features of the Westfield Group DRP are:

- No brokerage is applicable;
- Participation is optional and may be varied from time to time;
- If you participate in the DRP, reinvestment of distributions is automatic until you terminate your participation.

Please note the Westfield Group board may decide how much of the Group's distribution will be reinvested under the DRP. Any decision the board makes will be announced to the market. In order to be fair to all participants in the DRP, acceptances more than the maximum amount will be scaled back on a pro-rata basis. Any part of the distribution not satisfied by the issue of stapled securities will be paid in cash.

A copy of the Westfield Group's DRP and an application form are enclosed.

For the distribution for the period to 31 December 2004, there will be no discount for the stapled securities issued.

If you wish to participate you will need to lodge a DRP application form with the Westfield Group Registry, Computershare Investor Services no later than 5.00 pm (Sydney time) on Monday, 14 February 2005. An envelope is enclosed for that purpose. Applications received after that date will not be eligible to participate in the DRP for the period ended 31 December 2004.

Thank you for your continuing support of the Westfield Group.

Yours sincerely

## Frequently asked **QUESTIONS**

IF YOU HAVE ANY QUESTIONS CONCERNING THE OPERATION OF THE PLAN, ITS IMPACT ON YOU OR YOUR DECISION WHETHER TO PARTICIPATE IN THE PLAN, PLEASE CONTACT YOUR INVESTMENT, FINANCIAL OR OTHER ADVISER

Set out below are summarised answers to certain frequently asked questions on the operation of the Plan. The full Rules of the Plan are set out on pages 6-12 of this booklet.

This document does not take into account your individual investment objectives, financial situation, taxation position or needs. If you have any questions concerning the operation of the Plan, its impact on you, or your decision whether to participate in the Plan, please contact your investment, financial or other adviser.

### 1 What is the Plan?

The Westfield Group Distribution Reinvestment Plan ("Plan") provides holders of Westfield Group Stapled Securities ("Stapled Securities") with an optional and convenient method of reinvesting all or part of their distributions into new Stapled Securities. If a holder of Stapled Securities ("Securityholder") chooses to participate in the Plan, distributions the Securityholder would otherwise receive are used to acquire new Stapled Securities.

The new Stapled Securities are issued to the Securityholder at the volume weighted average of all sale prices during the five consecutive business days up to but not including the business day before the payment date for the relevant distribution, appropriately adjusted to reflect differing initial distribution entitlements and less a discount (if any) of up to 10%.

The Plan will be administered for Westfield Holdings Limited by its directors, for Westfield Trust ("WFT") by Westfield Management Limited as responsible entity of WFT and for Westfield America Trust ("WFA") by Westfield America Management Limited as responsible entity of WFA ("Administrators").

### 2 Who may participate in the Plan?

All Securityholders whose registered address is in Australia or New Zealand are eligible to participate in the Plan. The laws of some countries, however, may prohibit participation by some overseas Securityholders. Accordingly, Securityholders who are not resident in Australia or New Zealand may not participate in the Plan unless the Administrators are satisfied that the issue of Stapled Securities to them under the Plan is lawful and practicable.

### 3 How do I join the Plan?

If you wish to participate in the Plan, complete the application form and return it to the Westfield Group Registry. You may join the Plan at any time, but if you wish to participate in the Plan for a particular distribution, your completed application form must be received by the Registry prior to the record date for that distribution. The record date is the date used to identify Securityholders entitled to participate in the distribution, and normally occurs in mid-February (for the distribution for the six months to 31 December) and mid-August (for the distribution for the six months to 30 June) as the case may be.

### 4 What levels of participation are available?

Participation in the Plan is optional. If you do nothing, you will continue to receive distributions in the usual manner. If, however, you wish to participate in the Plan, you may do

so at two levels (subject to any limitations discussed below):

- (a) **Participation in full**, under which all cash distributions on all Stapled Securities you hold now or may hold in the future under the same Holder name and account designation are automatically reinvested into new Stapled Securities under the Plan. Please note that a separate application form must be completed for each HIN or SRN.
- (b) **Participation in part**, under which cash distributions on the number of Stapled Securities you nominate will be automatically reinvested into new Stapled Securities under the Plan. Distribution payments will continue to be made in the usual manner for Stapled Securities you hold which you do not nominate for participation in the Plan. Please note that a separate application form must be completed for each HIN or SRN.

### 5 Is there any limit on my participation?

The Administrators may, in respect of a Distribution, limit the aggregate amount which may be reinvested under the Plan. In that case, if that amount is exceeded, the Administrators may scale back on a pro-rata basis each Participant's participation in the Plan in respect of that Distribution. Where scale back applies, any amount of a Participant's Distribution which is not reinvested will be paid to that Participant.

The Administrators will advise any such limit to the Australian Stock Exchange.

### 6 How can my participation be changed?

A Participant may vary their participation in the Plan by completing the relevant section of the Distribution Reinvestment Plan Form and returning it to the Westfield Group Registry. Copies of the Distribution Reinvestment Plan Forms are available on request from the Westfield Group Registry or can be downloaded at [www.westfield.com](http://www.westfield.com). A variation of your participation in the Plan will take effect for the next distribution after the Distribution Reinvestment Plan Form is received. Please note, however, that Distribution Reinvestment Plan Forms received after the record date for a particular distribution will not take effect until the following distribution.

### 7 How can my participation be withdrawn?

A Participant may cancel their participation in the Plan by completing the relevant section of the Distribution Reinvestment Plan Form and returning it to the Westfield Group Registry. (Note: For so long as a Securityholder is participating in the Plan, a Direct Credit Form will not override Plan instructions unless there is a note on the form requesting that the participation in the Plan be withdrawn).

### 8 Can I sell my participating Stapled Securities?

Stapled Securities participating in the Plan or Stapled Securities issued under the Plan may be sold at any time. Should a Participant sell any participating Stapled Securities before the record date for the relevant distribution they should inform their broker that the Stapled Securities are participating in the Plan. The Participant should also immediately complete the relevant section of the Distribution Reinvestment Plan Form and return it to the Westfield Group Registry.

## Frequently asked QUESTIONS

Note: Participating Stapled Securities sold after the record date for a relevant distribution will remain subject to the Plan for that distribution unless Plan participation is altered or cancelled by the Participant in writing to the Westfield Group Registry prior to the record date.

### 9 At what price are Stapled Securities issued?

Stapled Securities issued under the Plan will be issued at a price which is equal to the volume weighted average of all sale prices during the five consecutive business days up to but not including the business day before the payment date for the relevant distribution. If Stapled Securities to be issued rank for distributions differently to existing Stapled Securities, the issue price will be adjusted to reflect this difference. The price may then be further reduced by any discount determined by the Administrators and notified to Securityholders (which may be up to 10%).

### 10 How many Stapled Securities are issued?

Cash distributions net of tax withheld (if any) are used to purchase as many new Stapled Securities as possible at the issue price, subject to any scale back described above, rounded down to the nearest whole number. Any fractional rounding amounts will either be carried forward and held on behalf of Securityholders for future reinvestment in Stapled Securities under the Plan or paid to the Participant without interest.

### 11 What distributions are my new Stapled Securities entitled to?

Stapled Securities issued under the Plan will rank for distributions from the date determined by the Administrators. However, in the absence of a determination, Stapled Securities issued under the Plan will rank for distributions from the first day following the date on which they are issued.

If Stapled Securities issued under the Plan rank for distribution from the first day following the date on which they are issued and are issued at the end of February or August, those Stapled Securities will rank for distributions for the approximately four months remaining in the relevant Accrual Period. This means that those Stapled Securities would be entitled to approximately  $\frac{2}{3}$  of the next distribution.

In these circumstances, once Stapled Securities issued under the Plan become entitled to their first distribution, they will begin to rank equally for distributions with all other Stapled Securities.

### 12 What are the costs?

Securityholders participating in the Plan will pay no brokerage charges, commissions or other transaction costs in relation to the issue of Stapled Securities to them under the Plan. Stapled Securities will be issued at the issue price calculated on the basis outlined above.

## Frequently asked **QUESTIONS**

---

### 13 What statements will I receive?

Following the issue of Stapled Securities under the Plan, Securityholders who received Stapled Securities in that issue will receive a statement which gives details of the Participant's participation in the Plan.

### 14 Can I trade my new Stapled Securities?

Stapled Securities issued under the Plan will be listed on the Australian Stock Exchange and may generally be traded with your existing Stapled Securities under the ASX code: WDC. However, if Stapled Securities are issued with different distribution entitlements to existing Stapled Securities (shown on the Distribution Statement) they will be traded under a separate ASX code until they become entitled to their first distribution, at which time they will begin to rank equally for distributions with other Stapled Securities.

### 15 What is the tax position of Stapled Securities issued under the Plan?

Distributions used to purchase Stapled Securities under the Plan are taxed in the same manner as cash distributions paid to Securityholders. Participants in the Plan will receive details on the taxable components of distributions in the annual tax statement.

The amount of cash distributions applied to acquire new Securities under the Plan is net of any applicable Australian withholding taxes. Australian resident Securityholders are subject to withholding tax at 48.5% on the gross distribution from WFA and WFT and the unfranked amount of dividends from WHL where no Tax File Number, exemption or Australian Business Number has been recorded. Securityholders resident outside Australia, unless exempted under Australian taxation law, are subject to Australian withholding taxes on their distributions at varying rates depending on the components of the distributions. Your Plan statements will provide details of the amount of any withholding taxes.

**Please contact your taxation adviser if you have any questions concerning the taxation consequences of participating in the Plan.**

# **RULES** of the Westfield Group Distribution Reinvestment Plan

## **1 PARTICIPATION**

- 1.1 Participation is optional and not transferable.
- 1.2 Subject to these Rules and the rights, obligations and restrictions attaching to any Stapled Securities or classes of Stapled Securities, each Securityholder may apply for participation in this Plan.
- 1.3 All Securityholders whose registered address is in Australia or New Zealand are eligible to participate in the Plan. Securityholders whose registered address is outside Australia or New Zealand may not participate in the Plan unless the Administrators are satisfied that the issue of Stapled Securities to them under the Plan is lawful and practicable.
- 1.4 Every Securityholder who wishes to participate in the Plan must lodge an Application with the Security Registrar.
- 1.5 Each Application received by the Security Registrar will be effective in respect of the first Distribution payment after receipt of the Application, provided it is received on or before 5pm (Sydney time) on the record date for that Distribution.
- 1.6 An Application by joint holders of Stapled Securities must be signed by all joint holders.
- 1.7 An Application must be lodged for each Stapled Security holding account and each Stapled Security holding account of a Securityholder will be treated separately for all purposes under the Plan.

## **2 LEVEL OF PARTICIPATION**

- 2.1 A Securityholder must specify on the Application the extent to which the Securityholder wishes to participate in the Plan in respect of the nominated account. Subject to a minimum and/or maximum number of Stapled Securities determined by the Administrators from time to time and rule 3.6, participation in the Plan may be either:
  - (a) full participation for the whole of that Securityholder's holding from time to time however acquired (including Stapled Securities issued under the Plan); or
  - (b) limited participation for a nominated number of that Securityholder's Stapled Securities together with the Stapled Securities issued under the Plan. If at the record date for a Distribution the number of Stapled Securities held by the Participant is less than the nominated number, then the Plan will apply only to such lesser number for that Distribution.
- 2.2 An Application in respect of a Securityholder's holding which is duly signed, but which does not indicate the degree of participation selected, shall be deemed to be an Application for full participation.
- 2.3 The Westfield Group records of the level of a Securityholder's participation and the number of Stapled Securities subject to the Plan will be conclusive evidence of the matters so recorded.

# RULES of the Westfield Group Distribution Reinvestment Plan

## 3 OPERATION OF THE PLAN

3.1 Subject to the Constitutions, Distributions on Stapled Securities participating in the Plan will, upon payment, be applied by the Administrators to acquire additional Stapled Securities in the Westfield Group.

3.2 In respect of each Participant, the Administrators will establish and maintain a Plan account. At the time of each cash Distribution payment the Administrators will for that Participant:

- (a) determine the Distribution payable in respect of the Stapled Securities subject to the Plan and any withholding tax payable or other amount that may be withheld in respect of such Stapled Securities;
- (b) credit the net amount in 3.2(a) above to the Participant's Plan account; and
- (c) subject to the Constitutions and rule 3.6, acquire additional Stapled Securities in the name of the Participant and apply the amount in the Participant's Plan account towards and in satisfaction of the allotment or application price for those additional Stapled Securities.

3.3 Subject to rules 3.5, 3.6, 3.7 and 3.8 described below, the number of Stapled Securities issued to a Participant will be the whole number equal to, or where not a whole number, the nearest whole number below the number calculated by the formula:

Number of Stapled Securities

$$= \frac{D - T + R}{C}$$

D is the amount of the Distribution payable on the Participant's participating Stapled Securities as at the record date for that Distribution;

T is any withholding tax or other amounts to be withheld in relation to such Stapled Securities;

R is the residual positive balance carried forward in the Participant's Plan account; and

C is the issue price of Stapled Securities under the Plan.

3.4 The issue price of a Stapled Security issued under the Plan on a particular date ("**Issue Date**") is calculated as:

- (a) the volume weighted average of the sale price (if any) for fully participating Stapled Securities on the ASX during the five consecutive Business Days up to but not including the Business Day immediately preceding the Issue Date; or
- (b) if no sale was made in that five Business Day period, the average of the price offered by a willing purchaser for such Stapled Securities ("**bid price**") and the price offered by a willing vendor for such Stapled Securities ("**ask price**") as quoted on the ASX during that period; or
- (c) if either no bid or ask prices were quoted during that five Business Day period, the last sale price as quoted on the ASX prior to that five Business Day period, such price being:
- (d) first, if the Stapled Securities whose prices used under 3.2(a), (b) or (c) above have an entitlement to Distributions which is different to the Distributions to

## RULES of the Westfield Group Distribution Reinvestment Plan

which the new Stapled Securities will be entitled, adjusted by the Administrators by such an amount as they consider appropriate to reflect this difference;

- (e) secondly, subject to any relevant conditions of any ASIC relief applicable to the issue, reduced by such percentage (being zero or a percentage less than 10%) as the Administrators may notify to all Securityholders from time to time; and
- (f) thirdly, rounded to the nearest whole cent (0.5 of one cent, being rounded down).

For these purposes a fully participating Stapled Security is a fully paid Stapled Security which will participate fully for distributions for the Accrual Period in which the Issue Date occurs.

- 3.5 The issue price calculated in accordance with rule 3.4 will be broken into three components as follows:

- (a) the acquisition price of the Shares to be issued under the Plan will be determined by the directors of WHL as a component of the price of the Stapled Securities;
- (b) the acquisition price of the WFT Units to be issued under the Plan will be determined by the responsible entity of WFT; and
- (c) the acquisition price of the WFA Units to be issued under the Plan will be determined by the responsible entity of WFA.

- 3.6 Notwithstanding any other provision of this Plan, if the Aggregate Reinvestment Amount exceeds the Reinvestment Limit, then the Administrators may:

- (a) scale back the amount of the Distribution to be reinvested by each Participant on a pro-rata basis to the extent necessary to ensure that the Reinvestment Limit is not exceeded; and
- (b) pay to each Participant any portion of their Distribution which is not reinvested (without interest).

- 3.7 Notwithstanding any other provision of this Plan, no Shares, WFT Units or WFA Units may be issued under this Plan unless the number of Shares, WFT Units and WFA Units issued to a Participant is identical and each Share is stapled to a WFT Unit and a WFA Unit.

- 3.8 Dividends on Shares and distributions on WFT Units and WFA Units will be pooled for the purpose of calculating a Participant's entitlement to additional Stapled Securities under the Plan.

- 3.9 Subject to rule 3.6, in relation to each Distribution, the amount of a Participant's Distribution on participating Stapled Securities not reinvested in Stapled Securities (including amounts representing a fraction of a Stapled Security), subject to the proper withholding of any tax or other amounts, at the election of the Administrators, will either be:

- (a) recorded as a residual positive balance in the Plan account and will be carried forward to the next Distribution. No interest will accrue in respect of any residual positive balance; or
- (b) paid to the Participant without interest.

- (d) the total number of fully paid Stapled Securities held; and
- (e) the details of any scale back under rule 3.6.

## **6 VARIATION OR CANCELLATION OF PARTICIPATION**

- 6.1 A Participant may, by lodging a Distribution Reinvestment Plan Form with the Security Registrar, increase or decrease the number of Stapled Securities participating, or cancel participation, in the Plan. A Distribution Reinvestment Plan Form must be lodged for each holding account. To be effective for a forthcoming Distribution, the Distribution Reinvestment Plan Form must be received by the Security Registrar on or before the record date for that Distribution.

- 6.3 When a Participant disposes of part of a holding of Stapled Securities, and does not notify the Security Registrar otherwise, the Stapled Securities disposed of will, to the extent possible, be taken to be:
- (a) First, Stapled Securities which are not participating in the Plan; and
  - (b) second, Stapled Securities participating in the Plan.
- 6.4 When a Securityholder has terminated or is deemed to have terminated participation in the Plan any residual cash balance will be paid (in the same manner as if the payment were a Distribution) by cheque at the time the next Distribution is paid.

### **7 ADMINISTRATION, MODIFICATION AND CANCELLATION OF THE PLAN**

- 7.1 This Plan will be administered by the Administrators who shall have the power:
- (a) to determine appropriate procedures for administration of the Plan consistent with the provisions of these Rules and the Constitutions;

- 7.2 Notwithstanding any other provision of this Plan, this Plan must be administered in accordance with the Listing Rules of the ASX and in relation to each of WHL, WFT and WFA in accordance with their respective Constitutions.
- 7.3 The Plan may be suspended or terminated by the Administrators at any time, and the Administrators may decide for which, if any, Distributions the Plan is available.
- 7.4 The non-receipt of any notice under the Plan by the holder of any Stapled Securities or the accidental omission to give notice of modification or termination of the Plan shall not invalidate such modifications or termination.
- 7.5 The Administrators reserve the discretion to waive strict compliance with any provisions of these Rules.

Dear Mr Watts

**Westfield Group – Application for extension of time to report to members**

I refer to your application for relief dated 10 December 2004 ("Application") to enable the Westfield Trust ("WFT") and Westfield America Trust ("WFA") to report to Westfield Group stapled securityholders within four months after the end of WFA's and WFA's financial year, instead of within three months as required by subsection 315(3) of the Corporations Act 2001 ("Act").

ASIC understands that WFT, WFA and Westfield Holdings Limited ("WHL") will each lodge their annual reports with ASIC on or before 31 March 2005, in compliance with section 319 of the Act.

However, you have submitted that it is "not possible for the WHL, WFT and WFA annual reports to be mailed together to stapled securityholders (as is the practice for most stapled groups) before 31 March 2005. This is because the WHL financial statements, which consolidate the results of WFT and WFA, can only be prepared following completion of the WFT and WFA financial statements and ... printing, mail housing and despatch logistics would prevent the WHL financial report from being prepared for despatch by 31 March..."

ASIC notes that you have submitted that if relief is granted, all three Westfield entities will mail their annual reports to stapled securityholders by 13 April 2005.

ASIC accepts that in relation to the 2004 financial year, it would be inappropriate for the WFT and WFA to comply with subsection 315(3) of the Act. In this regard, we

note your submissions that it is not possible for the timetable for the finalisation, printing and despatch of WHL's annual report to be done at an earlier time to enable all of the annual reports of WHL, WFT and WFA to be despatched to securityholders by 31 March 2005. We understand that this is in part due to difficulties involved with having WHL's annual report signed off by the Westfield board of directors and Audit & Compliance Committee at an earlier time.

Accordingly, and in light of the significant stapling transactions that occurred during the 2004 financial year, ASIC has made an order relieving WFA and WFT from compliance with subsection 315(3) of the Act. The relief is subject to a number of conditions, including that WFT and WFA must report to its members before 15 April 2005. Please find the order enclosed.

ASIC notes that it may not be inclined to grant relief if WFT and WFA were to make a similar application for relief in the future based on the facts and reasons set out in the Application. This is because WHL would have had the benefit of a full year to organise its affairs to ensure that it can prepare and despatch its annual report to stapled securityholders at the same time as the annual reports for WFT and WFA.

Yours faithfully

Dear Sir/Madam

**RE: WESTFIELD GROUP (ASX:WDC)  
APPROVAL BY ASX OF WAIVER FROM LISTING RULE 6.23.4**

The ASX has granted Westfield Group (the "Group") a waiver from Listing Rule 6.23.4 to the extent necessary to permit Westfield Management Limited, as responsible entity of Westfield Trust, to amend without securityholder approval the terms of 850,000 options over stapled securities of the Group, issued to Deutsche Bank AG ("WDC Options") to permit Westfield Management Limited to have the discretion to elect to satisfy the exercise of the WDC Options by making payment to the holder of the WDC Options of an amount of cash in Australian dollars as opposed to delivering stapled securities. The cash amount is calculated by reference to the volume weighted average sale price per stapled security (adjusted for distributions) to which the relevant option holder would have been entitled over a 10 day period.

A condition of the waiver granted by the ASX is that the waiver be disclosed to the market.

Yours faithfully

## **WESTFIELD GROUP EXPANDS PORTFOLIO IN CHICAGO, ILLINOIS**

Westfield today announced that it has acquired a 100% interest in the Chicago Ridge shopping centre in Chicago Ridge, Illinois, a suburb of Chicago, for US\$108 million at a yield of 8.0%.

The mall is a 833,449 square foot regional shopping centre anchored by Carson Pirie Scott, Sears and Kohls, with Bed, Bath & Beyond, Steve & Barry's, Michael's, a Lowes Theater and approximately 140 specialty shops.

The single-level centre originally opened in 1981, was expanded in 1984 and 1988, and renovated in 1993 and 2004. Total sales for 2003 were approximately US\$186 million with specialty store sales productivity at approximately US\$379 per square foot.

Chicago Ridge serves a primary trade area of over 339,600 people with average household incomes of more than US\$61,000.

"Chicago Ridge provides an excellent geographic fit with our Chicago cluster and offers both short and long-term redevelopment opportunities," said Managing Director Peter Lowy.

The centre will be branded Westfield Shoppingtown Chicago Ridge, and increases Westfield's market presence to seven regional centres in the greater Chicago cluster and 67 in the U.S. Westfield's other portfolio holdings in the Chicago market cluster include Westfield North Bridge in Chicago, Fox Valley in Aurora, Hawthorn in Vernon Hills, Louis Joliet in Joliet, Old Orchard in Skokie and Southlake in Hobart, Indiana.
